PRESIDENT NIGEL UNO

My fellow American and citizens of this great country. Today is a really wonderful day in our country. And I am proud of to be the leader of this country and be the leader of the free world. For me I love the United States of America. And I am very simple man. And I'm a very simple person. Even though I am not from this country and I'm from Australia. I remember my mom and dad moving to Michigan and father working a warehouse worker at a ford plant and mom worked at an ice cream and a rainbow monkey factory in the place where president Gerald Ford was born in. And even though we were not rich and didn't have the same thing as people, I believe the principals of this country that you are free to do what every you want in this country, And with me as a former leader of the codname Kids Next Door and before forming that agency in before my senior year in high school, I became an American citizen and during the 2010's I knew my country was in trouble and was going to be taken over by evil people that hated our country and be evil groups of people that believe in the devil and believe in socialism and communism and labels on people. And for me we must hold the ideals of loving everyone and uniting people no matter what background they are from. But also at the same time, always protecting our country, our friends, our families, and always believing in the ideals of why the United States of America is a special place and always believe in what people like George Washington, Thomas Jefferson, Ben Franklin, And John Adams.

(MORE)

## PRESIDENT NIGEL UNO (CONT'D)

And also the love and Unity of presidents like Abraham Lincoln and TR and presidents like Eisenhower and JFK and to people like president Bush and President Trump that made our country a special place. As our president, I make sure this country has the most freedom and more adventure the most fun and the most technology and the most businesses and most of all, the most love for one another. And we must believe in the ideals of why America is a great republic and we have done so much for world and to give people freedom and fun and love and pursue your dreams and goals and to start families and protect our families, children, and our grand-parents. And as the former leader of the codename kids next door, I have seen the evils of Socialism and Communism and the globalists and the all the moments created by the democrats and as your president will never...And I mean....Never go back to being a country where it's own citizens don't know their history and don't know who the famous figures and most of all citizens where young people hate and despise our country because of things we did in the past. And I understand, our country has made mistakes, but with American principals and principals of freedom and capitalism and the free market and limited and small goverment and love for freedom, I want us to the best country we can be and for me to the best country we can do. And with the help of the American people and with the help of Jesus and god. I really hope we can get there. Thank you, god bless all of you, and most of all...god bless the United States of America!!!!!!...

Everyone starts going crazy and people are clapping like crazy and people are chanting "USA, USA, USA, USA, USA!!!!!"

And some of the old Cartoon Network Characters are in the crowd and some of the former kids next door members.

FADE TO:

EXT. CRYSTAL COVE HIGH SCHOOL - MORNING

Buses are dropping off kids. And Parents are dropping off kids.

One car that looks kind of older, drops off a girl with red hair.

CATHERINE MCCOY

Oh wow first day of school for my little girl.

JOSEPHINE "JOSIE" MCCOY

Mom, I'm not a little girl anymore. I'm 16 years old.

CATHERINE MCCOY

Oh but you will always be my little girl to me. Do you have everything ready for school?

JOSEPHINE "JOSIE" MCCOY

I think so.

CATHERINE MCCOY

Oh good. Now get out of here.

Josie goes out of the car and she starts walking to school.

CATHERINE MCCOY (CONT'D)

I will pick you up after school.

Josie keeps on walking to school.

CUT TO:

Josie is inside the school and people are not even paying attention to her.

And some people are saying some crazy and rude things to her.

RANDOM GIRL

I think the 2000's called and they want your clothes back  
freak!!!!!!!!!!!!.....

Josie keeps on walking And Josie looks at her schedule and she has music 1st period.

Josie walks into the music class. And there are no desks and so she sits down. And then some other students come into the classroom. Including an African American girl and a girl with blonde hair.

And then other girl with black hair. And then another boy with blonde hair.

And then the teacher also comes in.

MR. VINCE HALLEN

Alright everyone take your seats on we will really begin this new school year with a lot of great discoveries and new voice and new everything. Now welcome to music, I am your teacher Mr. Hallen. And we will be doing a lot of projects and there won't really be any homework. And you will be playing an instrument or writing songs. And at the end of the year who knows, some talent might be discovered here. But I want all of you to put in some effort and if you do that, all of you will pass my class. Sounds cool?

Everyone in the class responds.

ALEXANDRA CABOT

I'm sorry why the hell should we listen to you again. You are not a rock star, and you have no fame or records to your name!!!!!!

ALAN M. MAYBERRY

Oh my god shut up Alex!!!!!! That's not very nice of you to say that. Plus Mr. Hallen was a veteran of the generational war and helped us be the best country ever again. And he is really fun and really wonderful.

MR. VINCE HALLEN

Thank you blonde charming boy that I don't know your name. That really warms my heart.

As Vince keeps on talking, Alan notices Josie sitting down by herself.

ALAN M. MAYBERRY  
Who is that girl?

ALEXANDRA CABOT  
I don't know some new girl, her mom drives a car from the 2000's and their family is poor as shit, I wouldn't take her seriously. She is a nobody and a loser.

ALAN M. MAYBERRY  
Well I really believe you are wrong and that you are a really negative bitch!!!!!! So Fuck you!!!!!!

As the class is going on, everyone is in the class singing random songs to Hallen, but nobody is really doing good and putting in effort.

MR. VINCE HALLEN  
Oh no everyone, man, this is going to be a really long and crazy year. At this point everyone here might fail. But thankful ladies and dude, we have a long school year. Now hopefully this beautiful young powerful lady can do really well. Um...Josie McCoy...Do I have a powerful baby girl name Josie McCoy in this class.

Josie stands up and she walks over to the stage.

MR. VINCE HALLEN (CONT'D)  
Now, now sweetie pie, don't be shy. Just pick a song that comes to your mind and just sing some of it.

JOSEPHINE "JOSIE" MCCOY  
Alright okay Mr. Hallen.

Josie goes up on stage.

ALEXANDRA CABOT  
Maybe if we are lucky she will fail and cry to her mommy and daddy and fall on her ass!!!!!!

Alan turns back at Alex.

ALAN M. MAYBERRY  
You are fucking unbelievable!!!!!!...

CUT TO:

MR. VINCE HALLEN

So what song are you going to sing princess?

JOSEPHINE "JOSIE" MCCOY

Um.....well...I'm going to sing the song Crash by the Primitives. And the reason I'm going to sing it is because it reminds me my dad.

Everyone in the classroom starts laughing at her.

MR. VINCE HALLEN

Everyone shut up!!!!!! Don't mind them, you will always have haters out there. Just do what you need to do sweetie. And also that song is a classic. Now anyway....

Vince goes up to his future cell phone and he turns on the song through future blue tooth. And the song starts playing.

Josie takes a deep breath and Josie starts singing the lyrics of the song crash by the primitives.

And as Josie is singing the song, she stars flash backing to her dad and her family trips that she took as a little girl and her parents going on a lot of family vacations around the United States of America.

As she keeps singing she starts dreaming about the American flag, the elements of Washington DC and all the other big cities.

And as Josie is singing, everyone in the classroom is blown away by how beautiful and gorgeous and powerful and sweet and innocent her voice truly is.

And as the song goes on, Josie does the la-la-la very powerfully and Josie does some little dance moves with her hands and as Josie is singing, Josie has the American flag and the statue of liberty, and the bill of rights, and the former presidents inside her eyes. And inside of her eyes there is a lot city skylines and a Bald eagle flying through the country.

As Josie keeps on singing, she keeps on flash backing to her mom and dad and other American symbols in the United States of America. And she even flash backs to playing on the playing ground and swimming and she even flash backs to her eating ice cream and going to pro sports games with her father.

Josie keeps on singing and Josie flash backs to skiing and going on a motor-cycle with her and going through townsville and crystal cove and Josie finishes the song and sings the last lyric of the song and she some tears in her eyes. And Josie is breathing very heavily.

All of a sudden, there is silence in the classroom and then all of a sudden, everyone in the classroom begins to clap and go really crazy. And people are going really crazy.

ALAN M. MAYBERRY

Oh my god you rock. I love you and your song choice a lot.

ALEXANDRA CABOT

She got really lucky...She won't last a day in this school!!!!....

ALAN M. MAYBERRY

Well at least she actually put in some effort into her song choice. Unlike you!!!!!!!...I want to know more about her. And your not going stop me.

CUT TO:

Hallen standing in the classroom.

MR. VINCE HALLEN

Wow!!!! Just Wow!!!! Wow sweetie, you really hit that song out of the park, I can tell you had power and passion and just sang that song with conviction and also you sang so personal that like it meant something to you. I think you can really go somewhere someday princess.

JOSEPHINE "JOSIE" MCCOY

Oh thank you Mr. Hallen.

CUT TO:

Josie is at lunch and sitting by herself and all of a sudden, the same girls in the music classroom sit next to her.

VALERIE BROWN

Hey. What's up, How are you?

JOSEPHINE "JOSIE" MCCOY

Um hi,

VALERIE BROWN

Wow girl. I really can't believe you sang that song really well and you sound so pretty and so beautiful and so intense. And I can tell you had a lot of fire in your eyes as well. And also most of all, you have the passion as well.

JOSEPHINE "JOSIE" MCCOY

Well it was a song that made me think of my dad a lot as well.

VALERIE BROWN

What does your dad do?

JOSEPHINE "JOSIE" MCCOY

Well you know, I actually don't know. But I believe right now he works in Townsville and he works in the tech sector at Power fashion.

VALERIE BROWN

Wait so he is like a computer programmer or something at like where the Powerpuff girls own?

JOSEPHINE "JOSIE" MCCOY

I kind of think so. He does all lighting for the fashion shows they host in downtown townsville. But other information I do not know.

VALERIE BROWN

I see. Well don't pay attention to what Alex says, she is always like that to a lot of people. And she is always really rude and really mean as well. I'm Valerie by the way.

JOSEPHINE "JOSIE" MCCOY

Josie.

VALERIE BROWN

It's a really huge pleasure to meet you Josie. And I think both of us are going really great friends. And I think you and I can do something really special.

JOSEPHINE "JOSIE" MCCOY

Like what?

VALERIE BROWN

We can start band and we can sing.  
I'm not a good singer, but you are,  
And we just need to learn how to  
play things and then we will be off  
the ground running. And then also  
get some security as well.

JOSEPHINE "JOSIE" MCCOY

I don't know if my mom would let me  
do that.

VALERIE BROWN

Forget about your mom, you have a  
chance to leave your current life  
and start something really special  
and I can help you get there. Do  
you know how to write songs?

JOSEPHINE "JOSIE" MCCOY

Well...no...writing is not my  
strong suit.

VALERIE BROWN

Well...we will find someone that  
is.

CUT TO:

skipping classes and the song We built this city by Starship

FRED JONES JR.

Alan points at the air-vent. And they all look up.

JOHNNY QUEST

Oh shit guys, that looks like  
something I would do. Because I  
always remember my dad showing me  
how to break into air-vent. Those  
have to be very imaginative girls.  
Should we ask them out?

FRED JONES JR.

No man, I already have a girlfriend  
but you guys can knock yourselves

Alan looks up Josie in the air-vent.

of them going far?

VELMA DINKLEY

I don't know boys, they sure look  
like they have the outfits to go  
far and to go and get wild and be  
very crazy.

DAPHNE BLAKE

Don't you think they will need some  
protection like secret service or  
something like that?

SCOOBY DOO

Yeah, I can be a guard dog for  
them. I am healthy and also I can  
get attack any weird or crazy or  
awful person that comes at them.

FRED JONES JR.

I think we should pay them a visit.

As Fred is talking, Another boy with blonde hair comes and  
walks to them.

FRED JONES JR.

I'm sorry, who are you?

JOHNNY QUEST

I'm John, And I just moved here, and I have a lot of fighting skills, and I was trained by Samurai Jack and the Powerpuff girls when I was younger and have the fighting skills and the gun skills as well. And I was made for something like this.

FRED JONES JR.

You know I think you might have some problems...

JOHNNY QUEST

Oh don't be like that Freddy boy, be my man,

FRED JONES JR.

I am not your friend what so ever, and also, I'm sure you want to be their body guard for the wrong reasons.

JOHNNY QUEST

Yes because I want to travel to places I have never been to. And grow my resume as a Secret agent and maybe in Washington DC and work for president Uno just like how the old generation served President Trump.

FRED JONES JR.

Okay, now your just being a dick and being an arrogant asshole. And I feel very disrespected because my dad was a general in the generational American war. And really don't know your history.

JOHNNY QUEST

Mark my big words, I will get the head security job for Josie and the pussycats cause I have the background, not you, or your friends and your foul and dirty brown doggie!!!!!!!

SCOOBY DOO

Hey man, I do not smell what so ever, Shaggy always gives me a bath!!!!!!!

SCOOBY DOO

Maybe there is a reason for that, maybe there is no money or people snacks for the job.

FRED JONES JR.

Well we are not doing this for money, we are doing this because we love being police people. And building more experience.

SHAGGY ROGERS

And I can't wait to meet them as well. I wonder if they do wear those cat outfits all the time.

JOSEPHINE "JOSIE" MCCOY

Awwwwwe, thank you so much. Alright anyways, first question, What makes you want to be a security guard for Josie and the Pussycats band?

JOHNNY QUEST

Well that's a really great and really wonderful question. And I believe when I was little, my dad use to work in the CIA in the 2010's and use to work for Nigel Uno back when he was head of the CIA, and my father taught me a lot of skills to be a big time fighter and learn a lot of fighting styles and also how to use a gun as well. And I also really love to travel a lot and my dad and his friends have always took me to a lot of places all over the world as well. And just traveling and see how other places are so much more different then the United States as well. And then I also really love people as well.

JOSEPHINE "JOSIE" MCCOY

That is a really great answer, you are hired.

MELODY VALETINE

Yay!!!!!!!!!!

FRED JONES JR.

CUT TO:

The pussycat members going into high school.

JOSEPHINE "JOSIE" MCCOY

Did you hear about what happened during the security guard try-outs?

VALERIE BROWN

Yeah I herd that both Fred Jones and that Quest guy got into a really huge fight and a lot of choas happened. And I also herd some sweets fell on Washington DC as well and fell on the white house as well.

MELODY VALETINE

Oh wow that's really awesome. I think one of my dreams is to play in liquid sweets and play in the sweets butt naked.  
Wahooooooooo!!!!!!!!!!!!!!

JOSEPHINE "JOSIE" MCCOY

Well maybe we can find out where that company is located and then sell some at our concert.

As both of them are talking, Alex hears them talking and goes up to them.

ALEXANDRA CABOT

Oh please Why in the world would you guys associate yourselves with those people?!...The mystery machine crew haven't solved a case in a long time and Fred and that stupid Quest boy just got in big trouble and now they have to do community service. And also, why in the hell would you want to have a lot of sweets at your concert, when people our age don't want to have any high carbs or high calories and non GMO stuff.

JOSEPHINE "JOSIE" MCCOY

Well we don't care about that stuff, we just want people to be happy and to be silly and really crazy and hyper regardless of what is in the stuff. I mean good sweets are good sweets.

VALERIE BROWN

Yeah also some of the products that are not even following all of the regulations by the federal government and that are different. And they are probably cheaper and not as expensive for the average person.

MELODY VALETINE

That sounds really fun, we should make a song about ice cream today when we go to our new headquarters.

JOSEPHINE "JOSIE" MCCOY

We will come back to that Melody. But that does sound like a really great idea.

ALEXANDRA CABOT

Well you know what Josie!, I'm just going to say right now that you two dumb shit-heads just give up. Because you people are the biggest joke in Townsville and nobody is going to show up for your dumb ice cream and sweets related concert.

(MORE)

ALEXANDRA CABOT (CONT'D)

And when you guys bomb, I will enjoy laughing and making all of you and telling all of you what kind of losers all of you will be, and then when you guys are still living with your parents at 60 and working wage jobs, I will always be there laughing at you guys face and mocking and making fun of all of you, And you girls will always be nobodies. And as for myself, I will go to a big expensive school on the east coast and marry someone who is rich and make millions by doing nothing and be worth 999 billion dollars. And your parents will always be dissapointed in all of you 3 as well!!!!!!!

JOSEPHINE "JOSIE" MCCOY

Well you know what Alex!!!!!!.....I really don't give a shit about trash talking. And also our parents would be very proud of us. And also you shouldn't judge or make fun of people just because they got in trouble. And also Alex, you don't even know Johnny or Fred. And I really do believe our concert will be success as well. And your not a good person at all.

Josie and the girls leave.

CUT TO:

Fred is really frustrating and he goes up to Shaggy and Scobby.

SHAGGY ROGERS

Man that sucks that you have to do community service. I'm sorry Fred.

SCOOBY DOO

Yeah Fred. And also, that Johnny guy is just a complete asshole and he looks like a complete dick-head as well.

FRED JONES JR.

And what's even worse is that both him and I have to community service at the white house in Washington DC and we got in trouble with President Uno as well for a lot of things as well.

SHAGGY ROGERS

What was it like seeing him?

FRED JONES JR.

SHAGGY ROGERS

VALERIE BROWN

Why in the hell would that be a good song?...that just really inappropriate and we would get in trouble with a lot of up-tight people as well.

JOSEPHINE "JOSIE" MCCOY

Wait a second, I think we can come up with something with this idea. And it can be a party song or so. I mean come on guys, the Beatles did crap like this all the time.

ALAN M. MAYBERRY  
For some reason it does not  
surprise me at all.

JOSEPHINE "JOSIE" MCCOY  
Well anyway I should get some

Hey dad.

FRED JONES SR.

Hello Fred, Can you explain what the hell is going in my city. And how most the kids from the school are all naked!!!!!!?

FRED JONES JR.

Oh about that. Yeah it was from the effects of the Josie and Pussycat concert last night. And things just really went out of control.

FRED JONES SR.

Your damn right things have gotten out of control. What in the world where you thinking?!...

FRED JONES JR.

Dad I had no idea that the pussycats were going to use magic and turn everyone intel animals.

FRED JONES SR.

Turning into animals!!!!....WHAT?!.....

FRED JONES JR.

Well the sweets and other chemicals that got dumped on everyone has the ability to turn people into animals and that's why nobody at my high school is wearing any clothes.

FRED JONES SR.

Fred that is terrible And you have to put a stop to all of this!!!! You will destroy the city in the long run!!!!

FRED JONES JR.

Dad, I don't know if I can do anything about. And also it's going to be hard to have people from my school take a cure. Because they all like being naked in public and turning into animals.

Fred's dad gets really frustrated.

FRED JONES SR.  
 Oh god you are in such big  
 trouble!!!!!! Please fix this!!!!  
 Where in the hell is that other guy  
 that hates you?!....

FRED JONES JR.  
 You mean Johnny?

FRED JONES SR.  
 Yes!!!!

FRED JONES JR.  
 I don't know dad, I haven't seen  
 him since last night. I don't  
 really care, he is kind of an  
 asshole and a jerk and he has a  
 really huge ego as well.

FRED JONES SR.  
 I don't care...just find him...Or I  
 will kick you out of my house for  
 being such a dumb ass and for being  
 a crazy fool for letting this  
 happen. Get out!!!!!!

FRED JONES JR.  
 Yes dad.

Fred leaves mayor's office and Fred senior does a face slap.

FRED JONES SR.  
 Oh kids these days.

CUT TO:

INT. PUSSCATS HEADQUARTERS IN THE PARK - AFTERNOON

Josie walks into the living room and sees the other members.

MELODY VALETINE  
 Wasn't last night so fun. We sang  
 our songs, we had fun, we danced,  
 and everyone loves our music. We  
 need to do another one very soon.

VALERIE BROWN  
 I don't know don't you guys think  
 using some of the magic and  
 chemicals that last night might  
 have had some big time  
 consequences?

MELODY VALETINE

Like what?

Valeries hands Melody her cell phone and shows her all of the news artcules about what happened last night.

MELODY VALETINE (CONT'D)

Oh wow!!!! Everyone in the city and all our classmates are butt naked and don't want to put on any clothes. And...They turn into animals now. Oh wow that's awesome. It's going to be jungle out there.

Melody starts laughing and cracking up.

VALERIE BROWN

That's kind of a bad thing and that's not really funny.

VALERIE BROWN (CONT'D)

Josie what do you think of all this?

JOSEPHINE "JOSIE" MCCOY

Well I think it is really bad and all that stuff but honestly. I just really don't care and besides, nobody at our school really liked us and cared about us. Hell, before you guys, I had like no friends there. And nobody cared about me. And it's not our problem. Just those people sort things out.

VALERIE BROWN

But aren't you worried are going to sue us and we will be held responsable for everything?

JOSEPHINE "JOSIE" MCCOY

Nope!!!! We never needed that place. And we don't need it now. And if kids from our school want to have powers to turn into animals and be naked. So be it. It's not our job ro be activist. Our job to entertain people and give people a fun time and a fun experince. Not coment on problems happening. And also, people can govern themselves. The current problems are not our problems.

MELODY VALETINE

So another concert.

JOSEPHINE "JOSIE" MCCOY

Yes. Lets work on it and lets practice.

MELODY VALETINE

Sounds awesome.

CUT TO:

INT. BLOSSOM AND DEXTER'S HOUSE - DAY

Dexter starts working on a cure for all the teenagers. And Fred senior is with him.

FRED JONES SR.

So are you sure this cure that you are working on will get people back into being normal human beings?

DEXTER

I don't really know yet. But it just really depends.

Blossom comes into the lab.

BLOSSOM

Hi Fred. Rough day?

FRED JONES SR.

Oh you have no idea. God things are getting so crazy, all the teenagers in townsville are all butt naked and turning into animals.

DEXTER

But I was an animal as well long ago.

FRED JONES SR.

I know but it's different however. These kids just want to be wild and crazy and be naked all day and act like animals and not get jobs or be productive members of society. For the love of god, I don't know why Fred and his friends are body guards for that band.

BLOSSOM

Oh come on Fred, it can't be that bad.

FRED JONES SR.

Oh it is. Now I can see why President Uno made my son and that Johnny kid do community service now I know why. Stupid kids!!!!

BLOSSOM

But at least there is not like a big time villian or any big time terroist groups or kids that are brain-washed or anything like that. So it could be worse.

FRED JONES SR.

Yeah I know.

DEXTER

Well I just made one. But it's going to be hard for all these kids to take it because they all seem like that band. And they will only take it if things get progressively worse.

FRED JONES SR.

Oh god!!!!!!!!!!

CUT TO:

Alex in her house and she had Johnny tied up.

JOHNNY QUEST

What do you want with me?!...I didn't do anything to you!!!!...

ALEXANDRA CABOT

Oh but you are in big trouble however. Because you are going to help me get Josie and the pussycats in trouble for causing a lot of trouble in Townsville and also get Fred Jones in trouble as well.

JOHNNY QUEST

You know, as much as I really hate and despise Fred and how he has so much royalty and so much social privilege and everything, but even Fred is not as heartless and as stupid and unintelligent like you are. And yeah getting him in trouble is not worth it.

ALEXANDRA CABOT

Oh well I think I can change your mind on all of that. Doesn't bother you that he has a girlfriend and is popular and your not.

JOHNNY QUEST

It does. But...without him, I don't go back to living a normal life and without him, I go to jail and I need to obey the law.

ALEXANDRA CABOT

Oh my god!!!! Who cares about the laws in this country!!!! Fuck this country!!!!!!

JOHNNY QUEST

Are you fucking kidding me!!! Oh my god you are not only a brainless bitch but you are such a Marxist and you sound like a communist. America just like what Josie in the band says is the greatest country ever, we have so much freedom here and we have rights and people here are so nice here. And things here actually work. And if you work hard enough and with luck, you can do what ever you want here!!!!!! You know what I know what this is all about!!!! You just want to destroy this country and censor her band and get her in trouble and take all their money and glory for yourself. And yeah, people and teenagers have turned into animals and all that and I get it, every in townsville is naked, i get it, but people can govern themselves without government.

(MORE)

JOHNNY QUEST (CONT'D)

You are jealous because Josie and her band built a great band and made great music and people love her music and her songs and you just want to destroy that because of jealousy and because you are selfish.

JOHNNY QUEST (CONT'D)

And you know what?!...I rather go to prison for not doing my community service then see you destroy such as a great band and hurt such nice girls. And also those girls gave me a job and a chance. Why should their success be punished by goverement and people like you!!!!!! And women like you are just evil and awful!!!!

ALEXANDRA CABOT

Very interesting stuff Mr. Quest but I will make sure you go to prison and I destroy their band. And you will obey what I tell you to.

JOHNNY QUEST

What makes you think I will do that?!...

ALEXANDRA CABOT

Because I have this!!!!

Alex gets out a cerium that a microship inside the liquid.

ALEXANDRA CABOT (CONT'D)

Inside this thing, is a microchip that will be connected to your brain and everytime you don't listen to me, I will electrocute you and kill you.

JOHNNY QUEST

Just kill me already. I'm not afraid of dying.

ALEXANDRA CABOT

Very well then.

Alex presses a button and the chair throws Johnny up in the air and Johnny falls flat on his face and he gets killed and knocked out.

ALEXANDRA CABOT (CONT'D)  
Dumb deplorable!!!!!! What a  
worthless loser he is!!!!!!

CUT TO:

Josie and her band practicing their next song.  
And they hear a knock at the door.

VALERIE BROWN  
I'll get it.

Valerie goes to the door and she sees Johnny Bravo and the ed  
boys. And they are wearing suits.

VALERIE BROWN (CONT'D)  
Hi come in.

Valerie opens the door.

JOHNNY BRAVO  
Hi Pusscats, as CEO of Bravo soap  
and shampoo & products, I just  
wanted to say, we want to sign you  
to a sponsorship dea.

The other members hear Johnny.

MELODY VALETINE  
Oh my god that is really awesome  
and really wonderful. Thank you  
sir.

JOHNNY BRAVO  
Your welcome ladies.

JOSEPHINE "JOSIE" MCCOY  
But aren't worried about what is  
going on in the city and all the  
teenagers turning into animals and  
chosing not to wear clothes and  
being butt naked all the time.

JOHNNY BRAVO  
Ladies, ladies, ladies, don't worry  
about all that, there haven been  
much worse things in the past. And  
it's not you guys problem. And  
also, I'm sure all those kids love  
this country a lot more so then  
then kids from maybe 40 years ago,  
I'm sure they will be just fine.

(MORE)

JOHNNY BRAVO (CONT'D)

And also we went through the generational war where we had to fight the communist and antifa and kids infect with anti america brain-washing. I'm sure kids turning into animals and being nude is not a problem at all. If anything, it will make townsville very different in a good way.

JOSEPHINE "JOSIE" MCCOY

What about the mayor?

JOHNNY BRAVO

Oh don't worry about Fred. He will come around, I have known Fred for 30 years. He will get over it.

VALERIE BROWN

Alright okay.

JOHNNY BRAVO

Yeah. Now lets talk about your next concert.

FADE TO:

Josie walking out of her headquarters tent and she starts walking through the city and she looks at Townsville getting very different.

And she sees the pussycat posters and mania around her.

As Josie is in the mall, Alex sees her.

ALEXANDRA CABOT

Enjoying your little cat walk, I thought knowing your band and knowing how wild you guys are, I thought you would be naked in this city like the rest of the kids from our school and like other teenagers here.

JOSEPHINE "JOSIE" MCCOY

No, I'm just having a normal walk and we are getting ready for our next concert.

ALEXANDRA CABOT

Oh I knew you would say that.  
Especially because at the end of  
the day, when all this fades away,  
you and your loser band will be  
nothing, and people who run in  
public offices will see you guys as  
degenerants who caused the city to  
all of a sudden turn into a jungle  
and then censor you and people in  
power like the mayor will blame you  
and your band for all the problems  
caused by you.

JOSEPHINE "JOSIE" MCCOY

We didn't force anybody to go our  
concerts or turn into animals or be  
naked, people just liked our music  
and our songs and connected with  
our songs and like us as a band and  
as our artist and we worked hard to  
be a good band in this city and in  
this country. And you can't control  
people in a free country. And I'm  
sure people from our school even if  
they turn into animals, people will  
easily adapt without people telling  
them what to do.

ALEXANDRA CABOT

Really?!...you think  
that?!...Because your body guard  
Mr. Quest died today and he died of  
suicide because of being a loser  
and being on house arrest and  
having to do community service. And  
also because of you and your dumb  
band.

JOSEPHINE "JOSIE" MCCOY

My band and I gave that guy a job  
and gave him a purpose in his life  
and he is a good guy that also  
loves America in-spit of him hating  
Fred Jones. And I don't believe you  
that he is dead as well. Your  
lying!!!!

ALEXANDRA CABOT

Oh I'm not lying Josephine. He died  
because of you guys.

(MORE)

ALEXANDRA CABOT (CONT'D)

And more kids who are fans you guys will die because of being turned into animals and more kids will go to jail for being nude in public because of you guys as well.

JOSEPHINE "JOSIE" MCCOY

People in a free society and in our country don't suffer or have bad lives because of us. And we actually provide value to people unlike someone like you who doesn't work hard or create value for other people. And also telling people what to do and how to live their lives is not part of our platform. And we actually love this country.

ALEXANDRA CABOT

Go a head and think all that. Because one day Josie, your band and you will be responsible for all the new problems caused on our society and someone like me will have to come and censor you guys and tell people not to listen to you guys because let's see, your band is not PC, causes trouble, and caters to uneducated people.

JOSEPHINE "JOSIE" MCCOY

We attract people who love music and love to have fun and love to dance and people who actually love America and want to be entertained and yes love to get wild and silly and crazy and yes...love to be butt naked in public. And we didn't know our costumes and magic we used was going to cause all that, it just happened. And you don't know anything about the free market and you don't know or understand how the market and how capitalism and how free societies work. And you don't understand anything about why America is a great country.

ALEXANDRA CABOT

Oh I don't need to, and if you guys do another concert, no matter how wild it is, I will make sure that you guys get shut down. And all of you will go to jail.

JOSEPHINE "JOSIE" MCCOY  
 You are full of shit!!!!!! And we do  
 a lot of good!!!! You are nothing  
 but a hypocrite!!!!!!...And people  
 love our music!!!!!!

ALEXANDRA CABOT  
 I will go to a real college and get  
 a real job and you and your friends  
 on the street.

JOSEPHINE "JOSIE" MCCOY  
 You know Alex!!!!!!...FUCK  
 YOU!!!!!!

All of a sudden Josie grabs a rock in the back of her head.  
 And Alex falls to the ground. And Alex has a hard time  
 getting up.

Josie walks up to her on the ground.

JOSEPHINE "JOSIE" MCCOY (CONT'D)  
 You don't know anything about me or  
 my life. And you know what maybe  
 I'm glad that kids from our school  
 have been consumed by magic and by  
 our band and are turning into  
 animals because the world you want  
 is boring and love-less and anti  
 American and also Johnny is very  
 special and a really wonderful guy,  
 and people like you don't see that.  
 And I'm going to go look for him.

Josie starts looking around Townsville and she looks  
 everywhere.

Josie keeps on looking around the city. And she has no luck.

CUT TO:

Josie tells the other people what happen to Johnny. And they  
 are really shocked. And they start creating posters and  
 setting up posters around the city.

CUT TO:

Some of the fans see the posters of Johnny. And as days go  
 by, some of the fans turn into different animals and roam and  
 fly up in the air.

CUT TO:

Johnny is in the harbor around Townsville and a random teenager sees Johnny and the teenagers jumps in the water butt naked and turns into dolphin and grabs him and swims him back to the surface.

And other fans and teenagers come and they built a bed and place Johnny on the bed and more teenagers turn into hawks and eagles and they grab the string and they start flying up in the air and Johnny begins to wake up from being knocked out.

JOHNNY QUEST

What the hell?!...

Johnny looks down and he sees the townsville skyline.

CUT TO:

The eagles and hawks land the bed by the pussycats headquarters and some of the teenagers with their animal like knowledge start creating medicine for Johnny to drink to make him better.

Johnny drinks the chemical and he starts coughing and he looks around sees naked teenagers around him smiling at him.

JOHNNY QUEST (CONT'D)

What the?!...what happen. Who are all of you?

The band sees Johnny and they hug him.

JOSEPHINE "JOSIE" MCCOY

Johnny, thank goodness your alright.

More news crew comes and covers the story.

CUT TO:

Mayor Jones watches what is going on TV.

NEWS REPORTER

Breaking news, the same teenagers who are fans of Josie and pussycats and the same ones who love to be naked just turned animals and they...they actually just saved someone wh was in the water and his name is Johnny Quest and we have one fan here. Exuse me young man. How did all of you find the guy in the water and what makes you guys do what you do and save him?

## RANDOM MALE FAN 1

Well the reason we like to be naked all the time is because we just like turning into animals all the time and so wearing clothes is just really hard cause they can rip off of you. And also all of us here love America and we love this country. And it's another reason why we all love the Josie and pussycats band so much because they sing about America and how good our country truly and we do use our animal skills to help people and make our country better. And I understand not everyone has the power to turn into animal, but all of us just love America and want to make our country and show kindness to people as well. And we all just love having fun

## NEWS REPORTER

Well there you have it everyone. All of these group of kids love America and love helping others. This is townsville news.

CUT TO:

The mystery inc shows up.

## FRED JONES JR.

We got here as fast as we could. How is he?

## JOSEPHINE "JOSIE" MCCOY

He's doing okay.

## JOHNNY QUEST

Yeah thank you guys for saving me. I don't know how to repay you guys.

## VALERIE BROWN

Don't mention it. It's the least we could do.

## DAPHNE BLAKE

So what's the status of your next band?

JOSEPHINE "JOSIE" MCCOY  
Well it's going to be very soon.  
And I think it will be very big as  
well.

JOSEPHINE "JOSIE" MCCOY (CONT'D)  
The only thing is that we just  
don't have a cat, we just wear cat  
costumes. And that's something we  
need to work on at some point or  
another.

CUT TO:

EXT. AROUND DOWNTOWN TOWNSVILLE - MORNING

It starts to rain and rain begins to fall down. And Josie is  
looking around at a lot of stores.

As she is looking around, she sees a black and white cat  
roaming around.

JOSEPHINE "JOSIE" MCCOY  
Oh hey little guy, are you lost?

The cat keeps on meowing and keeps on purring.

JOSEPHINE "JOSIE" MCCOY (CONT'D)  
Don't worry my friends and I will  
take care of you.

JOSEPHINE "JOSIE" MCCOY (CONT'D)  
I can also tell that you really  
hungry as well. What's your name  
little guy?

The cat keeps on purring and meowing.

JOSEPHINE "JOSIE" MCCOY (CONT'D)  
Well I guess I'll call you  
Sebastian. Do you like that name?

The cat looks up at Josie and is in a very happy mood.

CUT TO:

Josie brings the cat to the headquarters in the park. And she  
goes inside.

And the other members see the cat.

VALERIE BROWN  
Oh wow what the?!...Is that a cat?

MELODY VALETINE

Awwwwwwwwwwwwwe kitty cat. I love cats.

VALERIE BROWN

Josie where in the world did you find that cat?

JOSEPHINE "JOSIE" MCCOY

I don't know I was just looking around and all of a sudden I found him on the streets. And he had no or owner. And I'm going to give him a bath and give him food as well.

CUT TO:

Josie starts giving Sebastian a bath.

JOSEPHINE "JOSIE" MCCOY (CONT'D)

There you go you are all nice and clean. And I also got you some cat food as well.

CUT TO:

The band begins to start practicing and the cat starts watching them sing and play their instruments.

MELODY VALETINE

Maybe we can maybe make a song about the cat.

VALERIE BROWN

Um okay. That would make a lot of sense. You think this cat could be another fan?

JOSEPHINE "JOSIE" MCCOY

I don't know. I have had him for a while and he hasn't turned into a human. I think it's a real cat and not a human as an animal.

MELODY VALETINE

Maybe it has magical powers or so. That would be really cool.

JOSEPHINE "JOSIE" MCCOY

That's it. We will make a song on how the new cat is really magical.

The band starts playing and also writing the new song down on a computer.

The band keeps on practicing and singing the song really well. And playing the instruments.

JOSEPHINE "JOSIE" MCCOY (CONT'D)  
Oh sounds really good.

VALERIE BROWN  
But there is like one more  
thing...Where is your next concert  
going to be?

As Valerie asks that question, Sebastien meows and his eyes starts reveling a lot of locations and does another meow at Josie.

JOSEPHINE "JOSIE" MCCOY  
Sebastian what is it boy?

MELODY VALETINE  
I think our new kitty cat really  
wants our next concert to be at  
liberty island in New York City.

VALERIE BROWN  
Oh I don't think we have money to  
fly there to another place yet.

Sebastien goes out of the headquarters and band runs out of the headquarters and he does another meow and he starts growing into a giant and he gets really big.

VALERIE BROWN (CONT'D)  
Holy fucking shit. This cat is  
huge!!!!!!

MELODY VALETINE  
Oh wow he can also fly as well.

JOSEPHINE "JOSIE" MCCOY  
Oh well I guess we will hoop on him  
I guess. Lets go everyone.

And the band starts climbing on top of a giant Sebastian and Sebastian begins to fly and begins to fly east to New York City.

VALERIE BROWN  
Oh wow we are really up in the air  
and we are really going.

MELODY VALETINE  
WEEEEEEEEEEEEEEEEEEEE!!!!!!!  
WAHOOOOOOOOOOOOOOOOOOO!!!!!!!

CUT TO:

EXT. SOMEWHERE IN TOWNSVILLE - MORNING

People start turning on the TV and watch the news about Sebastian flying in the air and about the pussycats.

RANDOM GIRL  
The Pussycats are going to New York City. Lets go.

All of a sudden a lot of people are taking off their clothes and getting naked and turning into animals and their fans begin going to New York city.

CUT TO:

Some of the cartoon Network characters see the young people heading east. And the powerpuff girls see what is going on.

BUBBLES JETSON  
Oh my god they are on their way.

CUT TO:

Van is in his classroom and nobody is in the classroom.

MR. VINCE HALLEN  
Wow everyone is gone!!!!

CUT TO:

Fans are paying for their tickets online or on an app. And they start heading to New York City.

CUT TO:

Nigel's son hears on what is going on, and he escapes out of the white house and he starts running and he catches a bus to the Ronald Reagan Airport.

As Shrilly is at the airport, some people are sharing Shrilly's location.

CUT TO:

Number 4 and Number 3 are working in the white house. And they get word on Shrilly and Number 3 gets really shocked and she starts running to the oval office.

And Number 3 tells Number 1 what is going on.

PRESIDENT NIGEL UNO  
 What?!.....I want him back here!!!!  
 Shit!!!!!! Where is my boy?!.....

CUT TO:

Shrilly gets on an airplane to New York City and he starts falling asleep.

CUT TO:

Shrilly gets off the airplane and he calls an Uber and he gets into the car.

UBER DRIVER  
 Where to kid?

SHRILEY UNO  
 A motel in New Jersey.

UBER DRIVER  
 Sounds good.

CUT TO:

Shrilly gets to his room and he starts wearing a lot of cat gear on him and getting ready for the concert.

CUT TO:

INT. THE MAYOR'S HOUSE IN TOWNSVILLE - DAY

FRED JONES SR.  
 Oh Jesus this is really awful. All the teenagers are all gone. Someone is going to get hurt at these crazy concerts.

Johnny walks into the door.

JOHNNY BRAVO  
 You mean there will be a lot of fun.

FRED JONES SR.  
 What are you talking about?

JOHNNY BRAVO  
 My company sponsored them and at some point the ed boys are going to sponsor them as well.

FRED JONES SR.

Oh Johnny!!!! You son of a bitch!!!!!! Have you realized what you just did?!!! I swear something bad is going to happen with all these teenagers that have no clothes on and turning into animals!!!!!! Where are our kids?!....

JOHNNY BRAVO

They are all at the concert.

FRED JONES SR.

Oh god!!!!!! What have you done?!...

JOHNNY BRAVO

You do realize that at some point there was going to be a big thing happen to townsville other than the power puff girls in the past right?

FRED JONES SR.

This is just crazy.

FRED JONES SR. (CONT'D)

I can only imagine what Nigel feels right now. Jesus Christ!!!! This whole Josie and Pussycats mania is a nightmare. And there are billions of teenagers turning animals and have no clothes on and are all naked!!!!!!

JOHNNY BRAVO

So what do you want me to do?

FRED JONES SR.

Just don't do anything.

CUT TO:

Alan is also in New York City and he is in Time Square and he sees a lot of Pusscats ads everywhere in the city.

ALAN M. MAYBERRY

Damn they actually made it to prime time.

Alan sees more people heading to Liberty Island and turning into animals.

ALAN M. MAYBERRY (CONT'D)  
Oh my god!!!!!!

CUT TO:

Alan runs to a boat that is on the Hudson river and he sees a huge floating wooden platform by the statue of liberty.

ALAN M. MAYBERRY (CONT'D)  
Man I really wonder if I'm going to have a chance to see her.

CUT TO:

The band is getting patriotic clothes on and dressing up as people from the revolutionary war era.

They hear a knock at the door.

ALAN M. MAYBERRY (CONT'D)  
Josie?

JOSEPHINE "JOSIE" MCCOY  
Alan?

Josie starts running she sees Alan and hugs him very tight.

JOSEPHINE "JOSIE" MCCOY (CONT'D)  
Oh Alan I have missed you so much.  
How did you get here?

ALAN M. MAYBERRY  
I was in the city and I saw a lot of your fans heading over here. And wow I can't believe you are here in New York City. And you are going to be performing around the statue of liberty on the Hudson river. I'm so proud of you Josie.

JOSEPHINE "JOSIE" MCCOY  
Oh Alan!!!!!!

ALAN M. MAYBERRY  
Anything I can do to help?

VALERIE BROWN  
No I think we are all good. Your just welcome to stick around.

ALAN M. MAYBERRY  
Alright okay you guys.

CUT TO:

Shrilly is in New Jersey and he walks into a mall somewhere and he sees someone with a motorcycle go into a bar somewhere.

Shrilly goes into the bar and he goes into another section of the bar.

And the same guy goes into the bar and he sees him getting a drink. And he walks out of the bar.

SHRILEY UNO

Hey you!!!!!! Do know where I can get to Liberty Island from you?

JACK MCCOY

Look kid you shouldn't go there. You will get in big trouble and get into trouble just like I did at your age.

SHRILEY UNO

I want to meet Josie and that band.

JACK MCCOY

Sure you do. Wait a minute aren't you President Uno's son?

SHRILEY UNO

I am actually and I sneaked out of the white house to come here and to go to the concert.

JACK MCCOY

Look kid, I already screwed up my family and i think your going to end up screwing up your family doing this. When I was young, I lost everything, my job, wife left me, and I haven't seen my daughter in a long time but I always knew that she had a talent for singing and for music as well. Too bad I wasn't there for her and my ex wife thought I screwed crap up as well.

SHRILEY UNO

Oh my god, Your Josie's father.

JACK MCCOY

Yes I am kid.

SHRILEY UNO

Oh shit you have to go to the concert at Liberty island.

JACK MCCOY

Why the hell should I. There is just going to be a lot of crazy kids doing dumb stuff and on a lot of things. She doesn't want me in her life.

SHRILEY UNO

I actually don't think that's not true. She actually loves you a lot and one of her songs are a contribute to you as well. I defiantly believe you should go and she would love to see you.

JACK MCCOY

Alright okay.

SHRILEY UNO

Awesome, we will take an Uber there.

JACK MCCOY

Crazy kid!!!!!!

CUT TO:

EXT. AROUND LIBERTY ISLAND ON THE HUDSON RIVER - NIGHT

Shrilly and Jack are on the boat and they pay to get in.

JACK MCCOY

Alright kid what ever you do. Just please don't do anything stupid because I don't want your father to send the FBI and CIA after me.

CUT TO:

Alexandra is also there. And there thugs with him, and she notices Shrilly there.

ALEXANDRA CABOT

Oh this will be perfect, President Uno's son is at the concert, all I have to do is kidnap him and hold him hostage and then do some sort of ransom and then kill him or injure him and then blame the whole thing on the pusscats band and on their fans and have them get censored and cancelled. Oh this will be great!!!!!!

The mystery Inc and Johnny are in the backroom on the stage.

VELMA DINKLEY

My god I can't believe we are here  
in New York City and around the  
Hudson river by the statue of  
liberty.

DAPHNE BLAKE

Yeah the last time I was here was  
when I ended up freezing in the  
river and the Ed boys saved me.

SHAGGY ROGERS

 middle east and in China and in  
 Cuba are rising all over the world  
 sir and they just bombed London and  
 Buckingham Palace and they are  
 bombing more places as well.

 Oh my god!!!!!! I have to go on TV  
 tonight and tell the American  
 people. And come up with plans.

2...and 1.....

And the red light turns on.

George takes a big deep breath.

PRESIDENT GEORGE JETSON

.....My fellow  
Americans...And....my fellow  
citizens...Tonight our nation and  
our country has come under-attack  
and China and Iraq and Iran and  
Cuba launched a bombing on  
Townsville and bombed 66 buildings.  
I have seen this horror and this  
terror and these type of people.  
Before, before I was the president,  
I fought in generational war and we  
fought the communist and went to  
war against Antifa and against  
these people that wanted to destroy  
our country and turn our country  
into a hell hole. And not only  
that, these were people that  
created very evil movements in our  
country back in the 2010's and in  
2020's. And these movements were  
made to divide our country and  
destroy ourselves. And not only  
that, these evil movements have  
brain-washed our kids and our  
children everywhere. And because of  
social media, these people and  
other big companies are on their  
side and they will want to silence  
and censor and kill people who they  
disagree with. And also these type  
of people are people who want to  
police everyone and make everyone a  
slave to the devil and these people  
worship evil and praise evil and  
these people are the focus of evil  
in our country. But at Americans,  
we will fight back, and we will  
push back, and we will defeat  
Socialism and communism again. We  
have done it before...And we will  
do it again.

(MORE)

PRESIDENT GEORGE JETSON (CONT'D)

And the countries in the world that practice that socialism and communism are a threat to the United States of America and they want our country to be woke and be anti American.
