Bubbles is doing the same thing. And Bubbles throws a lot of punches and kicks.

Buttercup is beating up more bad guys but some of them start over-powering her.

The Kids next door are also fighting along with Samurai Jack and the Justice Friends.

HOAGIE PENNYWHISTLE (NUMBER 2)

What is it Nigel?

NIGEL UNO (NUMBER 1)
I was able to capture him this guy
and I think he is the last
remaining thug from the communist
soldiers that attacked.

BLOSSOM
Well we have to take him to the
Pentagon.

BUBBLES
We should take care of that.

WALLABEE BEETLES (NUMBER 4)
And what do you want us to do?

BUTTERCUP
I think you should report
everything to George and we will
meet you later.

NIGEL UNO (NUMBER 1)
Sounds like a plan.

President.

PRESIDENT GEORGE JETSON
Perfect send them in.

The kids next door walk in and Nigel shakes George's hand.

NIGEL UNO (NUMBER 1)
Mr. President we have captured
another communist soldier from the
middle east. And I believe the
Powerpuff Girls and Samurai Jack
have took Dr. Benton Quest to a
safe location.

PRESIDENT GEORGE JETSON
 Good Job Nigel, I knew you and the code name kids Next Door could hold the line....But I believe this threat to our country is even more bigger then the threat we faced all those years ago. And I believe this time around, we might not be strong enough to defeat this treat to our country.

PRESIDENT GEORGE JETSON (CONT'D)
 And I just have to much on my plate. And I need you to also train the boy Nigel. Because I think he is the key to our survival as a nation.

NIGEL UNO (NUMBER 1)
 But sir, I thought Jack is training him.

PRESIDENT GEORGE JETSON
 He is Nigel, but Samurai Jack can't do everything by himself, he needs a lot more help. And I'm getting to up there in years myself. And everyone went to do there own thing. But please Nigel, promise me, that you will keep the ideals of this country and ideals of freedom and liberty and hold this republic and protect it from Communism and from evil.

NIGEL UNO (NUMBER 1)
 I will George.

As George is with Nigel, George hugs Nigel really tight.

announcement in 5,4,3,2, and 1....

And the red light goes on.

Number 1 does a deep breath.

NIGEL UNO
.....My fellow Americans....I
have lived in Michigan for a long
time, as kid who had parents who
immigrated her from the UK, I have
seen this country have it's ups and
downs. But most importantly, not
that long ago I have fought in the
generational war.
(MORE)

NIGEL UNO (CONT'D)

And even though our country is making progress, I still believe an American there is a lot that needs to be done to protect our country. And I am not a politician I was just someone who fought in a war and was part of and the leader of the agency Code name Kids Next Door. And I have worked President Jetson on the holding the line against terror for a long time, And I do not plan on abandoning his principals on what made this country great and still is great. And I fear the current administration is not listening to the American People. And the economy is still recovering from Covid and from the Biden administration and their policies. But as someone who believe we need leadership and we need it fast....as of now I am announcing today my candidacy for the Presidency of the United States of America. And I run not just someone who wants the office but someone who holds dear the principals of what makes our country and I don't believe we need to change the direction but we do need to teach our children that freedom is important and we must be the country of liberty and the pursuit of happiness. And The United States must lead the world in freedom and spreading democracy and building our republic. And with God's help I plan on taking the country to heights it hasn't seen since the Trump era. Thank you and God bless the United States of America!!!!.

The whole campaign kicks off and Nigel is traveling from state to state and delivering speeches.

GENERAL WALLABE BEETLES

Mr. President, thank you seeing me. So what did you call me into?

PRESIDENT NIGEL UNO

What do you know about this company in the middle east called Zin industries?

GENERAL WALLABE BEETLES

Not a whole lit sir, but I have sent the navy and the army and the air force to look through the middle east like crazy. But this Zin guy, nobody has really seen the guy, and he makes a lot of deals with China and in North Korea. And I think we should keep an eye on those countries and Zin himself.

PRESIDENT NIGEL UNO

I agree Wally. And I think we should keep on eye on him, Because he could be anywhere be as dangerous the way Mojo Jo Jo was all those years ago. Maybe even more powerful then Mojo Jo Jo if anything.

GENERAL WALLABE BEETLES

Did you want to send any agents from the CIA or the FBI or NSA?

PRESIDENT NIGEL UNO

Nah, I can't do that Wally, we just need more information and we just need more time, but keep sending troops over there and watching those places.

GENERAL WALLABE BEETLES

Yes sir. Anything else Nigel?

PRESIDENT NIGEL UNO

No, I think that will be it.

Number 4 walks out of the room.

INT. A MALL IN WASHINGTON DC - AFTERNOON

Shrilly is with Lizzie and they are in the mall.

LIZZIE UNO

Well you know it's really nice that I get to see you Shrilly, I know you are so busy with school. And I think your father would want you to be CIA or FBI agent in the future?

SHRILLY UNO

Mom, I don't know if I want to be CIA or FBI agent. I just want to get a normal job and stay in DC even after dad's 2nd term is done.

LIZZIE UNO

But Shrilly living in Washington is so expensive, and I think unless you find a roommate, I think it's best that you live in Texas.

SHRILLY UNO

I'm not moving to the south. Why I would move there?

LIZZIE UNO

Because Texas is always creap Shrilly. And you can save up money there and the FBI and CIA base is in Dallas. And it's a newly built one. Why don't you give Johnny a call.

SHRILLY UNO

I don't know mom, Johnny is really busy, plus Samurai Jack and the Powerpuff girls are always training him and he just doesn't always have time for everyone. Also, dad doesn't have the best relationship since him and Fred Jones got into a fight that one time on top of airplane and had a lot of sweets drop on Washington. And made Johnny community service.

LIZZIE UNO

I'll talk to him Shrilly. And I think it's been a while since you saw him. And he did rescue you in New York during the Josie and the pussycats band.

SHRILLY UNO

Oh yeah that was a good night. And I had a lot of fun.

LIZZIE UNO

Well anyway after my check-up we will meet up with your father in New York go to a brodway show.

Oh thank you.

Lizzie and Shrilly sit down.

And Shrilly starts texting Johnny.

CUT TO:

Johnny gets out of the professor's house and there is a lot of cars and popular kids going by.

Johnny starts waiting for the bus and the school bus comes and picks him up and Johnny gets on the bus.

As Johnny is on the bus, people are mocking him and calling him names and other insults at him. And Johnny sees posters of the Mystery Inc gang and Josie & The Pussycats poster on the bus.

Johnny gets on the bus and looks at his phone and sees a text from Shrilly.

Johnny gets off the bus and he starts heading to his 1st class of the day.

And Johnny sits down. And other kids come.

And the teacher walks in.

MR. BROCK

Well good morning students. Today is a really wonderful day for a quiz.

And all the other students start to moan in disgust.

JOHNNY QUEST

Ah Shit here we go again!!!!!!...

MR. BROCK

So Chad, who was the 5th emperor of China.

CHAD

I don't know Mr. Brock.

CUT TO:

Mr. Brock gets to the last student.

MR. BROCK

What about you Mr. Quest. If you want to participate and share with the class about China and Asia. Did you do the report?

Mr. Brock throws an eraser at him.

JOHNNY QUEST

Ah you know I believe I did do the report sir. And I think the 5th emperor was Xuande emperor and I kinda forget the rest sir...

MR. BROCK

What where you doing last Jonathan that you couldn't get this report done?!...

JOHNNY QUEST

Mr. Brock it's because I had to train yesterday and I had karate and Marshall arts practice as well.

MR. BROCK

Mr. Quest.....I don't know why I always have to teach you. And you never do anything right...And every day this week, you have not turned in any work for me. And that puts you behind 44 assignments missed. I think that will be another 19 weeks of detention for you.

JOHNNY QUEST

Well good!!!! Because I am not perfect and I have no time for school or any of your bull-shit lessons!!!!!!!!!!

MR. BROCK

Jonathan that is really awful and vulgar language from you son. And how dare you say that in my classroom!!!!!!!!

JOHNNY QUEST

My name is not Jonathan Dip
Shit!!!!!!

Jonathan just walks away out of the classroom. And Brock walks to him.

MR. BROCK

Hey come back here!!!! You are in
a lot of trouble once again!!!!

Johnny starts cutting class and walks out of the school. And he takes a random bus to Townsville.

Johnny gets to Townsville and he sees how perfect and grand Townsville really is.

Johnny climbs to the top of the building and looks at the skyline of Townsville.

Johnny's cell phone starts to ring like crazy and Johnny ignores his phone calls.

CUT TO:

Johnny goes to a random super market store and he goes to get himself a soda and a sub sandwich somewhere.

And Johnny starts eating lunch. And Johnny hears his phone ring again.

Johnny answers his cell phone and he is doing a lot of Chinese moves and balancing himself on a building.

And Shrilly is on the phone.

CUT TO:

Shrilly is in the hospital room by himself.

SHRILLY UNO

Johnny what's up man? What's craken man?

JOHNNY QUEST

Hey Shrilly, I'm doing good man. Right now I'm just on top of this random building in Townsville and eating some lunch and also having a coke as well. And then later I'll probably head to the park at some point.

SHRILLY UNO

Dude how many days of school have you skipped at this point in the school year?

JOHNNY QUEST

Probably around 300 weeks at this point.

(MORE)

JOHNNY QUEST (CONT'D)

Dude I just don't believe school is for me. Especially all the trouble that I caused last year and getting into a fight with Fred Jones. And then we dumped a lot of sweets on the capitol. And I know your dad got really mad at me and Fred but mostly Fred because Fred is a big time douche bag.

SHRILLY UNO

Dude you have to stop doing this man. Otherwise your going to get yourself into a lot of trouble. How did you even pay for the sandwich for and the soda?

JOHNNY QUEST

I paid for it with money I saved up while working for the Ed boys at their Jaw breaker factory in Townsville. And I believe my wage is low but it's serviceable and all that stuff.

SHRILLY UNO

Well my life is not so perfect either. Dad and Mom have me going to public school in DC and well it hasn't been good either.

CUT TO:

Shrilly causing trouble around the school and making a lot of macaroni and cheese. And eating a lot of ice cream.

JOHNNY QUEST

Ah dude that's so funny and that's hilarious man. You gotta love Mac and Cheese and eating ice cream.

SHRILLY UNO

There was also that one time I also made a huge cheeseburger at one of my dad's fancy parties at the white house.

Shrilly starts grilling the burger and the burger starts to get really huge and it blows up everywhere on the rose garden.

And all of a sudden, everyone has a lot of cheeseburger and meat and ketchup and mustard and mayo everywhere and buffalo sauce.

CUT TO:

Johnny keeps on talking to Shrilly through face time on his phone.

JOHNNY QUEST

Ah dude that's nothing Compared to dumping ice cream on the nation's capitol.

SHRILLY UNO

And then I also planned a pool party as well.

CUT TO:

All of a sudden Shrilly's throws a pool party at his school and everyone starts jumping in the pool and some students are bringing some beer and other food.

And there is a lot of loud music everywhere.

CUT TO:

Shrilly in the doctor's office talking to Johnny.

JOHNNY QUEST

Ah man that sounds like a kick ass party. Oh I wish I could have went. Was there any girls?

SHRILLY UNO

Oh yeah man there was girls there. Especially since dad is the president.

JOHNNY QUEST

Yeah I was my relationship with Nigel was good, I know he is still pretty mad at what I did even though I saved your life.

SHRILLY UNO

Well you know how my dad is, he is consumed with his job and being the leader of the free world and does not want to get bad press.

JOHNNY QUEST

Yeah fair enough man. Well at least you don't have to deal with the mystery inc people consistently everywhere. God I can't stand Fred Jones. He is such a goody two shoes douche bad and ass-hole!!!! And also he always everything. A girl, friends, even that pathetic and talking dog. And He doesn't have to go to school, he has his mystery inc headquarters in Townsville and he can do what ever wants and I can't stand it!!!!!! And I know I beat him out on being security guard when the Josie and the pussycats band needed a bodyguard but no they choose the mystery inc people to guard them on their tours!!!!!!

Johnny gets really mad and really angry.

SHRILLY UNO

Dude that sucks man. It sounds like you got robbed buddy.

JOHNNY QUEST

So what are your plans for today?

SHRILLY UNO

Ah nothing really much just Mom wanted to get something for dad's birthday cause it's soon and then she just has a doctor's appointment and then we are going to go to brodney show in New York.

JOHNNY QUEST

You know dude that sounds like a lot of fun and a hell of a lot more interesting then what I'm doing. I'm just on top of a building in Townsville and about to go to a park and then who knows what I will do from there.

SHRILLY UNO

Well be careful Johnny because I just don't want you to cause any more trouble in Townsville and I know the powerpuff girls and the Justice Friends are everywhere and if they know, you can get reported to the police.

JOHNNY QUEST

Dude fuck that shit!!!! They are not going to do anything to me. If anything their all my guardian including Professor U.

SHRILLY UNO

Don't you mean Sensi U or Sensi Jack.

CUT TO:

Back to Johnny on the building.

JOHNNY QUEST

Ha, Ha, Ha, Ha, HA...
HA...Funny!!!! God training with them is so hard and the powerpuff girls are hard as shit!!!! I don't know Dexter, Kirk, and Elroy are married to all of them honestly.

SHRILLY UNO

Dude that's just how grown up women are...they expect a lot out of us and they get mad when us young guys screw up!!!! My mom is like that.

JOHNNY QUEST

Dude your mom is loud and crazy at times. If anything she is more nuts then your dad.

SHRILLY UNO

Well dude my life is just as bad too.

JOHNNY QUEST

No it's not man, dude your the 1st child of the United States and the 1st son, you live in fucking Washington DC and live in the White House, I live in a suburb where I get trained and ass kicked like crazy. Well anyway Shrilly I gotta go, I'll talk to you soon bro.

SHRILLY UNO

Yeah for sure. Thanks for calling me, if you need anything from me, let me know.

JOHNNY QUEST

For sure. By Shr....

SHRILLY UNO

Later Quest.

Johnny hangs up the phone. And Johnny keeps eating his lunch and drinking his soda.

Johnny gets done with lunch and he starts going to the park.

CUT TO:

INT. DOCTOR'S ROOM - AFTERNOON

Lizzie is in the doctor's room. And Lizzie is waiting in the room.

And all of a sudden a girl in her late 30's with brown hair walks into the room.

DR. KATIE FLOWERS

Hi Mrs. Uno, I'm Dr. Flowers, I'll be checking up on you today. And doing some tests on you.

LIZZIE UNO

Oh okay doctor.

DR. KATIE FLOWERS

Alright I'll just run some tests on you and do your blood pressure and other things.

LIZZIE UNO

Sounds good.

CUT TO:

Shrilly is still waiting in the other room.

CUT TO:

Lizzie in the clinic room and getting the blood pressure and other check ups in the room.

DR. KATIE FLOWERS

Well you know for the most part Mrs. Uno, I think you are just fine, but I do believe after the shots and reading your body temperature you are starting to get headaches a lot more. And some forms of cancer are starting to form up as well.

LIZZIE UNO

Oh geez. Oh No!!!! That is really awful. Is there anything I can do to reduce all that.

DR. KATIE FLOWERS

I believe there is.

Katie goes to the one of the drawers and she takes out a bottle of pills.

DR. KATIE FLOWERS (CONT'D)

Well I think for now I would recommend taking these drug on the market called Zin supplements and it helps a lot of things including reducing your risk of cancer and also Covid as well.

Dr. Flowers hands Lizzie the bag.

LIZZIE UNO

And are you sure that this stuff is going to work?

DR. KATIE FLOWERS

Oh yeah it has a lot of five stars everywhere and it's really embraced by the science and medical community as well.

LIZZIE UNO

Oh okay. Thank you doctor.

DR. KATIE FLOWERS

Yeah just take the medicine and let me know how you feel in a couple of days.

LIZZIE UNO

Alright okay.

CUT TO:

Lizzie gets out of the medical room and gets her clothes back on and she walks out to meet Shrilly.

LIZZIE UNO (CONT'D)

Hey Shrilly my appointment is all done. Lets go to the airport and meet up with your father.

SHRILLY UNO

Alright okay mom.

As Shrilly is walking away he notices the female doctor is going into a secret room.

SHRILLY UNO (CONT'D)

What the hell?!....

CUT TO:

The female doctor goes into another room and she starts going into an elevator and the elevator starts going down.

The elevator stops and she starts walking into a purple building and everything has a lot of alligators and deadly animals on the wall.

And all of a sudden out of the shadows and out of the darkness, An evil bald looking guy with wrinkles on his forehead walks to her.

DR. ZEO ZIN

Hello Katie, it is really great and really wonderful and fantastic to see you again. And you look very beautiful and very gorgeous and you look very stunning as well my dear.

And Johnny starts walking by him and going to another place and the same guy stop him.

HADJI SINGH

Hey man, how are you doing? I believe I saw you on top of the building in Townsville eating junk food and drinking soda. You want to down some Dr. Depper with me.

JOHNNY QUEST

Ah no thanks man, I just want to be by myself.

HADJI SINGH

Ahhhh...I see...the lone wolf, The young kid who doesn't fit in. Well I know this city is really big and has a lot of history. You know, It's okay not to go to school, you can still be successful without the goverment and those institutions.

JOHNNY QUEST

Yeah that's what a lot of people say but I always have a lot of work to do even I go home. And I just have a feeling I'm always disappointing the people around me and I never seem to make anybody satisfied. Hell, I even yelled at my history teacher as well.

HADJI SINGH

Ah Shit that's a shame...I'm Hadji by the way.

JOHNNY QUEST

Hadji...Well that's a rather interesting name...Well Hadji...I'm Johnny Quest.

HADJI SINGH

Well it's a pleasure to meet you Johnny. So are with anybody?

JOHNNY QUEST

No just by myself really. I don't have any real friends that live in Townsville, and people here think of me as an outcast. And I'm not popular at all in this place.

(MORE)

JOHNNY QUEST (CONT'D)

Even though the person who raised me was a hero and a big time public figure.

HADJI SINGH

Samurai Jack?

JOHNNY QUEST

Yeah man...He's my guardian and him and the Powerpuff girls take care of me.

HADJI SINGH

Oh yeah I have seen them around, they are always flying in the sky and I have seen them take down a lot of bad guys here in this city and also the Justice Friends as well. And the new kids next door as well.

JOHNNY QUEST

Yeah I'm not anything like them. I wish I was...but someone who is very arrogant and ignorant and I have a hot head sometimes and I get a lot of fights and trouble with people. Especially Fred Jones.

HADJI SINGH

Is that the young man who drives that hippie style van with all the hippie designs and all the flowers. And he has a girlfriend with the red hair and she looks a girl from the 1960's and he has blonde hair like you and then there is that one stoner looking young man that looks like a hippie and looks like one of the Beatles from the 60's and then has a big and giant brown dog who loves to hump who female dogs and has the ability to talk and he swears and says a lot of bad words and foul mouth and vulgar words and is sarcastic and rude and is cocky?....

JOHNNY QUEST

.....Yeah that explains most of them and that crew in a nut shell...I mean but it's Fred I can't stand the most...Also to make matters worse, his fucking dad is also the mayor of this city and he gets everything he wants and doesn't have to go to school. And on top of all that, he gets everything he wants.

HADJI SINGH

Have you maybe thought maybe his life is not as easy as you think?

JOHNNY QUEST

What are you like my therapist and counselor now?!....

HADJI SINGH

No, No, No, No, No, No, no...I am not any of those things Johnny. But I do think from what you are saying...Maybe It's just best that you don't go to American public school and just focus on your training and just travel the world....You would learn a lot doing that man.

JOHNNY QUEST

I really hella wish it was that easy. But I don't have the money to do all of that. And I'm not an adult!!!!!!!!!!!!....

HADJI SINGH

Says who?.....

JOHNNY QUEST

I don't know...the goverment...the law...Just people in general.

HADJI SINGH

That didn't stop you from getting into a fight on going to DC and fighting the Jones kid.

JOHNNY QUEST

How do you know about that?!....

HADJI SINGH

I read everything and watch everything...And I try to informed as much as I can. And try to help who ever comes into my life.

JOHNNY QUEST

WHAT?!...WHAT ARE YOU LIKE TRYING BE LIKE GANDHI OR SOME BULL SHIT LIKE THAT?!...OR LIKE MARTIAN FUCKING LUTHER KING JR!!!!?....

HADJI SINGH

Actually I like Gandhi more...

JOHNNY QUEST

What the mother fucking hell is the god damn difference?!...they are both the same in my book.

HADJI SINGH

I am very certain that you don't read a book or study and you waste your time doing a lot of stupid and unintelligent things and you spend your money on junk food and Soda and other types of American junk food.

JOHNNY QUEST

Hey Fuck you man!!!! I train with Samurai Jack and the Powerpuff girls and have done ever since I was a kid...You don't know anything about me dude!!!!!!

HADJI SINGH

No I don't know anything about you. But I can really see that you are wasting your life away and you are going to get into big trouble with the same people who raised you.

JOHNNY QUEST

Well maybe it would easier if my dad was here and I don't get to see my father at all!!!! Cause the goverment banished him into the fucking moon!!!!!!

Johnny gets really mad and angry at Hadji but holds back.

JOHNNY QUEST (CONT'D)

I'm sorry man I just lost my
tempter and it happens to me a lot.

HADJI SINGH

It's okay. I understand...You want
to get out of here and go somewhere
else?

JOHNNY QUEST

That would be really awesome and
really wonderful. Thanks man.

Johnny and Hadji start walking out of the park and going
somewhere else.

CUT TO:

Johnny and Hadji start walking on the side walk.

JOHNNY QUEST (CONT'D)

So where are we going Had?

HADJI SINGH

Well I think you need some time to
relax and I'll take you to an
arcade here in Townsville. Come on.

They keep on walking.

CUT TO:

Hadji and Johnny get to the arcade and Johnny is amazed at
all the games that are there.

JOHNNY QUEST

Holy shit man, this place has a lot
of games. I haven't been here since
I was a kid. The last time I was
here, my dad always took me here
and then we always got Pizza here
as well.

HADJI SINGH

Well I will get some game cards and
we will start playing some games.

All of a sudden there is a montage of Johnny and Hadji
playing a lot of arcade games and them just playing on the
big platforms.

All of a sudden, Johnny goes on a motorcycle video game and he starts riding the motorcycle game in slow motion starts driving the motorcycle really well and the Winning time theme by kruput plays a little bit.

And Johnny just gets completely lost in the whole game and keeps on riding the motorcycle.

And Johnny gets a really high score as he was playing.

EXT. AIR FORCE ONE IN THE SKY - AFTERNOON

CUT TO:

Nigel is inside the airplane with his family. And Nigel is on his cell phone.

PRESIDENT NIGEL UNO

Yes I'll check it very soon and we will talk about it when I get home. Thanks, bye, bye.

Nigel hangs up the phone and Shrilly walks into the office.

PRESIDENT NIGEL UNO (CONT'D)

Shirley, how was your time at the mall with Mom?

SHRILLY UNO

I mean it was okay I guess. But I know she said she wants me to go to Texas very soon.

PRESIDENT NIGEL UNO

Yes we still want that for you Shrilly. I think you would be a great solider and a great agent.

SHRILLY UNO

I don't know dad. Isn't that what Johnny wants to do?

PRESIDENT NIGEL UNO

Well yeah...But Shrilly I think you would be a better secret agent then Johnny would. Johnny causes too much trouble and he causes a lot of chaos as well. I just don't trust him Shrilly.

SHRILLY UNO

But why...Johnny is like my best friend.

PRESIDENT NIGEL UNO

Well I'm your father Shrilly. And what do you want to do with your life Shrilly?

SHRILLY UNO

I don't know I just want to stay in DC and maybe do something with sunglasses and maybe be a sunglasses designer and make weapons.

PRESIDENT NIGEL UNO

Well that's something that really competitive and not very real. Plus after my 2nd term I can't fund you anymore. You need to do something realistic Shrilly. And Fashion is super competitive and Washington DC is very expensive to live in. And the only reason you live here is because of me and your mother!!!!...

SHRILLY UNO

I know pop, I just don't believe living in the south is going to work. I need somewhere that's mainstream and not in the middle of nowhere. I am just having a hard time knowing what that is going to be.

PRESIDENT NIGEL UNO

Well you need something fast because I can't keep supporting you forever Shrilly and I'm not going to be President for very much longer.

SHRILLY UNO

I can work in a toy factory in New York or Texas.

PRESIDENT NIGEL UNO

Ah Jesus Christ!!!!!! Don't do that!!!!...Otherwise you'll be just like Kuki/Number 3 even as a grown woman she still loves rainbow monkeys.

(MORE)

PRESIDENT NIGEL UNO (CONT'D)

I swear I don't know how Wally puts up with all that. But yeah fine, talk to her. I just think you can do so much better son. And if I hear you give your rookie position to Johnny!!!!...You will be grounded and you will be in big trouble...I just don't trust that kid!!!!...

SHRILLY UNO

But I thought you said that you would train and help him and raise him just like Jack and the powerpuff girls would?

PRESIDENT NIGEL UNO

Yeah...I did say that...But...that young man and that boy is out of control, he has skipped so many days of school and never turned in anything...And he gets into his fights with his teachers. And...I just have lost patience with that boy. And he has no future at all. And I don't want you to be like him.

SHRILLY UNO

He saved my life though.

Nigel does a sigh.

PRESIDENT NIGEL UNO

That kid is throwing his life away. And his dad would be very disappointed in him. We will talk about everything later when we get home.

Shrilly walks out of the office on the airplane.

CUT TO:

Hadji and Johnny go into another part of the arcade and Johnny starts putting on the VR.

And the winning time theme plays again.

CUT TO:

Hadji and Johnny all of a sudden go into an aquarium in Townsville.

Johnny and Hadji start looking around the aquarium and looking at all the sea creatures.

JOHNNY QUEST (CONT'D)

So why in the world did you take me to this place Had?

HADJI SINGH

I just took you here because the under water is very interesting and it is cool to look at the sea life.

JOHNNY QUEST

And I guess it just relaxes your mind right?

HADJI SINGH

Yeah for the most part yeah.

JOHNNY QUEST

Oh man this is a lot of fun. Man I really needed something like this.

CUT TO:

Johnny and Hadji are inside of an Indian food restaurant. And they start eating Indian food. And Johnny is eating his food but he finds some flavors very hard to eat.

HADJI SINGH

Don't worry you will get used to it.

HADJI SINGH (CONT'D)

So Johnny, what is your father like? And what kind of adventures did he go on?

JOHNNY QUEST

Well...I guess since this food is calming me down, my father Dr. Benton Quest is a scientist and he would explore a lot of countries and he would report his discovers to the goverment including President Jetson and he worked for him years after the Generational War. And no was not a US solider during all of that. But him and President Uno talked back when he was head of the code name kids next door.

HADJI SINGH

What's the code name kids next door? I don't know.

JOHNNY QUEST

Well they were independent agency that recruited kids and teenagers and legend says they would fight the "adults" which in someways is good because adults do get corrupted very badly in the real world especially in positions of power.

HADJI SINGH

Oh yeah same thing in my country as well.

But the professor is getting old and we getting tired of defending you and playing your mom and if you don't shape up, all three of us will kick your ass and beat the living hell out of you. And frankly with the mouth of yours, you don't know how to treat anybody with respect!!!!

JOHNNY QUEST

God I hate all of you guys!!!! I
just can't do this
anymore!!!!...I'm leaving.

SAMURAI JACK

Your not leaving, you haven't
graduated high school!!!!!!...

JOHNNY QUEST

Well maybe I don't need to
Jack!!!! And guess

by all of you guys, I'm going to
look for my real father and none of
you guys are going to stop me!!!!

BLOSSOM

That's a bad idea because if
anything your dad is nowhere to be
found.

Johnny gets ready to leave and flips off Blossom.

JOHNNY QUEST

You know what?!...Fuck you!!!!

Johnny ends up packing his things and he starts running away
from the professor's house in Townsville.

Johnny leaves and throws a lot of hand insults at the
professor and the powerpuff girls.

SAMURAI JACK

What a dumb kid he is. And we all
gave him everything and he threw it
all at our faces. What a spoiled
brat he is!!!!

BUTTERCUP

Tell me about it.

BUBBLES JETSON

I feel bad however. He's just a
kid.

BLOSSOM

And he will learn to pay the
consequences for his actions and
the things that he says to all of
us as well. It's not worth it.

Oh thanks. Are you new here? I
haven't seen you here before. I'm
Jessie by the way.

JOHNNY QUEST

I'm Johnny Quest.

JESSIE BANNON

Oh wow it's a really huge pleasure
to meet you Mr. Quest. So what
makes you want to work in a very
silly place like this?

JOHNNY QUEST

Well for starters, I just flunked
out of high school and I also just
ran away from my foster parents and
right now I'm just on a very big
time journey to find my dad.

JESSIE BANNON

Oh wow nice that's really awesome.
What kind of job did your dad have?

JOHNNY QUEST

Well he use to be a scientist during the generational war. And then he also worked for a lot of US president as well. But a lot of awful people were looking for him including a lot of bad people. So he had to live somewhere else overseas.

JESSIE BANNON

Oh man that is really huge Johnny. Sounds like you have a lot on your plate to find him. Do know what country he could be in?

JOHNNY QUEST

I'm not really sure but I will see if I can find him.

JESSIE BANNON

And where do you live right now Johnny?

JOHNNY QUEST

Well not far away from here. But right now I am staying in a homeless shelter in Townsville just to avoid my foster parents.

JESSIE BANNON

Oh no you don't have to do that. You can stay with me for a while. And I'm sure my dad will like you.

JOHNNY QUEST

No I can't do that Jessie.

JESSIE BANNON

Sure you can Johnny. It will be a lot of fun.

JACK UNTONIUM
Johnny it's Jack, he do you know where Jonathan could be. He sadly ran away from us and the girls and I am just really wondering if you have seen him.

JOHNNY BRAVO
No I haven't Jack. The last time I saw him was when he was at Lizzie's funeral at New York and then he got into fight with Fred's son. And then I think that was it.

JACK UNTONIUM
Well if you do see him let me know ASAP.

JOHNNY BRAVO
Alright okay Jack. Sure thing man.

Johnny hangs up the phone and all of a sudden, Johnny starts looking at his files of his employees that he has in his company on his computer.

JOHNNY BRAVO (CONT'D)
(reading)
Quest, Quest, Quest, Quest....

Johnny keeps on scorlling and all of a sudden he finds Johnny Quest's name on his computer and in the employee file.

JOHNNY BRAVO (CONT'D)

JOHNNY QUEST
Wait you knew my dad?

RACE BANNON
Oh yeah I knew him. I use to work with him and I was the one that always protected his work. I'll tell you some stories over dinner.

JOHNNY QUEST
Yeah that would really great thank you.

CUT TO:

Everyone is eating dinner at the table.

RACE BANNON
But yeah Johnny. Back when your dad worked in Washington DC, he developed a lot of gadgets for the code name kids next door.

(MORE)

RACE BANNON (CONT'D)

And then I was also a bodyguard under President Trump and then also was hired again under President Jetson. But yeah son, your dad had a lot of people after him especially very scary and really awful people from the middle east. But yeah before the heroes from the generational war were like the guardians of the United States of America and it was a great time. And yeah your dad invented things that would protect and make the world stronger. And that's why a lot of evil people came after him. And I miss him very dearly.

JOHNNY QUEST

Yeah me too Mr. Bannon.

RACE BANNON

But another thing that I wonder too, who has taken care of him since your dad had to be hidden?

JOHNNY QUEST

Well sir, I was staying with Samurai Jack and the powerpuff girls for a while and have been since I was little. But It was very hard to live with them they have huge expectations as well and so I just ran away from them.

RACE BANNON

Oh my god!!!! I'm really sorry but you can stay as long as you want Johnny. Just don't do any funny business with my daughter and that's all that I ask.

JOHNNY QUEST

Yes sir.

RACE BANNON

Do you have any other friends or other boys that you see?

JOHNNY QUEST

Well...I have two friends actually one is a little new and I think he is Indian and then another one that lives in Washington DC.

RACE BANNON
Shrilly Uno?

JOHNNY QUEST
Yeah that's right.

RACE BANNON
Oh I'm really sorry about what happened to Lizzie. I know Nigel for a lot of years back when he was Number 1 of the KND and from watching everything on TV. I can tell he was really sad.

JOHNNY QUEST
Yeah I was in New York that night she died, I was fighting one of the bad guys who broke into the theater and yeah I don't know where they came from but someone has stop them!!!!

RACE BANNON
I agree Johnny. And Someone will eventually.

All of a sudden the door opens again. And an older woman with red hair shows up and goes into the house.

ESTELLA VELASQUEZ

RACE BANNON
Estella my love, I'm glad your home.

ESTELLA VELASQUEZ
Oh me too Race. And who might you be?

RACE BANNON
Estella this Johnny Quest. I worked with his father a very long time ago.

ESTELLA VELASQUEZ

CUT TO:

Johnny and Jessie in Jessie's room.

JESSIE BANNON

And this is my room.

JOHNNY QUEST

Oh wow this place is really colorful and I can tell that you have a lot of photos everywhere.

JESSIE BANNON

I really want to explore the world someday and make medicine for everyone just like your father. And also use my body and my mind and be a weapon and have muscles everywhere and be like the powerpuff girls and be beautiful and really gorgeous and really stunning...and sexy like them.

JOHNNY QUEST

Well believe me they are not as nice as you think.

JESSIE BANNON

But yeah I have to show my chemicals I have made and some of my microscopic things I have found too.

Jessie opens her closet and starts showing Johnny everything. And also some her chemicals.

JESSIE BANNON (CONT'D)

This one is my favorite, this chemical will make you be really tall like a giant and then this chemical I made will make you be immune to poison gas.

JOHNNY QUEST

How do you know that they do those things?

JESSIE BANNON

Well it's because of proteins and other veggies and other X chemicals.

JOHNNY QUEST

So you use chemical X? I think that's kinda dangerous.

(MORE)

JOHNNY QUEST (CONT'D)

Believe me when I was a kid, I had chemical X put into me like crazy by the Powerpuff girls and by Samurai Jack you don't want to be exposed to it. Does your dad know that you make this stuff?

JESSIE BANNON

Oh he doesn't know. But I have another room to show up. Come on.

Jessie presses a button and they start going into an elevator and they start going down.

The elevator stops and they walk out and they start going into a giant room.

JOHNNY QUEST

So what are we doing down here?

JESSIE BANNON

I have something that I really want to show you and I think when I show you...I thin you will really be into me and also want to have your hands all over me.

JOHNNY QUEST

But your dad said no funny business and all that stuff.

JESSIE BANNON

Oh who cares about that. Just up the stairs and I'll show you very soon.

JOHNNY QUEST

Alright okay I guess.

Johnny starts going upstairs and Johnny starts to look down and Jessie starts taking her clothes off and taking off her bra and her bottoms. And Jessie starts drinking the chemicals.

And as she does this, Jessie starts growing really big and starts getting really huge and Jessie all of a sudden is a giant.

And all of a sudden Johnny turns around and Jessie is butt naked in front of Johnny.

JOHNNY QUEST (CONT'D)

Oh man...Holy Shit!!!! Your huge!!!! Your just as tall as a skyscraper.

JESSIE BANNON

It's mostly because of all the chemicals that I mixed up and when I do this I have the power to become a giant and be really tall and also importantly be really strong.

JOHNNY QUEST

And your dad doesn't know that you do this stuff?

JESSIE BANNON

No not at all. Isn't this great?

JOHNNY QUEST

Oh wow. Your like 50th foot woman in that old movie or so. I think you need to meet one of my new friends as well.

JESSIE BANNON

Well I really can't wait to meet him.

JOHNNY QUEST
Dad I'm really glad that your here
and I thought I lost you for good.
And I really missed you.

DR. BENTON QUEST
I missed you too son. I thought
about you and your mother everyday
when I was in that jail cell by the
Johnson space center. And I'm sorry
you grew up without me being there.
And I know I made a lot of mistakes
as well and I'm sorry Johnny. But I
know Samurai jack and the Powerpuff
girls did their best.

JOHNNY QUEST
Not necessarily....if anything they
trained me so much and locked me in
a cage like I was a Bengal tiger
and I can always remember yelling
and screaming in rage and just
being angry and mad and being in
rage all the time. And it was one
of the reasons I didn't make
friends when I was a kid dad. And I
got in trouble a lot and Professor
U always had to ground me and beat
me up and the girls were even worse
as well. Even when I was around
their kids, their kids next
accepted me and I was always like
the stupid step child of their
family. Although Dexter and Val and
Mark and Kirk were always nice but
they could only do so much.

(MORE)

JOHNNY QUEST (CONT'D)

But Dee Dee, Dexter's sister was always really nice and really gentle and really sweet to me and would say things like "it's okay honey, it's alright sweet-heart" if anything she was the closest thing to mom. But just being locked up was just a really hard way to grow up dad.

DR. BENTON QUEST

I'm really sorry Johnny. I just wish I could've done things differently in my life.

JOHNNY QUEST

I know dad.

JOHNNY QUEST (CONT'D)

And I didn't make any friends other than Shrilly intel this year.

What about Samurai Jack and the Powerpuff girls?

JOHNNY BRAVO

They will come as well.

JOHNNY QUEST

Ah boy.

PRESIDENT GEORGE JETSON

What?

JOHNNY QUEST

I kinda got mad at them and ran away so I'm kinda left not on very good terms with them.

DR. BENTON QUEST

They are still your family Johnny.

JOHNNY QUEST

No they are not dad. You are.

DR. BENTON QUEST

I know but you have to forgive them. Please son. Son, I don't want you to make the same mistakes that I made.

different reasons. Especially
you...

Zinn turns to Jessie and keeps on touching her.

JESSIE BANNON
Stop touching me!!!! Johnny will
come for us and save both of us.

DR. ZEO ZIN
I doubt he will because he is just
a kid and he has no help and last I
checked his father Dr. Quest is
still in federal prison in Houston.
And also the heroes of the
generational war won't be enough to
stop me. And as I speak all of my
thugs and soldiers and minions of
mine have now captured everywhere
world leader and every king and
emperor and froze them all. And the
only one missing is President Uno
and soon the United states will be
under my control with my fore-head
and my powers.

SHRILLY UNO
You will never take over the world.
Not if my dad has anything to say
about that.

DR. ZEO ZIN
No he won't child, your dad is
brain-washed and he is in love with
Dr. Flowers and she is seducing him
and mind controlling him as we
speak. And when that happens, your
father will forget about you and
that you exist. And then from there
you will bow down to me. And same
for all your other friends as well.

DR. KATIE FLOWERS
 Oh me too. I mean I know that he
 didn't approve of me and all that.
 But I think people will find him.

DR. KATIE FLOWERS
Call me Katie.

PRESIDENT NIGEL UNO

And I would love to be with someone like you but...It's just not the time, it's not the time, And I need to find my son and I would like to explore things once I find him and once he is here. Nigel and Katie turn around.

PRESIDENT NIGEL UNO
Jonathan? What are you doing here?!....Where's Shrilly?

JOHNNY QUEST
How about you ask her. Mr. President, Dr. Flowers is not who you think she is, she is working for Zinn and she was behind everything and she wants to use your power to gain access to the weapons in the white house and start World War 50.

PRESIDENT NIGEL UNO
Jonathan that's ridiculous, your
starting to sound just like Shrilly
if not more worse then he is.

JOHNNY QUEST
No Mr. Uno, Shrilly is right about
her, please she knows where your
son is. Don't do this sir, please
for yourself and for Shrilly and
Lizzie...

PRESIDENT NIGEL UNO
I don't believe you Jonathan, and
also showing up in my house without
an appointment is illegal and crime

DR. ZEO ZIN (CONT'D)

DR. ZEO ZIN (CONT'D)

Ah Johnny Quest....Johnathan
Quest...I really knew this day
would come as you would die as the
last remaining American solider as
the United States of America falls
and drowns in the sea in matter of
minutes while countries like the
Middle east and China become the
big time super power.

JOHNNY QUEST

You will never win, I was always taught to defend my country and I will always remember the teachings that Samurai Jack and the Powerpuff girls told me. And I always remember even though they weren't my real guardians, they taught me a lot of important lessons.

DR. ZEO ZIN

By the way do you know the real reason why your father was sent to prison?... And how I was part of that,

FADE TO:

FLASH BACK SEQUENCE

Dr. Quest was working in his lab and Zeo came into the room and he stole his chemicals.

DR. ZEO ZIN

(V.O.)

I was working for your father and he had chemicals that I wanted such as to be a very powerful being that can control people such as soldiers and manipulate people.

Benton leaves the room and Zeo end up stealing the chemicals and drinking them and destroying the lab and his brain started to change.

Dr. Zin starts laughing and he starts running of the room and he starts heading to the Ronald Reagan Airport and sneaks on to an airplane.

DR. ZEO ZIN (CONT'D)

(V.O.)

And once I got on the airplane, I then started heading to the middle east to control the whole region and control China and with my mind powers, they did everything that I told them to do. I even did the same thing to the police to arrest your father.

Benton walks into the lab and sees everything destroyed and all of the Military and navy show up and they tackled Dr. Quest and hand-cuffed him and electrocuted.

DR. ZEO ZIN (CONT'D)

(V.O.)

And because of how I controlled people I was able to get your father arrested and framed and it was also same day he had to give you to the Samurai Jack and Powerpuff girls but I know the heroes from the generational war were all getting older and so it was easy to ambush the country and send the Muslim soldiers and the CCP to attack Townsville while President Jetson was in office. And now it all comes full circle...

Dr. Benton quest is hand -cuffed and he starts going into another room with a US army soldier dragging him and they start going into an elevator and Quest gets thrown in jail under the Johnson space center in Houston.

FADE TO:

INT. THE PALLACE - AFTERNOON - PRESENT DAY

DR. ZEO ZIN

So your dad wasn't in jail because of his work Jonathan, he was in jail because I put him there with my mind controlling powers and because I have ability to control everyone including the people you love the most like Shrilly and Ms. Bannon. And I also have her as well.

Zinn presses a button and Jessie is tied up and has tape on her mouth.

Zinn presses another button and Shrilly starts being lowered into a full pool of sharks.

DR. ZEO ZIN (CONT'D)

So you see Mr. Quest, no one can stop me not even you can and it's time I kill you and your friends and destroy America starting with you!!!!

And as Zinn is about touch the right part of his head and control the Muslim soldiers and CCP soldiers. All of a sudden, Johnny screams and yells in rage and Johnny gets up and Johnny all of a sudden tackles Dr. Zin very brutally.

The Justice Friends in New York start hanging on to something.

VAL HALLEN

Everyone hang on, this whole city is going to blow up like crazy.

MONKEY

We need to find a car and get in a car stay in there.

CUT TO:

CUT TO:

The rest of the kids and the mystery inc and pussycats band starts to hang on to something.

CUT TO:

CUT TO:

Johnny grabs on to something and Zinn starts throwing a lot of weapons at Johnny and Johnny gets hit really bad and falls on the ground.

And Johnny struggles to hang on to Zinn walks over to him. And Zinn steps on his hands. And Johnny starts feeling the pain.

DR. ZEO ZIN

Prepare to die Johnny Quest and
it's time that you fell into the
black hole that I created with my
mind and with my powers and it's
time that I killed you and
destroyed your country!!!!!!

Johnny struggles to hang on and then all of a sudden Johnny gets hold of a kitchen knife and Johnny for dear life grabs the handle of the knife and Johnny with all his might throws the knife at Dr. Zinn's arms and grunts.

Dr. Zinn gets stabbed really bad in the arm and the sucking stops and Johnny tackles Dr. Zinn again and throws a lot of punches and kicks at him.

Johnny grunts and yells and just flat out whacks and punches Dr. Zinn in the face and all of a sudden with big time rage Johnny grabs and chocks Dr. Zinn with all his strength. And Johnny body slams Zinn to the ground and shoves his head into a glass window.

Zinn tries to attack Johnny with more attacks but Johnny ducks and Johnny punches Zinn in the face and forces him up in the air and Zinn falls to the ground completely beat up.

And Zinn struggles to get up and is really weak. And Zinn starts spitting out a lot of blood.

JOHNNY QUEST

Get up!!!!!!

Zinn tries to get up and Johnny grabs Zinn and shoves his body into the wall and Johnny punches Dr. Zinn in the face 50 times and kicks him in the face with his thigh.

And Zinn falls to the ground.

JOHNNY QUEST (CONT'D)

Get the fuck up!!!!!!

Zinn does an evil laugh and he screams and throws more punches and kicks at Johnny but Johnny ducks and tackles Zinn again and Johnny grabs a middle eastern sword and Johnny grabs the sword and stabs Zinn in the forehead and knocks the diamond out of his fore-head and blood starts coming out of his head.

JOHNNY QUEST (CONT'D)

I have waited my entire life to
kill you and this for all the bad
things you did to my father you son
of a bitch!!!!!!

Johnny punches Zinn in the face and Zinn falls to the ground and he is dead and blood is on the ground.

Johnny goes up the stairs and he un-ties Shrilly and Jessie.

JESSIE BANNON

Johnny!!!!

JOHNNY QUEST

Jessie I'm glad you guys are okay.

SHRILLY UNO

Thanks man, I really thought we were going to be sucked in the black hole.

JOHNNY QUEST

Yeah me too, we have to get out of here before some grabs Zinn's diamond and uses it.

JERMLIAH SURD

And that's what I will do Mr. Quest.

Johnny, Shrilly and Jessie turn back and see Jeremiah.

JERMLIAH SURD (CONT'D)

Dr. Zinn might be dead but I will be the supreme ruler of the world and you won't be able to stop me!!!!

JOHNNY QUEST

Not going to happen.

All of a sudden Johnny grabs a pistol gun and Johnny fires around 40 bullets and kills Surd and Surd falls to the ground.

Johnny walks over to Surd's dead body and Johnny grabs the purple diamond and puts it in his pocket.

And all of a sudden a huge cargo airplane shows up with President Jetson flying it and it lands on the ground.

And the airplane starts to open and Number 2 and Number 4 run out.

HOAGIE PENNYWHISTLE GILLIGAN

Don't worry Shrilly your safe. Lets go home son.

SHRILLY UNO
Thank you Mr. Vice President.

Number 2 and Number 4 help Johnny, Shrilly and Jessie get on the cargo airplane.

They get on the airplane and Dr. Quest comes up to Johnny.

DR. BENTON QUEST
Are you okay son?

JOHNNY QUEST
I'm okay dad, and I found out everything, your crime was sham. Zinn was behind everything.

DR. BENTON QUEST
I know son, he stole everything from me and blamed me for the Chinese and his people stealing everything. And it took a long time for people to realize that. And I'm glad I have you Johnny and I will never abandon you ever again son. And I love you Johnny.

JOHNNY QUEST
I love you too dad.

Johnny and Dr. Quest hug each other and tears start coming out of Johnny's eyes.

CUT TO:

The cargo airplane lands on the ground in Washington DC and the airplane lands on the ground and everyone gets out of the airplane.

CUT TO:

INT. INSIDE THE WHITE HOUSE - AFTERNOON

Johnny and Jessie and Shrilly are eating dinner in the dinning room. And they are all wearing fancy clothes.

CUT TO:

The kids and the President Uno are in the oval office and behind the camera. And Benton is also there.

Nigel sits down behind the desk and the camera gets ready to turn on.

CAMERA MAN 1

Alright Mr. President we are live
in 5, 4, 3, 2, and 1 and go.

And the light turns on.

PRESIDENT NIGEL UNO

.....good evening.....My
fellow Americans...and my fellow
citizens, yesterday around the
world the planet earth was attacked
by terrorist in the middle east and
also in China, and I believe with
the help of some of the heroes of
the generational war, but also some
new heroes including my son and his
friend Jonathan Quest. And it has
come to my attention that Dr. Quest
was in jail for crimes he did not
commit and instead Dr. Quest had
been framed by one of his
colleagues that became an evil mad
man who wanted to destroy the
United States of America and the
rest of the world, and my heart
goes to all soldiers who lost their
lives defend our country yesterday
and my heart breaks for them and
their families and my thoughts and
prayers are with them. Tomorrow
morning as your president I will
travel around the country with some
of the families of the soldiers we
lost yesterday and being with them
because I too almost lost my son.
And this year I had to say good bye
to Elizabeth Uno the love of my
life. And ladies and gentlemen,
this has been a really hard year
for all of us. Because we are all
getting older and we are not
getting much younger, And we have
to teach our children the values of
country and our history because if
we don't we are doomed to repeat
it...

CUT TO:

Some of the Cartoon Network characters are watching the speech in Townsville.

And some of the new kids such as the mystery inc and pussycats band are watching the speech.

Mayor Jones is also watching the speech.

CUT TO:

Nigel sitting on the desk.

PRESIDENT NIGEL UNO (CONT'D)

And so anyways ladies and gentlemen, I know I won't be president for long, but I hope in the future that we never go to war ever again and if we do, I want us to have a game plan because nobody wants war and nobody wants what happened yesterday and I hope in the future we can be a stronger country and I hope to leave office better then what I found it and I know that the time is ticking for all of us to do better and to be better and I know that one day in reality we may not be the strongest country in the world. And for me I hope that day never comes but we have to teach the next generation about our principals and our values and our liberty and most of all our freedom. And I encourage everyone to hug their sons, daughters, moms, dads, uncles, aunts, and friends and girlfriends and boyfriends and people and we must be loving to one another just like in the bible and i hope we can preserve this country and take it into the future as well. And I believe that's all I have to say. And god bless all you and god bless the United States of America.

The camera finally turns on and Nigel starts whipping the tears off his eyes.

CAMERA MAN 1

Alright that's a cut and we are off.

FADE TO:

JOHNNY QUEST

PRESIDENT NIGEL UNO

Of course you can young man, I want you to see the world and travel and report back to me and I think with your skills as a warrior and being trained by Samurai Jack and the Powerpuff girls and being raised around the heroes from the generational war we could use someone like you. And plus someone like you is meant to see the world and not stay in Townsville forever.

JOHNNY QUEST

I agree sir, would I be able to visit Shrilly.

PRESIDENT NIGEL UNO

Of course Jonathan, you saved us life, and he owes you everything. And Jonathan before you start your new job, I want to give you something.

CARL PLASENDA

(weak voice)

I was a scientist that worked for Dexter Utonium in Townsville and we were working on a dangerous experiment...and now I have these things that I have to give who ever is worthy these planet rings. The 1st one is earth, and then 2nd one is fire, then there is wind, and then there is water and heart...and you need to hurry and find who ever is worthy of becoming a planeteer warrior and only then I can be healthy again.

BRIAN BAMMERSON

But the heroes of the generational war are still alive.
