But as the theater part of the logo shows up, there is a white light bulb that is flickering around 9 times. And that light bulb goes out and the white circle shows up again and keeps moving across the screen - The Bond theme is playing big time glory during the Amazon studios intro and this intro is also in black and white much like the gun-barrell.

Once my brother comes into the
room.

KIMBERLY KELLY

(scarred voice)
What do you want with me?.....

JACK SPANG

Well the main reason I wanted you
was because your father Troy had
something that I really wanted
especially when it comes to his
diamond company.

KIMBERLY KELLY

(scarred voice)
I don't know anything about that.

JACK SPANG

Of course you don't my dear. But I

lot to get you back.

SERAFFIMO SPANG

Yeah, and from there we will be
rich and own all the diamond
companies and be the biggest
diamond smuggling company in the
world thanks to your father. And no
one will be able to save you.

And they both do an evil laugh.

So we can do this the hard way or
the easy way, you will be able to
choose.

of days.

MONNEYPENNY

And you never thought about calling
anyone.

JAMES BOND 007

Why the hell would I?!...The old
man would put me through a lot of

Thank you sir I really appreciate it.

M

However 007, I do believe we might need to run you through some tests and some hospital visits and some extra training to make sure you are healthy to be out in the field again.

JAMES BOND 007

Ah bugger, fuck!!!!

M

It's my rules Bond, it's this new government under the king and Charles's regulations on this place now and how it's his majesty's government now. But yes, just do some working out and stop by Q branch and Q will provide some gadgets for you.

JAMES BOND 007

Is that all sir?

M

Not quite Bond, you also have a new mission that I have been eyeing for years and I'll show you everything. Sit down.

Bond sits down and M starts running through everything.

M starts showing Bond the murder that happened in Las Vegas.

M (CONT'D)

What do you know about diamonds and other jewelry 007?

JAMES BOND 007

Well not much sir, but I know that women love diamonds and I always see a lot of beautiful ladies wearing the latest rings and necklaces and loved Queen Middleton's new rings and necklaces that she got sir. William is a very lucky man.

M

Well those are really good points 007. However, we have a really huge problem in Africa. A couple of months ago there was a killing in Las Vegas and 21 year old girl from the United States name Kimberly Kelly and her father were killed and the people behind the murders could be people behind the diamond smuggling. Sources say that these men that are brothers name Jack and Serfaffino Spang and they smuggle diamonds out of Africa and it's rumored that they just control of a diamond company called Kelly Capital after killing Troy Kelly and his wife and his daughter. And they didn't act alone, they henchmen name Mr. Wint and Mr. Kidd.

JAMES BOND 007

Well those are very childish and bull-shit names.

M

They are 007. And also these men are American but it's rumored that they partnering with communist countries and selling diamonds to people in countries that hate the west. And they have a diamond store here in Manchester as well. Our first contact will be in New York and you will be meeting with one of their associates name Tiffany Case.

(MORE)

M (CONT'D)

And you will go under the name
Peter Franks.

JAMES BOND 007

Oh that's interesting sir, when I
was on my way home and when I was
in Brazil, I ran into her, very
fast lady and I paid for her plane
ticket when I was in Texas. But I
didn't know where she was going
after Houston.

M

And that's where you come in 007.

M turns off the presentation.

M (CONT'D)

Well that's everything. Any
comments 007?

JAMES BOND 007

Well not much sir, but do I really
have to do more working out and
training. I think I'm pretty
healthy.

M

I'm sorry just these new rules.

JAMES BOND 007

Fucking hell.

Bond begins to walk out of the office.

M

Bond?

Bond turns around at M.

JAMES BOND 007

Yes?

M

Come back alive.

JAMES BOND 007

Well do sir, well do.

CUT TO:

James Bond working out in a gym somewhere in London and
writing down his laps and the calories he has burned.

James Bond goes to some hospital visits. And he passes some physicals with flying colors.

CUT TO:

Bond is in another Uber and he starts heading to another section of MI6 and Bond gets out of the Uber and he starts heading into Q-Branch.

Bond walks into Q-Branch and Q is working on some other high tech gadgets in laboratory and also building some new BMW and Aston Martin cars in his lab and garage.

Q
Mate, I really need those cars for
002 and 003 later today.

GADGET WORKER 1
It's going to be a little late.

Q
What?!...what the devil?!...why the
fuck why?!...Just get those gadgets
done you slog-heads!!!!

Q (CONT'D)
Jesus Christ this day is just bad
and all these people are all a
bunch of buggers.

Bond walks up to Q.

JAMES BOND 007
Good morning Q.

Q
Ah morning 007, I am really sorry
you had to see all this mess I have
to deal with. M told me about your
new mission in New York about this
diamond smuggling mission and I
believe I might have some gadgets
that could help you 007.

Bond and Q start walking to one of the tables and showing
Bond his new gadgets.

Q (CONT'D)
I am also glad that you are back in
one piece 007. I know M and I were
talking about you and we both
missed you as well. Right, I got
some things to show you.

Q walks over to a new suit.

Q (CONT'D)

This suit is fancy suit but not just any suit, the cuffingls on these suits will allow you to electrocute your enemies if you are grabbed our captured and it also stun with them with jewelry stabs as well. It had a hidden button within the suit and you just have to lean against the wall and it stings and kills people.

JAMES BOND 007

Oh that looks breath taking Q, fancy but deadly. I love it.

Q

Not finished 007. This next gadget is diamond ring, yes I know what you are thinking, men don't wear diamond rings, but this diamond might look like a championship ring that futbol players wear, however this ring can be used to deactivate and open safes and also be used to hack into any car if you need it.

JAMES BOND 007

Sounds like a mighty ring from medevil tale or like something out of Harry Potter or Lord of the rings.

Q

That is what I was thinking when I was building it, now you will have a new car as well. Fallow me please.

Bond keeps on fallowing Q. And they finally get to the garage part of the lab.

And all of a sudden a sparkling rolls royce car that is a 2025 model.

Bond ends up seeing the car.

JAMES BOND 007

Mmmmmmmmmmm...I a rolls royce?

Q

Ah yes, this is going to be your new rolls royce car. While you are in Vegas and New York on your missions you will be posing as a Showfer driver, but it's just a normal rolls royce car and it's not just beautiful but it's deadly and it's dangerous. It has some of stranded weapons. Machine guns, missiles and so on, but you can also drive this car with your smart phone even if you are in the trunk of the car as well 007. And also can sting your enemies from behind as well.

All of a sudden someone from behind accidentally gets electrocuted and a big time alarm goes off like crazy and the guy is screaming like crazy.

Q (CONT'D)

Just send him to the ice room really fast.

And more workers get out fire extinguishers and get the fire off of him.

JAMES BOND 007

Yes this is probably the big lesson why you should never ease drop especially someone that is really important. Especially on a fancy car that is sparkling like a diamond.

Q

Oh grow up 007.

Q shows Bond more gadgets.

Q (CONT'D)

Also, M wanted me to show your new passport that is new Global UK passport that will get into even the most hardest countries on the planet. But it's just a normal passport, if you are ever trouble with people lets see in a communist country and they want to kill you.

(MORE)

Q (CONT'D)

All you do is just you point your passport at the communist soldier and all of a sudden sun on the paper will end up burning the soldier but you have to slide your fingers on your photo at least 4 times or so. And it also notices your finger print as well.

JAMES BOND 007

That is really genius and really wonderful Q.

Q

Now even though I sound like a broken record but do please return all of this in one piece. Including the car 007.

JAMES BOND 007

I will do what I can.

Q

At this point I really believe your word doesn't mean anything at this point but what do I know.

Q also prints out some planet tickets.

Q hands the planet tickets to Bond.

Q (CONT'D)

Your flight to New York to meet Ms. Case is tomorrow morning. And please do not make a fool of yourself while you are in the United States 007.

JAMES BOND 007

I will try not to Q but it just depends in the end. Is that it?

Q

It is. Now be careful and good luck.

JAMES BOND 007

Thanks Q.

TIFFANY CASE

Holy shit are you okay? What happened?

JAMES BOND 007

There was a guy that was fallowing us in the hotel room and I was able to take care of him.

TIFFANY CASE

Well you have to be careful not to do too much damage otherwise the cops could find us and then we could end up going to jail or to prison or so.

JAMES BOND 007

Well I don't believe the police will be on to us anytime soon. Come on lets get out of here.

Bond and Tiffany end up driving back to the Waldorf hotel.

Sera, I need to contact Mr. Wint and Mr. Kidd and tell them to run a couple of searches on Peter Franks.

SERAFFIMO SPANG

Oh you are so sweet and you smell really nice and really wonderful and you are a really sexy man as well.

JAMES BOND 007

Same with you as well. And I also love your taste as well. And you are a very beautiful and a very vibrant and a really lovely woman as well.

Plenty finally gets more energy and she keeps on having sex with James Bond in his hotel room and they keep on making out.

FADE TO:

INT. BOND'S HOTEL ROOM - MORNING

Bond is sleeping in his bed and Plenty is sleeping on top of him.

Bond looks at his watch and notices the time.

JAMES BOND 007

Ah fucking hell, I have to meet up someone. Shit.

Bond gets up and he starts taking a shower. And Plenty joins him in the shower.

PLENTY O TOOLE

Mmmmmmmmm...do you really have to go? I'll miss you sweetie.

JAMES BOND 007

Oh but I have to darling. Otherwise I don't get a big pay out.

PLENTY O TOOLE

What do you do anyway?

JAMES BOND 007

I'm just a chauffeur driver right now and working on some other stuff as well.

PLENTY O TOOLE

Oh. Well I have somewhere to get to
as well. If you can drive me.

JAMES BOND 007

Of course I can.

As Bond turns on the shower, Bond and Plenty start making out
in the shower. And Bond closes the shower door.

CUT TO:

Bond and Plenty get out of Bond's hotel room and Bond is
wearing normal clothes and Bond and Plenty get to Bond's car.
And Bond turns on the car and Bond and Plenty get into the
car. And Bond starts driving off.

CUT TO:

EXT. AROUND LAS VEGAS - MORNING

Plenty is riding shotgun with Bond.

JAMES BOND 007

So where is your work Plenty?

PLENTY O TOOLE

It's around the MGM hotel and I
work there.

JAMES BOND 007

Alright then. Sounds good.

Bond gets to the MGM hotel and drops off Plenty.

JAMES BOND 007 (CONT'D)

What time do you want me to pick
you up?

PLENTY O TOOLE

I get off around 8PM or so. Is that
okay with you?

JAMES BOND 007

Sure thing. I have a full day as
well.

Plenty kisses Bond the lips and Plenty goes into work inside
the MGM hotel.

Bond drives into another parking garage and he starts
changing into Chauffeur outfit. As he does this a man with
JFK style hair a suit sees him.

FELIX LEITER

I also might need a ride once your ready.

JAMES BOND 007

Yeah I'm just ready yet and...

Bond ends up turning and sees Felix for the first time.

JAMES BOND 007 (CONT'D)

Oh Felix, How are you?

FELIX LEITER

I'm doing good partner. Say what are you doing in Las Vegas dressed up as a Chauffeur and driving a rolls royce?

JAMES BOND 007

I will tell you everything real soon, did you want to get anything?

FELIX LEITER

Oh yeah, I just woke up hours ago, I can sure use some food.

Felix gets into the car with Bond and Bond starts looking for a restaurant and he starts driving.

CUT TO:

Bond and Felix are sitting down and are having Mexican food.

Bond gets chicken taco with a lady bird soda and Felix ends up getting some country fried steak and mashed potatoes.

FELIX LEITER (CONT'D)

So what's going on Bond? Fill me on.

JAMES BOND 007

Well Felix. The main reason I'm in Las Vegas is because I'm undercover as a diamond smuggler name Peter Franks and I'm disguised a chauffeur for Tiffany Case who works with the Spang brothers. Saw one of them last night when I was playing black jack.

FELIX LEITER

Oh Jesus Christ those guys are really no good, I don't know if you herd but the Spang boys just killed a man name Troy Kelly and they even killed his daughter not that long ago as well.

JAMES BOND 007

What happen to the wife?

FELIX LEITER

Sadly nobody knows, it's rumored that once Troy Kelly and his daughter Kimberly were killed, they might kidnapped the wife or she is dead already and they were killed by these homosexual killers that are just fucking radical and hate anybody who loves America and the west. And they will kill anybody who loves President Trump as well.

JAMES BOND 007

Mr. Wint and Mr. Kidd?

FELIX LEITER

Yeah those are their names. Very awful and evil people. And they are evil radical as well. The Spang brothers are the same way.

JAMES BOND 007

So does the CIA and FBI or NASA have any initial on their plan?

FELIX LEITER

Sadly not yet James. But the last person that saw Kimberly Kelly was a young girl in her 20's name Priscilla "Plenty" O Toole. She was friends with Kimberly Kelly and went to the same college as her at the UNLV campus as well.

JAMES BOND 007

Oh dear, I also her saw her and meet Plenty as well.

FELIX LEITER

Yeah I would protect her as much as you can James, the Spang organization wants their diamonds and they do what ever they can to get them, they also are building diamond plants all over the country as well and want to use diamonds for a very big time plan as well but nobody knows what yet.

JAMES BOND 007

Well before I checked back in with M and MI6 and Universal exports, when I was coming out of my Coma and going through the east and going through China and heading back to London, I came across on the plants in Africa as well and killed one of their guys in their plant as well.

FELIX LEITER

Well sadly there are more of them, anyway, I have to get going, I'll try to cover your tracks as much as i can but if anything goes I'll get more CIA agents to help you.

JAMES BOND 007

That would be great. Thanks Felix.

FELIX LEITER

Sure thing James.

JAMES BOND 007

And also thanks for breakfast as well.

FELIX LEITER

Your welcome James.

CUT TO:

EXT. OUTSIDE OF THE RESTAURANT - MORNING

Bond and Felix part ways and Bond goes back into Rolls Royce car and Bond is in the car and Bond gets a text message from Tiffany. Bond reads the text and he drives off to pick up Tiffany at her hotel.

Tiffany walks out of her hotel in womans business suit and she walks into the car.

TIFFANY CASE

Your late, where the hell were you?!...

JAMES BOND 007

Oh I was just with a friend of mine or so, sorry I'm late.

TIFFANY CASE

It's fine, anyway, we are suppose to meeting ABC and the Spang brothers at their house in Nevada that is outside of Vegas. I send you the directions through text or so, did you get it?

JAMES BOND 007

I did actually and we will be there very shortly.

Bond starts driving the sparkling rolls royce car and he starts driving to Reno, Nevada.

And Tiffany is falling a sleep in the car. And Bond ends up driving for 7 hours and at the same puts the car on auto pilot he also sleeps during the ride as well.

CUT TO:

Bond stops at truck stop and he gets Tiffany some food and gets her some normal food.

Tiffany wakes up from sleeping and sees the food.

TIFFANY CASE

Oh thanks, yeah I was really getting hungry.

JAMES BOND 007

Oh your welcome.

As Bond is with Tiffany, there are some normal looking Toyota cars that are spying on Bond and Tiffany and there men with bags over their heads.

MR. WINT

There he is Mr. Kidd, he really thought he could kill us back in New York but we know who he really is.

MR. KIDD

I agree Mr. Wint. And very soon not only will we get our money and take over the world, but we kill the mole as well.

MR. WINT

I agree Mr. Wint.

Bond drives off into the night and Mr. Wint and Mr. Kidd follow them to the Spang Mansion.

FADE TO:

EXT. AROUND RENO, NEVADA - AFTERNOON

Bond keeps on driving and as Bond keeps on driving, Bond approaches a mansion style house that is painted white and also a horse-track by it as well.

Bond parks the rolls royce park and Tiffany gets out of the car and she grabs the diamonds from her briefcase and the Spang brothers show up.

SERAFFIMO SPANG

I'm glad you can make it Tiffany.

TIFFANY CASE

Oh thank you, I'm glad I was able to come here the drive was really a lot.

Jack shows up.

JACK SPANG

Indeed it is Ms. Case.

As Jack shows up, Bond notices how the brothers look the same.

JAMES BOND 007

Let me get your bags Ms. Case.

TIFFANY CASE

Thank you Peter.

As Jack comes up to him, Bond puts on his chauffeur hat.

JACK SPANG

Say I notice you from somewhere.
You look fimlar.

JAMES BOND 007

I don't know what you are talking about it. I'm just a driver and I also have diamonds as well sir.

JACK SPANG

Interesting because last night when I was in Las Vegas I saw someone that looked just like you and he had a white tuxedo and a red rose on his tuxs as well.

JAMES BOND 007

Well it sounds like he was a really sharp man.

JACK SPANG

Well come inside, we have a lot to talk about.

Bond carries Tiffany's briefcases full of diamonds into the mansion.

CUT TO:

Bond walks into the mansion and all of a sudden he sees a man that is balding wearing a country club style suit.

SHADDY TREE

Just put the diamonds in the diamond room or so.

JAMES BOND 007

Sounds good.

Bond picks up the briefcase and Bond is able to find a room full of not just diamonds but also rubies as well and other jewelry.

Before James Bond leaves the room, Bond gets out his smart phone and starts taking photos of the diamonds and jewelry. And as Bond does so, he starts doing a voice message.

JAMES BOND 007 (CONT'D)

Bond to MI6, Bond to MI6, this is James Bond, I have infiltrated the Spang brothers mansion in Reno, Nevada. I have taken photos and send them to M and MI6 and Universal exports and his majesty's government. I will send more to M once I have more information. 007 out.

Bond turns off the voice mail and he sends the voice message to M moments later.

CUT TO:

M is in his office and he starts to see the diamonds and the rest of the jewelry.

M

Good fucking lord!!!!!!....that is a lot of jewelry.

CUT TO:

Bond is able to get out of the jewelry room and he sees the meeting room and he sees Shady Tree and ABC sitting down. ABC ends up being 2 women. One African American woman in her late 20's and a white woman in her mid 20's.

Tiffany sits down on the sofa along with Shady tree and 2 women.

The Spang brothers show up.

SERAFFIMO SPANG

Well good afternoon everyone. First I just wanted to thank Tiffany Case for getting us the last bags of diamonds back in New York and with her accomplish Mr. Peter Franks.

JACK SPANG

But the main reason why we all called this meeting is because we really close to our plan of not only getting all the diamonds in the world, but our plan is to make women more powerful with a lot of jewelry that is going to mind control women but not just women, everyone. Our necklaces and diamond rings will not only control people but also create weapons of mass destruction and we will be closer to partnering with Cuba, Venezuela, and North Korea and not only will they build weapons but also these diamonds and jewelry be used to make home and apartments nicer. But what the general public doesn't know is that these diamonds will mind control people and poison people making the west a lot more weak as well.

SERAFFIMO SPANG

And very soon from all these diamonds and jewelry we will use these diamonds to create weapons and give weapons made from these diamonds into the destroying west starting with Las Vegas as ground zero. Bambi and Thumper will show us.

All of a sudden the same women come and all of a sudden, an older woman gets dragged out and she gets placed on a medical chair and she is struggling to get free.

AMANDA KELLY

Let go of me!!!!, you will pay for killing my daughter and killing my husband!!!! Help!!!, Somebody help me!!!!

SERAFFIMO SPANG

The first example is Mrs. Kelly the former wife of Troy Kelly who we stole her husband's diamond company to increase our own empire. Bambi, Thumper.

The 2 women strap Mrs. Kelly on to the table and Amanda is trying to get free but Jack comes from behind and injects her with sleeping cerium and Amanda gets knocked out.

SERAFFIMO SPANG (CONT'D)

Thank you brother. Now with these diamond necklaces we will put these rings and these necklaces on Mrs. Kelly and very soon, these diamonds will take control of her and hack into her brain and her every thought. And will make her younger as well.

As the jewelry is on Amanda, the diamonds and jewelry blings start infecting her eyes and Amanda starts getting brain-washed and she starts becoming a younger version of herself.

And Bambi and Thumper release Amanda and Amanda is on her feet.

SERAFFIMO SPANG (CONT'D)

And now Amanda is now younger but she is a very clean brain, and she is now completely mind controlled.

(MORE)

SERAFFIMO SPANG (CONT'D)

And not only will this be on diamonds, we are also working on melting the diamonds and having all these diamonds and jewelry turned into medicine and make up for women all over the world as well. But the goal is so everyone have these diamonds and this jewelry for medicine, make-up, and improving imperfections as well. And it will be on the market very soon as well.

Bond gets really scarred and shocked.

And Bond takes more photos and recordings of the meeting.

Bond presses a button on his spy watch.

JAMES BOND 007

M I think we have a major problem on our hands.

The meeting ends and all of a sudden Amanda feels really weak and she starts to feel the side-effects of the jewelry and diamonds and the diamonds start aging her very badly and killing her.

And Amanda starts screaming like crazy and Amanda's body starts burning up from the diamonds and the jewelry. And Amanda's body explodes in flames.

JACK SPANG

And that right there is the main phase of our plan and it's official that we own the Kelly family fortune now. Meeting is done.

Bond goes up to the dead and burned up body of Amanda and takes photos and send the photos to MI6.

As Bond is done, Bambi comes up to James Bond.

BAMBI

Did you like the meeting?

JAMES BOND 007

Well the meeting was really interesting.

And Thumber comes up to Bond.

THUMPER

And also the boss really wants to see you as well.

Thumber points a gun at Bond.

JAMES BOND 007
Alright okay. Sounds good.

Bambi and Thumper takes Bond up to Jack's office in the Mansion. The door opens and Jack sees Bond.

JACK SPANG
Ah Mr. Franks, I just wanted
congratulate you and Ms. Case for
getting the diamonds back in New
York.

JAMES BOND 007
Oh it was nothing sir.

Sera also shows up and opens the door and Mr. Wint and Mr.
Kidd show up.

JAMES BOND 007 (CONT'D)
Hello Wint and Kidd.

SERAFFIMO SPANG
I found out these boys know who you
really are. And that you are not
Peter Franks. And they said that
driving is not your own set of
skills as well. And we also have
footage of you in Africa as well.

Seraffimo has a flash drive and plugs in the flash drive and
shows Bond the footage of when he was fitting the thugs in
Africa and also in New York City.

JACK SPANG
Yeah I knew there was something
different about you and from the
footage of what happened in Africa
and in New York. And we know a lot
about you as well and that your not
chauffeur driver as well. Wint.

All of a sudden Wint punches Bond in the face and Kidd grabs
a baseball and hits Bond in the stomach and ties up to a
chair and Bond tries to get free and Wint electrocutes Bond
really bad.

Jack grabs the papers and photos.

JACK SPANG (CONT'D)
But yeah lets see your real
information and who you really are.
Name, James Bond.
(MORE)

JACK SPANG (CONT'D)

Codename, Double O Seven and works for Mi6 and Universal exports in London, England, last time you were in action was a year ago and a lot of people thought you died in the China sea on your last mission as well. Age: 32 years old. Nationally: UK and also from Scottish as well. It's quite the resume...Mr. Bond...

JAMES BOND 007

Yeah and you going to use diamonds to kill billions of people for own sick and twisted little game.

Sera starts to laugh and crack up.

SERAFFIMO SPANG

Well thats the thing Jimmy my boy. Diamonds and other jewelry can used to create a lot of things such as medicine, necklaces, and also rings as well. And we will also use it for building material as well and then we will use the jewelry to create houses for world leaders but then it will be used to mind control them as well.

JAMES BOND 007

What happens with Tiffany in all of this?

SERAFFIMO SPANG

Well I'm glad you asked Jimmy boy, we are going to use her as a body double and then create some tanning oil and sunscreen with the diamonds and rubies as well. Along with Ms. O toole as well since she was the last person that saw Troy Kelly's daughter before she died and her daughter was the first victim that was killed as well.

JAMES BOND 007

Your products and jewelry will not go far and you two are going to destroy and kill millions.

JACK SPANG

Well you are correct Mr. Bond but you know what they say...Diamonds are a girl's best friend even when the diamonds are awful and will kill them and kill people and we will get Ms. O Toole as well.

JAMES BOND 007

If you hurt her, the CIA, FBI, and NASA will be after you and so will my government.

SERAFFIMO SPANG

Wint, Kidd, take Jimmy Boy down to the horse track and take out the horse shit and put him in the river.

Wint and Kidd come up and they start beating up James Bond like crazy and Bond has a black eye.

JACK SPANG

Good bye Mr. Bond.....

Mr. Wint and Mr. Kidd put James Bond's body into a broken car and they shut the car up with a lot of protection and holes for water to go in.

Bond tries to get free as he is tied up. And Bond is grunting like crazy.

MR. KIDD

Ah Wint do we really have to kill him. He was so cute.

MR. WINT

Ah but we have to Kidd, it's what the Spang boys want. Such as a shame, what a handsome boy he is truly is and it's too bad he has to die. But he did it to himself. Good boy gorgeous.

Wint and Kidd do an evil feminine gay style laugh and all of a sudden use a wrecking ball and they push the car into Lake Tahoe.

And all of a sudden the broken car begins to sink really hard into the water and Water is coming into the car like crazy.

James Bond uses all his wits and any object in the car to get free.

Water keeps on getting into car and Bond is running out of time and Bond finally un-ties himself and gets out of the ropes and Bond reaches into his passport and Bond slides on of his fingers.

And as Bond slides his fingers on the passport, the passport ends burning the broken down car and Bond is able to swim out of the car and Bond starts swimming to the surface.

Bond starts breathing really heavily and takes a lot of deep breathes.

Bond swims to shore and Bond sees Wint and Kidd's car drive off.

Bond presses a button on his watch. And Bond's rolls royce comes and is able to track him down.

Bond opens up the car and finds some new clothes and changes out of his wet chauffeur clothes. And changes into normal clothes.

JAMES BOND 007

Fucking hell!!!! I won't be driving anybody else ever again. I have to sneak into that house.

JAMES BOND 007

Q

JAMES BOND 007

Thanks Q.

Bond takes more photos and as Bond keeps on exploring the house little more, and Bond is able to steel some chemicals and put diamond chemicals into bullets and create some new bullets for himself.

Tiffany tries to go to the alarm and Bond grabs her really
hard on the wrist.

TIFFANY CASE (CONT'D)

Let go of me right now!!! Let go of

TIFFANY CASE

Will I will not lession to someone

All of a sudden Bond grabs Tiffany's robe and slaps her in
the face. And Tiffany doesn't say a word to Bond.

JAMES BOND 007

JAMES BOND 007

Thank you sir.

M

But we did more agents to investigate what happened in Vegas and Specture-ville to specific. Bill?

BILL TANNER

Yes 007, we have actually found out from Las Vegas that the Spang Brothers have been working with organization called SMERSH and this organization has and still is funding every single communist country world. And this organization keeps all of them floating a boat.

JAMES BOND 007

But didn't these countires get destroyed weeks ago when I stopped the Spang brothers and their henchman?

BILL TANNER

Well...yes and no, because even if you did destroy such as North Korea, Venezuela, Nicaragua, China, they will always be standing because of this organization which also combines into another one called Specture.

JAMES BOND 007

Specture?

BILL TANNER

Yes 007. Nobody knows who their leader is but I have sad news there might more missions like this in the future. And we will investigate on who is part of Specture and Smersh as well and who are involved.

JAMES BOND 007

So that means that can influence any country even somewhere in the west and brain-wash a world leader if they wanted to.

BILL TANNER

Exactly...And I think that's all I got so far.

M

Thank you Tanner.

And Tanner walks out of the room.

M (CONT'D)

Tiffany and Plenty go into the car and no one is driving the car.

JAMES BOND 007

I will be there very soon. Hold on.

All of a sudden, Bond opens the door and sees both Tiffany and Plenty and is really happy.

JAMES BOND 007 (CONT'D)
Oh I'm glad you guys are here. I
prepaid some Martinis if you ladies
are thirsty or so.

PLENTY O TOOLE
Oh thank you.

Bond goes to get some drinks and prepare some food.

JAMES BOND 007
So what do you ladies want to do
first.

Tiffany and Plenty start laughing and all of a sudden they start stripping off their clothes.

Bond comes back and sees Tiffany and Plenty are butt naked in front of him.

JAMES BOND 007 (CONT'D)
Wow. Now you two are very beautiful
ladies.

Tiffany and Plenty go up to Bond. And they start making out with Bond and also taking his clothes off.

TIFFANY CASE
(whispering)
James...we both wanted to thank you
personally for saving us and we
really enjoy you a lot.

JAMES BOND 007
(whispering)
I'm glad to hear that Tiffany. You
two ladies are beautiful like
diamonds and I guess diamonds truly
are forever.

Tiffany and Plenty keep on making out with Bond.

As Bond is making out with the girls and having a threesome with the ladies, The Diamonds Are Forever by Doja cat starts playing during the final credits.

FADE TO:

The final credits starts and the gun-barrel sequence goes again.

The circles goes from left and right across the screen.

Bond starts walking in the gun-barrel in a suit and tie and the gun barrel looks traditional.

Bond turns around and Bond shoots at the screen and actual liquid blood starts coming down and the circle starts coming down. And Bond does the classic Sean Connery pose

And as the blood comes down and Bond starts disappearing.

And the subtitle shows up and says "James Bond will return in 007: Moonraker(2025)"

And the final credits start going.
