EXT. CRYSTAL COVE - DAY

SHOT OF THE TOWNSVILLE SKYLINE AND CRYSTAL COVE NEIGHBORHOOD.

Everywhere in the city, everything is normal as possible. And people are walking around and some people are going to work. And teenagers are going to crystal cove high school.

And some kids coming to school are looking at magazines of Josie and the Pussycats and some are looking at articles about the mystery inc crew. There is also a painting of Johnny Quest in the school next to a painting of President Nigel Uno and President Jetson.

All of a sudden, Dee Dee and Mark/Major Glory's kids walk into the school. Jason looks at the painting of Johnny Quest as he goes to school and sees a painting of his father.

Jason gets in the classroom and he looks tired from the events of the last movies.

The bell rings and more kids enter the classroom. And Charlie walks in.

CHARLIE GILLIAN

Jason? You do doing okay man?

Jason looks at Charlie and turns back.

JASON GLORIES

Yeah I'm doing good Charlie. Just tired man. Feels like we are in a huge world change.

CHARLIE GILLIAN

Yeah I know what you mean man.

The main teacher walks into the class and she starts setting everything up.

THE MAIN TEACHER

Alright class we are going to turn to page 4 on science topic on the cavemen.

CUT TO:

INT. THE OVAL OFFICE IN THE WHITE HOUSE - DAY

Nigel is sitting at his desk and looking at old photos and Nigel is also really tired as he is going into his 2nd term as President of the Untied States.

Nigel turns on the TV and starts watching the news.

Nigel's phone rings and Nigels answers the phone.

PRESIDENT NIGEL UNO/NUMBER 1 FROM KND

Yeah.

Nigel listens to the phone.

PRESIDENT NIGEL UNO (CONT'D)

Alright okay send him in. Thank you.

as the phone call ends, the door opens and it's Dexter and Dexter walks in.

DEXTER UTONIUM

Hello Nigel.

PRESIDENT NIGEL UNO

Dexter, it's been a long time. What can I do for you?

DEXTER UTONIUM

Well nothing there is just something I really need to talk to you about.

PRESIDENT NIGEL UNO

What do you mean Dexter? You do a lot of experiments Dexter. I know you too well.

DEXTER UTONIUM

Yeah but this one is a lot of different though Nigel.

(MORE)

DEXTER UTONIUM (CONT'D)

It's about an old recruit of mine name Carl Pleasenda and he was going to be another protege just like you were all those years ago just like how I was Jack's protege and you are mine.

PRESIDENT NIGEL UNO

How is the old man? Still doing his samurai stuff and science stuff? Last I really saw him was when he was raising Johnny Quest.

DEXTER UTONIUM

He's fine I guess Nigel, It's more about Carl I wanted to talk about, he was my student and then a couple of years ago, some North Korean thugs broke into my lab and destroyed everything. And Carl was infected with a lot of other chemicals other than Sugar, Spice, and everything nice, he was also infected with chemicals with fire, wind, heart, and others as well. And since then he has been missing.

PRESIDENT NIGEL UNO

Well I'm sorry about that Dexter, but my hands are tied and I just won the election and got a 2nd term as well. Have you spoke to Fred about this?

DEXTER UTONIUM

No he gave me the same answer. I think if anything we need to find Carl cause I believe he has been missing for a long time.

PRESIDENT NIGEL UNO

I'll do what I can Dexter. I am sorry for your loss and my condolences as well buddy.

PRESIDENT NIGEL UNO (CONT'D)

Maybe once I'm done with my day, we can just have a beer and kick back and hangout, I have more time to myself since Shirley moved out and now lives in Dallas and works as a scientist and weapon designer and developer there.

DEXTER UTONIUM  
Oh yeah I would love that for sure  
Nigel.

CUT TO:

EXT. LOS ANGELES, CALIFORNIA - AROUND THE RUBBLE HOUSE

Bam Bam and Pebbles start the car. And as they are starting the car, a man with rainbow skin is very ill and they put him in the car and they start driving him to the hospital.

CUT TO:

Bam Bam and Pebbles get to the hospital and the check up lady sees them.

THE CHECK UP LADY  
Can I help you two?

BRIAN BAMMERSON/BAM BAM RUBBLE  
Yeah we need a doctor for this man.

CUT TO:

They enter the doctor's office and the man sits down.

The same man is really sick and coughing out a lot of yellow blood. And grunting in pain.

A female doctor finally comes in.

DR. CASSIDY GREENE  
Hi I'm Dr. Greene.

BRIAN BAMMERSON  
hi Dr. Greene we saw this guy earlier and we have been taking care of him for a while and he doesn't look like he has a name or nothing.

DR. CASSIDY GREENE  
Alright okay, we will do some tests on him thank you.

CUT TO:

The same man is placed inside a desk and a chair in a watching room. And the same man is really sick. The door opens and Dr. Greene walks.

DR. CASSIDY GREENE (CONT'D)  
 Hi big guy, I know you just saw me  
 or so, well anyway, I'm Dr. Cassidy  
 Greene I'm one of the doctors here  
 and um I believe Brian Bammerson  
 and his wife just dropped you off  
 here and everything and we will ask  
 you a couple of questions or so. Is  
 that alright with you?

CARL PLESENDA  
 (weak voice)  
 .....um.....okay...where...a  
 m....I?

DR. CASSIDY GREENE  
 Your in Los Angeles and I know you  
 have a lot of questions. And we  
 will try to do the best we can to  
 help you.

CARL PLESENDA  
 (weak voice)  
 .....okay....I just want to be  
 normal again...and know what's  
 wrong with me....

DR. CASSIDY GREENE  
 We will see what we can do.

FADE TO:

Carl is laying down and he is in big time and he starts  
 closing his eyes and thinks about the events of the  
 explosion.

And Carl is screaming and yelling as he is exposed the  
 radiation and chemicals.

And Carl is also in the water sinking to the bottom of the  
 ocean. And Carl is screaming as he is sinking.

Carl is tossing and turning as he is having a lot of  
 traumatic nightmares about the explosion.

FADE TO:

Carl wakes up and he can barley walk and Dr. Greene walks in.

DR. CASSIDY GREENE (CONT'D)  
 Are you okay buddy?

Carl doesn't say a word and Carl is still in a lot of pain  
 and is really sick.

Cassidy helps him up.

DR. CASSIDY GREENE (CONT'D)  
Oh geez, oh dear, come on lets get  
you up big boy.

Cassidy helps Carl on his feet and starts bringing him to  
another room.

CUT TO:

Cassidy gets Carl into the room and sets Carl on the seat.  
And Carl is still really weak and has PTSD.

DR. CASSIDY GREENE (CONT'D)  
Alright buddy, Um...I don't know  
how we are going to start this  
but...I'm going to ask you some  
questions about yourself and I want  
to know things about yourself and  
how we can help you.

DR. CASSIDY GREENE (CONT'D)  
Anyway what's your name?

CARL PLESENDA  
(weak voice)  
.....well...my name is Carl  
Plesenda. I'm from Vancouver,  
British Columbia. I was recruited  
to work for Dexter Utonium in his  
lab in New York, I majored in  
science at Seattle U before being  
hired by Utonium industries.

DR. CASSIDY GREENE  
How old are you Carl?

CARL PLESENDA  
(weak voice)  
Um well I know the accident  
happened around 6 years ago and I  
was maybe 24 at that point in time,  
and I think I might be 30 now I  
believe. And then after the  
accident and explosion, I was in  
the ocean for 6 years until I found  
Mr. Bammerson and his wife in Los  
Angeles.

DR. CASSIDY GREENE  
Do you have any family or anything  
Carl?

CARL PLESENDA  
(weak voice)  
I don't believe I do sadly. But I  
just don't really remember  
anything.

As Carl says this, Carl starts to cry and break down and starts crying.

Cassidy comes to him and she starts hugging him.

DR. CASSIDY GREENE  
Oh it's okay, it's alright. I know  
what you are going through. And  
it's okay, we are going to help  
you.

DR. CASSIDY GREENE (CONT'D)  
Just keep telling us stuff and we  
will help you.

CARL PLESENDA  
(weak voice)  
Thank you...thank you...

CUT TO:

INT. CRYSTAL COVE HIGH SCHOOL - AFTERNOON

All of a sudden a teenage boy with red hair goes into the lunch room. And he gets his lunch and he sits down and he starts eating his food.

As the boy is eating his food, he sees a shinny red ring on the ground and the boy gets up and he starts walking towards it and he picks it up.

The boy starts looking at the ring and it looks really shinny and nice and most of all it's red.

The boy keeps looking at the ring and all of a sudden Kyle comes up to him.

KYLE UTONIUM  
Hey man what's with the ring?

The boy turns back.

JAMES WHEELER  
Oh nothing man. I just saw it and  
it's mine.

KYLE UTONIUM

Do you know where it's from?

JAMES WHEELER

No actually.

KYLE UTONIUM

Oh that's okay. I'm Kyle by the way.

JAMES WHEELER

I'm James. But my friends in New York call me Wheeler.

KYLE UTONIUM

Well it's a pleasure to meet you Wheeler, have long have you been here for?

JAMES WHEELER

Not too long, I moved here 4 weeks ago.

KYLE UTONIUM

Well if you stick with me, you will like it here, who ever comes to crystal cove ends up being something special. I mean we had some pretty interesting people come here such as the mystery inc kids and then Josie and the Pussycats and also Johnny Quest as well. And now they are making it big as well.

JAMES WHEELER

Oh well that's great. I mean I have herd stories about them.

KYLE UTONIUM

Did you want to hang out with me after school?

JAMES WHEELER

Yeah sure why not.

CUT TO:

INT. FRED'S MAYOR OFFICE IN TOWNSVILLE - AFTERNOON

Fred is working on papers and looking through a lot of documents.

Fred starts looking at photos of his family and looking at a photo of Fred Jr.

As Fred is working, Miss Bellum walks in.

MISS BELLUM

As Mayor Jones, Mr. Andrey Lebedev  
is here to see you.

MAYOR FRED JONES SR.

Send him in.

All of a sudden a blonde guy walks into the room.

ANDREY LEBEDEV

It's a pleasure to meet you Mayor  
Jones.

MAYOR FRED JONES SR.

Pleasure to meet you sir. What can  
I do for you?

ANDREY LEBEDEV

Well I believe I might be starting  
a TV company here in this country  
and I was wondering if Townsville  
was the place to do.

MAYOR FRED JONES SR.

Absolutely it is, we are home to a  
lot of global companies, hell my  
best friend Johnny Bravo has a soap  
company located within the city and  
a lot of other companies as well. I  
think the Ed boy has a jaw-  
breaker here in Townsville and in  
New York and also in Chicago as  
well. And then also other friends  
of mine in LA have a jewelry making  
company as well.

ANDREY LEBEDEV

Well I hope to do something like  
that as well, hopefully I can have  
your trust to build it as well.

MAYOR FRED JONES SR.

Well I'm sure everything will be  
fine. Anything else?

ANDREY LEBEDEV

No Mr. Jones that's it. Thank you  
for your time.

MAYOR FRED JONES SR.  
My pleasure.

Andrey gets up and he starts walking to the door.

CUT TO:

A girl with blonde hair is waiting in the lobby. And Andrey goes up to her.

ANDREY LEBEDEV  
Let's go Linka,

LINKA LEBEDEV  
Alright okay father.

CUT TO:

All of a sudden a limo picks them up and they both go into the limo.

ANDREY LEBEDEV  
I know moving to Townsville is really hard for you, but I'm sure you will like it Linka.

LINKA LEBEDEV  
It's just very different father.

ANDREY LEBEDEV  
I know it is, but once my company is built and you work for me, you will be rich like me and you get to travel everywhere.

LINKA LEBEDEV  
I really hope so father.

Linka and her father get home and they live in a skyscraper building in Townsville.

FADE TO:

Linka is sleeping and she ends up sneaking out of the building and she ends up walking to a couple of parks. And Linka is hanging out at the parks, as she is at the park, Linka hears a splash and Linka starts running to one of the fountains and she sees a blue ring. Linka picks up the ring and she puts it on.

Linka keeps on hanging out at the park.

CUT TO:

INT. CRYSTAL COVE HIGH SCHOOL - MORNING

School is beginning as always. As school is starting there are two boys going into school. And they get off the school bus.

MA-TI

Ah no, another day at this American school, and nobody knows why the fuck we are.

KWAME

Yeah I know we are the only people from the country of Africa going to this school and everyone here is really dumb and really stupid.

MA-TI

I'm Indian not African.

KWAME

Well maybe if anything since I'm bigger and have the muscles from living in my tribe, maybe I can find a African-American woman for you.

MA-TI

No, fuck that man, I want American girl.

KWAME

Well I don't believe that's not going to be realistic as Americans would say. Come on it can't be that bad, later today after school we will get some Olive Garden and some good Italian food.

MA-TI

Kwame that is not real Italian food. And it's all American-ized as well.

KWAME

I don't care it's still good.

The boys go into class and the other kids walk in.

Wheeler is also in that class as well.

The main teacher walks in.

THE MAIN TEACHER

Alright class take your seats and  
did any do assignment on Egypt  
mummies.

Ma-ti raises his hand.

THE MAIN TEACHER (CONT'D)

Yes Ma-Ti.

MA-TI

Yeah Mrs. Steinlow.....I think I  
have an opinion about that. I know  
that my people partied a lot during  
that times and I think pharaoh was  
elected because of my people....

The teacher pauses for a couple of seconds. And she does a  
sigh.

THE MAIN TEACHER

.....no Ma-ti that was not the  
right answer, also India has no  
relationship with Ancient Egypt or  
the pharaohs and that will give you  
an F for the 90th time in this  
classroom.

THE MAIN TEACHER (CONT'D)

Alright class, what did any of you  
guys learn from the assignment?  
Anybody at all?

Kwame raises his hand.

THE MAIN TEACHER (CONT'D)

Yes Kwame.

KWAME

Yeah I believe I did the assignment  
and I found that there was a war  
between African tribes of my people  
and there was a war between Africa  
and Egypt and it was all out war-  
far because they wanted the golden  
money and the golden naked women  
that came out of the Nile river  
like in the bible. And the war  
lasted from 1190 BC to 1390BC

THE MAIN TEACHER

So you mean to tell me there was a 200 year war between tribes and pharaohs in the BC era? I have a hard time believing that.

KWAME

Oh yeah, oh yeah, and I think I can do the dance moves of my people as well.

THE MAIN TEACHER

Alright I don't think that's necessary.

All of a sudden in big time confidence, Kawame goes up on the desk and he starts dancing and starts a lot of African dance moves. And Ma-Ti starts to join him in the dance moves.

MA-TI

Yeah it's true even my people were on his side and we even did the rhino dance as well.

Everyone in the classroom starts laughing and giggling and cracking up. Even Wheeler is laughing

The main teacher looses it and stomps a ruler on the ground.

THE MAIN TEACHER

(yelling)

ALRIGHT THAT'S ENOUGH!!!!!!! Ma-Ti and Kwame, not only did you not read the book assignment that was assigned to you idiots, but you two also get an F for the 90th time. And because of that, you two will have detention once again and after that, you two are expelled from this school.

KWAME

What?!...No!!!!!! We can't get expelled, then our social services people at the building we live in will make us do community service. And I can't that bull-shit!!!!

MA-TI

Yeah and also us in detention, that is extremely racist cause there is people in here that fail all the time and they don't go to detention like we do. You are a bad teacher!!!!!!!

THE MAIN TEACHER

I don't want to hear another word out of you two, now go to the principal's office.

MA-TI

Alright okay, we won't just walk there, we do the Indian dance and African dance and walk there. And you will suck our cocks.

All of a sudden everyone in the classroom is shocked.

THE MAIN TEACHER

What the fuck did you just say?!.....

MA-TI

I said when we are done with our dance moves, you will suck our cocks and join us in the African naked dance.

The teacher gasps and in a couple of seconds, she has a very angry, pissed off, and very mean, and very intense face.

CUT TO:

Kwame and Ma-Ti in detention in the school hours later. And the bell rings.

All of a sudden Kwame and Ma-Ti start passing notes to each other back and forth.

MA-TI (CONT'D)

(whispering)

Ah Kwame?

KWAME

(whispering)

Yes Ma-Ti?

MA-TI

(whispering)

You still think we are going to go to Olive Garden later today?

KWAME  
          (whispering)  
Yeah we will go, nothing will phase  
us man.

CUT TO:

EXT. THE BASKETBALL COURT - LATE AFTERNOON

Wheeler gets out of school and he starts playing basketball  
by himself and shooting hoops.

As Wheeler is playing basketball, an Asian girl sees Wheeler  
playing basketball.

                  GI  
Hey.

Wheeler turns around.

                  GI (CONT'D)  
I'll play you one on one.

                  JAMES WHEELER  
Yeah sure your on.

All of a sudden Wheeler starts playing basketball with Gi and  
it's a pretty even game.

                  GI  
So have you played before?

                  JAMES WHEELER  
I did when I use to live in New  
York.

                  GI  
Oh well that's cute. Cause I study  
a lot of basketball moves and a lot  
of NBA players.

                  JAMES WHEELER  
Yeah but Men players are still a  
lot faster and stronger.

                  GI  
Yeah but that might be changing  
real soon.

                  JAMES WHEELER  
Oh I doubt that but okay.

Wheeler and Gi keep on playing basketball and as they are playing basketball, another ring shows up and lands around the bushes.

CUT TO:

Gi and Wheeler keep on playing basketball and they hear some jewelry clicking sounds.

GI  
Hey what was that?

JAMES WHEELER  
What was what?

GI  
It sounded like someone dropped something or so. And it sounds like jewelry or so. Come on lets take a look.

Gi and Wheeler start running around the park and they see a light that is flashing and it's in the dirt.

Gi starts to dig and she finds another ring and she picks it up.

JAMES WHEELER  
What is it?

GI  
I don't know but it looks like diamond ring or so but mine is dark blue.

JAMES WHEELER  
Oh man now that is really interesting because I also have a ring just like that I found in the lunchroom this afternoon.

James all of a sudden shows Gi his red ring.

GI  
Oh wow it looks very similar to my ring that I found just now. And also they have very special markings on them as well.

JAMES WHEELER  
Do you know what it means?

GI

I don't know, but we should go to a scientist or so like maybe tomorrow after school or something.

Gi and James leave the basketball court.

CUT TO:

INT. THE CONGRESS BUILDING IN WASHINGTON DC - MORNING

All of a sudden a man with a golden suit and a green neck tie starts walking to the podium along with a blonde lady with blonde hair and wearing a purple dress.

SENATOR TIMMONS

Thank you ladies and gentlemen, this committee has called this hearing because we have evidence that shows Mr. Plunder and his assistant Dr. Brenda Bright have been abusing their powers as CEO of gold assets and tools. Now I want to start his hearing off with you Mr. Plunder. Where were you on the day of the generational war 10 years ago?

LOOTEN PLUNDER

I was only a kid during generational war senator. My company has been making a lot of tools and gadgets for consumers since 2021. And we have also made items for doctors and dentists as well.

SENATOR TIMMONS

Mr. Plunder, on the day of March 2022, when Crystal Cove High School was under-attack by a ghost and on the night the mystery inc had to stop it, we had an investigation that some of the items used by the ghost was connected to your company. What are your thoughts on that. And yes or no question, did you have family ties to Antifa or the communist and socialist terrorist during the generational war.

(MORE)

SENATOR TIMMONS (CONT'D)

Because we have facts right here that your father tried to assassinate President Jetson and President Uno.

LOOTEN PLUNDER

Look senator, I am nothing like my father, and I can assure you that my father is not involved in my company.

SENATOR TIMMONS

This was a yes or no question Mr. Plunder.

LOOTEN PLUNDER

And I understand that, but I can assure this hearing that my father has been dead since 2019 and my mission states that we try to make the best products in the world.

SENATOR TIMMONS

Well you say Mr. Plunder but we have the facts that your words don't match your actions. Mr. Plunder we have the facts that your company has been partnering with Antifa and other Socialist and Communist groups all over the world, your company funded them during the generational war, the attack on crystal cove high school, and also funded Iraq and funded Dr. Zinn on his attack President Uno and framed Dr. Benton Quest.

LOOTEN PLUNDER

Well that was a long time ago Senator.

SENATOR TIMMONS

It doesn't matter, all this stuff you have done, I think we are going to have to send you to federal prison.

LOOTEN PLUNDER

Yeah good luck with that Senator because I have a lot of money and this hearing really dosen't mean anything to me.

CUT TO:

INT. THE OVAL OFFICE IN THE WHITE HOUSE - MORNING

Nigel is watching the hearing on TV.

PRESIDENT NIGEL UNO  
What a piece of shit that guy truly  
is. And we know he was guilty and  
funding all those groups and behind  
those attacks. Jesus Christ!!!!

Nigel's phone rings and Nigel answers the phone.

PRESIDENT NIGEL UNO (CONT'D)  
Hello?

SHIRLEY UNO  
Hey dad.

PRESIDENT NIGEL UNO  
Shirley, son, I'm glad you called.  
How are you my boy, I miss you.

CUT TO:

Shirley in his lab on a military base in Dallas. And Shirley  
is on the phone.

SHIRLEY UNO  
Yeah same here dad. Everything is  
fine, and I just wanted to call you  
and see how you were doing.

CUT TO:

Back to Nigel in the oval office.

PRESIDENT NIGEL UNO  
I'm good son, you don't need to  
worry about me son, I'm fine.

SHIRLEY UNO  
Well I don't know dad I know it's  
been a while since I moved out and  
I know you wanted me to move to  
Dallas.

PRESIDENT NIGEL UNO  
Well yeah cause DC is expensive son  
and it was for your own good. How's  
Johnny?

SHIRLEY UNO  
Johnny is good, he is in DC I think  
and we text everyday.  
(MORE)

SHIRLEY UNO (CONT'D)

And do you know where your going to live after your 2nd term?

PRESIDENT NIGEL UNO

Well I haven't thought about Shirley, I think I'll move to Houston and live around Galveston and just be on the beach and try to find another woman.

SHIRLEY UNO

I know you will find someone dad, I know things haven't been the same since my died and I know you liked the other girl a lot.

PRESIDENT NIGEL UNO

But you were right son, she was not good and she almost destroyed our country and killed me. So you did the right thing in the end.

SHIRLEY UNO

I only did what I could because Johnny was helping me dad.

PRESIDENT NIGEL UNO

Anyway what your plans for today my boy?

SHIRLEY UNO

Well for the most part nothing, just have work and then go home, and watch TV and go to a bar tomorrow or so.

PRESIDENT NIGEL UNO

Sounds good Shirley. And I'll call you later or so if I'm ever in Dallas.

SHIRLEY UNO

Sure thing dad.

PRESIDENT NIGEL UNO

I love you Shirley.

SHIRLEY UNO

I love you too dad.

Nigel hangs up the phone.

CUT TO:

Nigel is in his office and he keeps on hanging out in the oval office.

CUT TO:

EXT. OUTSIDE OF CRYSTAL COVE HIGH SCHOOL - AFTERNOON

Gi and Wheeler get out of school and they start taking the city bus to Townsville.

They get on the bus and they sit down.

GI

So where are we going?

JAMES WHEELER

I think we need to start with Utonium labs in Townsville or so.

GI

Alright okay. Anybody else coming with us?

JAMES WHEELER

Yeah we are meeting up with Kyle or so.

CUT TO:

During that same day, Linka also goes into lab building and she starts working and she gets dropped off.

ANDREY LEBEDEV

I will be here when you get back.

LINKA LEBEDEV

Alright okay father.

Andrey drives off and Linka goes into the building and she starts working.

CUT TO:

Linka goes into her own lab and she starts doing a lot of paper work.

As Linka is working, she keeps looking at the light blue ring on her finger.

CUT TO:

Gi and Wheeler get to the lab and they head to the front desk.

FRONT DESK PERSON  
Can I help you kids?

JAMES WHEELER  
Yeah we have a question about these  
rings that we found, is there a  
scientist that is available?

Wheeler shows the rings to the front desk. And the front desk person gets really shocked. The front desk person goes to the phone.

FRONT DESK PERSON  
Yes, I need Dexter Utonium right  
now.

The front desk person hangs up the phone.

CUT TO:

Wheeler and Gi start walking in the hall-way and they start heading to Dexter's lab in the building.

The lab door opens and Dexter's answers the door.

JAMES WHEELER  
Hi Dr. Utonium, we have rings that  
we found long ago and we were  
wondering if you could take a look  
at them or so sir.

Dexter starts looking at the rings.

DEXTER UTONIUM  
Come right on in kids.

The kids come into the lab.

CUT TO:

Dexter starts looking through the microscope and writing down a lot of stuff and keeps on looking through the microscope.

Dexter also starts doing a lot of chemical experiments and sucking up liquid from the rings.

Wheeler and Gi are hanging out like crazy.

Dexter walks back to the kids with his notes and talking points.

DEXTER UTONIUM (CONT'D)

Alright kids, this is really interesting and I'm actually glad you guys took these rings to me. And what I found out from my tests that I did is that these rings are really ancient from the old templates of the old Brazilian gods that called a mysterious god name Gaia who was the goddess of nature and her power was to control the water and dirt and fire and wind and she also had a 2nd god that was light blue but his name was unknown as well. And then another point I want to bring up is that these rings in your hand also came from specific accident because long time ago I had a partner and young protege name Carl Pleasenda and he was a recent college graduate that loved science just like I did when I was young and when I was mentored by my father in law Jack Untonium/Samurai Jack. And so that's why I have his last name. And he was my 2nd protege along with President Nigel Uno who used to called Number one from the codname Kids Next door as well. But that was a long time ago.

JAMES WHEELER

Whatever happened to this Carl Pleasenda person? What happen to him?

DEXTER UTONIUM

Well one day we were working on a very important experiment in my lab. And then all of a sudden sadly a bunch of evil and awful North Korean thugs broke into my lab and started destroying everything. Carl tries to stop it. But sadly the thugs beat him up very badly and an explosion happened and caused his body to burn up and he a lot of chemicals in his body and my guess is that after his body exploded and hist body was burned up and weakened, he was exposed to the same chemicals and magic that created those rings long time ago.

(MORE)

DEXTER UTONIUM (CONT'D)  
And to this day sadly...no one  
knows for sure if he is dead or if  
he is still alive. And the whole  
incident still makes me sad even to  
this day and I do blame myself for  
what happen to him as well. And I  
haven't had another protege since.

GI  
Oh my god that is really awful and  
really terrible, I'm sorry to hear  
that.

JAMES WHEELER  
Yeah it's alright we all make  
mistakes sir.

CUT TO:

INT. THE PLUNDER BUILDING - AFTERNOON

Bright and Plunder are inside Plunder building.

LOOTEN PLUNDER  
Well that was a great hearing and  
still those fools will not be able  
to stop me.

DR. BRENDA BLIGHT  
Yeah I agree Looten. And also so  
far our new project on sucking up  
the earth's water and other  
resources is going according to  
plan as well.

LOOTEN PLUNDER  
The only thing stopping us is  
Utonium labs and soon we will steel  
all of their stuff and use it for  
our new weapon as well.

Dr. Blight starts looking at a lot of camera footage. And  
they see footage of Utonium labs and they see footage of  
Linka.

DR. BRENDA BLIGHT  
What about this girl, she seems  
interesting and could help us and  
she is from Russia as well.

Looten sees footage of Linka.

LOOTEN PLUNDER

Yeah we can really use her. I'll  
send our North Korean thugs after  
her.

DR. BRENDA BLIGHT

Sounds good.

CUT TO:

Linka is in her own lab and working on other experiments. And  
as Linka is working on her other experiments, a lot of  
Looten's thugs break into the building and they start looking  
for Dexter and Linka.

THUG 1

We are in the building boss.

LOOTEN PLUNDER

Good, now go after the rings and  
the girl.

CUT TO:

Linka keeps on working and the thugs storm into her lab.

LINKA LEBEDEV

Can I help you guys?

THUG 1

Yeah I believe you can young lady,  
we need that ring that you have on  
your finger and parts of your dad's  
work as well.

LINKA LEBEDEV

Well I don't know anything about  
that? What do you guys want?!....

THUG 2

We won't ask again, you need to  
come with us.

All of a sudden Linka starts running and the thugs grab her.

LINKA LEBEDEV

Let go of me. Let me go!!!!

And Linka tries to get free.

CUT TO:

Wheeler, Gi, and Dexter are in the other lab and all of a  
sudden, Looten's thug break into lab and they have guns.

The guns point the guns at Wheeler, Gi, and Dexter.

THUG 2

Hand over the rings right now  
Utonium or we will kill you and  
open fire.

DEXTER UTONIUM

Who are you people? You have no  
right to be in my lab at this hour.

THUG 2

We were sent here by Looten Plunder  
cause you have research that  
belongs to him and Dr. Blight as  
well.

JAMES WHEELER

And what happens if we don't give  
you the rings?!...

THUG 1

Then we will open fire, we are not  
going to ask again. Give us the  
rings.

DEXTER UTONIUM

Don't do it kids.

THUG 2

Alright that's it. Open fire, open  
fire!!!!

All of a sudden the thugs start firing at Dexter and the  
kids.

Wheeler and Gi hide behind a table. And more bullets are  
getting fired at them.

Dexter's eyes all of a sudden start turning purple and  
Dexter's teeth start getting really pointy.

And all of a sudden Dexter starts transforming into Monkey  
for the first time.

CUT TO:

The thugs keep on shooting at the thugs and all of a sudden  
Monkey does a huge Monkey shows up and he starts throwing a  
lot of punches and kicks at the thugs.

More thugs keep on shooting at Monkey and Monkey does a lot  
of dodges and Monkey throws more punches and kicks at the  
thugs.

MONKEY

I got these guys, you kids get out  
of here.

Wheeler and Gi start running and the building's alarm starts  
going off like crazy.

And Wheeler and Gi start running out of the building. And  
more thugs show up.

THUG 3

You have a couple of seconds to  
surrender kid.

All of a sudden a lot of thugs tackle Wheeler to the ground  
and Gi cries.

GI

Wheeler!!!!

All of a sudden Wheeler is starting to get beaten up.

But as Wheeler is getting beaten up, the ring starts charging  
up and the ring starts blasting a lot of fire sparks at the  
thugs and burning the thugs and killing the thugs.

Wheeler gets free and makes a fist and starts blasting a lot  
of flames at the thugs and starts burning the thugs really  
bad.

GI (CONT'D)

Wheeler what are you doing?!...

JAMES WHEELER

I don't know but I'm just defending  
myself.

Wheeler keep on running and trying to look for a way to  
escape.

They keep on running and another explosion happens. And Gi  
covers her face with hand. But as she does this a lot of  
water comes out of her ring and starts putting out the fire.

JAMES WHEELER (CONT'D)

How did you do that?!...

GI

I don't know Wheeler. It just  
happened.

JAMES WHEELER  
Yeah same with me.

CUT TO:

The Looten thugs have Linka and they put her in bag and they start getting out of the building.

THUG 1  
Tell the boss we have her.

Linka is struggling to get free.

CUT TO:

Gi and Wheeler keep on running and they run into the other thugs and the other thugs start blasting a lot of bombs at them. And there is a lot of explosions.

Gi Keep on using her ring and putting out more water. And Wheeler throws more punches and kicks at the thugs and he dodges more attacks from them.

CUT TO:

Linka is in the bag and all of a sudden her ring starts to power up and Linka's ring starts creating a lot of and all of a sudden blows her out of the bag and she blasts off into the sky.

Linka starts screaming and yelling.

Wheeler sees Linka.

JAMES WHEELER  
Holy shit she is all the way into  
the sky!!!!!!!!!!...

GI  
I go this Wheeler.

All of a sudden Gi uses her ring to create a body of water and Linka falls into the body of water and falls to the ground safely

Linka gets on her feet and Wheeler and Gi run up to her.

JAMES WHEELER  
Who are you?!...Do you have a ring  
just like us.

LINKA LEBEDEV  
I do..but who were those men? And  
why were they after me?!...

GI

They are after us as well. Come we have to find more people that have the ring just like us.

LINKA LEBEDEV

I can't come with you, I need to go home.

JAMES WHEELER

We don't have time for that right now. You have to come with us.

LINKA LEBEDEV

Alright okay.

The kids run away from the burning building and they look for a safe place to hide. And they hide from more bad guys.

GI

Wheeler you think Dr. Utonium survived the fire?

JAMES WHEELER

I don't know Gi, I mean he is Monkey or so and one of the original heros of the generalization war. But we have to tell Kyle though and fast.

LINKA LEBEDEV

Who are you two? And why do I have to come with you people?

JAMES WHEELER

Look miss, there is not a lot to explain but we also have the rings just like you do and we need to find more people or kids that have the rings just like us.

GI

And we also have to find who the rings led to as well.

CUT TO:

Monkey survives the explosion and he transforms back into Dexter again. And Dexter is laying on the ground.

CUT TO:

Dexter gets a cab to his house. Dexter gets into his house and Blossom sees him.

Blossom runs up to Dexter

BLOSSOM  
Honey oh my god, I saw the news,  
are you okay baby.

DEXTER UTONIUM  
I'm fine my love.

The kids run up to them.

KYLE UTONIUM  
Dad is everything okay?...

BLOSSOM  
Oh my god your burning up from the  
explosion. Kyle get the hoose and  
spray her father and also get some  
Gatorade and some ice.

KYLE UTONIUM  
Sure thing mom.

Kyle and the rest of the kids get Dexter a lot of things to  
help him recover.

CUT TO:

Dexter is laying down in his bed recovering and drinking  
water.

Jazzy comes to Dexter.

JAZZY UTONIUM  
Are you feeling okay dad?

DEXTER UTONIUM  
Yeah I'm fine sweet-heart.

Blossom and Kyle walk to Dexter.

BLOSSOM  
What happened sweetie?

DEXTER UTONIUM  
I don't know Blossom, I was in my  
lab as always and at work, and  
these kids came for help cause of  
an old experiment I did with an old  
protege of mine and...

Dexter takes a deep breath.

DEXTER UTONIUM (CONT'D)  
Blossom I believe even though this is a long shot but I think I'm starting to realize that Carl Pleasenda is still alive. And these kids that I saw they need to find him.

BLOSSOM  
And we are going to help them right?

DEXTER UTONIUM  
No honey, let them do it, we are too old Blossom to be crime fighting and saving the world, it's a young person's game now. And I just can't keep up anymore with the bad guys of today. Even with my Monkey powers.

DEXTER UTONIUM (CONT'D)  
And we can is maybe find where Carl is and then tell the kids that have rings where he is.

BLOSSOM  
And I will come with you honey.

CUT TO:

EXT. A SOMEWHERE IN TOWNSVILLE - NIGHT

The kids finally find a park in Townsville and they start hanging out there.

JAMES WHEELER  
So anyway where are you from? And how did you even get the ring like us?

LINKA LEBEDEV  
Well I mean I was in a park like this and I sneaked out of my father's pen house in Townsville. My life is just really hard cause it's always hard to go against him and he makes me do everything he wants me to do as well. And it sucks real bad.

JAMES WHEELER

Oh shit I'm sorry to hear that. I really had no idea.

GI

Oh yeah that is really sounds bad. I am really sorry.

LINKA LEBEDEV

Oh it's okay. That's just how my life is since I'm an American citizen and I am from Russia and I have no American friends.

JAMES WHEELER

Oh fuck that is really sad and really awful. I am really sorry about that. But we can be your friends though.

LINKA LEBEDEV

How can that be possible? You two don't even understand my culture of the country I came from.

JAMES WHEELER

Oh but we can though if you just give us a chance or so. I mean hell you are really beautiful and really gorgeous and really stunning. And you have blonde hair and everything.

LINKA LEBEDEV

But it's only because of my dad because he is super rich and I was never able to have a normal life.

GI

Well if you come with us and help us, we can be your friend. Well you help us?

Linka starts to think about it for a couple of minutes.

LINKA LEBEDEV

Alright I'll come with you guys.

JAMES WHEELER

Thank you. I'm Wheeler by the way.

LINKA LEBEDEV

I'm Linka.

GI  
And I'm Gi.

LINKA LEBEDEV  
And it's pleasure to meet you Gi.

Gi smiles at Linka.

CUT TO:

INT. A FOSTER HOME - NIGHT

Kwame and Ma-Ti come back to their foster home after hours of detention.

BRAD ADOMIKSU  
Where the fuck where you  
two?!...you guys were suppose to be  
back from school right around 3PM.  
What the fuck happened this time  
around?!.....

Brad grabs the papers.

BRAD ADOMIKSU (CONT'D)  
Oh god fucking damn it, you guys  
got into trouble again and you guys  
went to detention for the 90th time  
this school year. And you guys are  
on the verge of being expelled

KWAME  
Well to be fair Mr. Adomiksu, the  
teacher was being racist and being  
a really bad and old bitch to us.  
And she is not a good teacher at  
all. And she has a very old vagina  
as well.

BRAD ADOMIKSU  
Shut the fuck up!!!!!!! I will not  
tolerate this behavior about school  
any longer, if I hear back tomorrow  
that you two kids have caused  
trouble again, you people will be  
homeless on the street and be  
kicked out of this foster home  
especially since you two turn 18  
very soon.

MA-TI  
Ah come on Mr. Adomiksu don't be  
like that.

(MORE)

MA-TI (CONT'D)

Be a good American and be tolerant  
and friendly. And also so we can  
sing the Kumbyhi song. Please....

Ma-Ti does a really silly and a really cheesy looking face.

BRAD ADOMIKSU

I will not tolerate any of this  
bull shit and any of this fuck  
anymore. And also you people are  
all the same.

MA-TI

I am from India.

BRAD ADOMIKSU

I don't fucking care. And what the  
fucking hell is the  
difference?!...just go upstairs  
before I loose my mind and my  
temper out and if you don't shape  
up, you two will be deported!!!!

KWAME

Oh Mr. Adomiksu. You don't want to  
do that, we love you and we share  
in the "we are the world" spirit  
like the celebrities always said  
back in the 1990's. Especially  
Whoppi Goldberg and Stevie Wonder  
as well.

BRAD ADOMIKSU

Just get out of my sight, you two  
dumb, stupid, and not very smart,  
and useless brown kids.

KWAME

Hey that's not nice Mr. Adomiksu.  
That is super racist and not  
tolerant of you.

BRAD ADOMIKSU

I don't fucking care. Go!!!!

Kwame and Ma-Ti start heading upstairs and they go to their  
rooms.

MA-TI

Man we get in trouble again and we  
are homeless and the city of  
Townsville will not help us no  
more.

KWAME

Oh yes I know Ma-Ti, and also we are on the verge of getting kicked out of the system and being homeless and my father and mother will not be happy with me that I am failing American High School.

MA-TI

Yeah same here Kwame, and also my father and mother will get mad too and they mad at me in Indian language.

KWAME

You know man, we can always run away and get jobs and try to get social security and then we work and save money and just have it be you and me and screw this whole god-damn place.

MA-TI

I know but it's not that simple Kwame. We get deported, we won't see each other no more.

KWAME

I can always save up my African money to come see you.

MA-TI

No, no, no, no, no, I herd too much on the BBC and on the news itself that your money has value in the society of money. And is almost worthless compared to the American dollar.

KWAME

Okay maybe other way around. You come see me and we can be our own little tribe. And I can build the African hut and we get African women.

All of a sudden they hear rocks falling down.

MA-TI

What was that?

KWAME

I don't know, want to check it out.

MA-TI

Sure what the fuck not.

Ma-Ti and Kwame end up sneaking out of the foster home and they don't make any noises what so ever.

They get outside and they go into the woods.

KWAME

Hey man you see the rocks.

MA-TI

No I don't. I'm tired man lets just go back to sleep.

All of a sudden they see a lot of flashing lights coming from the ground.

KWAME

Hey man, hey man I see lights coming out of the ground, we need to grab them.

MA-TI

I'm not going to be digging with my hands and looking for treasure man.

Kwame begins to dig and Ma-Ti gets really flustered and he also starts digging as well.

Kwame and Ma-ti start digging.

CUT TO:

As Kawame and Ma-Ti are digging, Wheeler, Linka, and Gi also see the flashing lights coming out of the ground.

JAMES WHEELER

That must be the other rings, come on you guys.

And they keep on running.

CUT TO:

Kwame and Ma-ti keep on digging and they finally find the rings.

KWAME

Yes, yes, yes!!!! We found the rings, and we are going to be rich.

MA-TI

Oh man, I can't believe we found them and we are going to make money and get out of the American foster system.

As Ma-Ti says that Wheeler, Gi, and Linka arrive.

JAMES WHEELER

Stop don't sell those they are very special and they need someone as a host.

Ma-Ti and Kwame turn back at Wheeler.

KWAME

Hey man don't give me that American, raw, raw, bull shit, we are trying to make money and get rich and you are not going to stop us you dumb red-headed white boy.

MA-TI

Yeah man you won't stop us on our amazing and incredible quest.

GI

or you can join us and be part of something huge and something that will get you jokers out of trouble.

MA-TI

What the fuck do you know island lady, you have had a silver spoon in your mouth for your whole life, don't lecture me about your Chinese empire and you red head boy you are not our dad. And what about you blonde girl?

LINKA LEBEDEV

I did not say anything what so ever.

KWAME

Look blonde girl...if I were you, I would not be around these foolish American kids and foolish American people. And I would save yourself the embarrassment and just try to be rich like Ma-Ti and I.

JAMES WHEELER

You know buddy life is not about money. And you can achieve other types of success in life. Especially socially.

KWAME

Well I think the name of the game is money and cash and we don't care about this saving the world type of game from you guys. And...

Kwame puts on the ring and all of a sudden the ring starts blasting a lot of earth related magic in the sky.

KWAME (CONT'D)

What the?!...What the hell is going on?!....

JAMES WHEELER

I believe you might have triggered the ring my man and I think it's heeling everything.

All of a sudden the ring shuts down and turns off.

KWAME

What the?!...how did it fucking do that?

MA-TI

Yeah I have questions about that as well.

GI

Do you know what yours does?

MA-TI

No. I won't try. It's crazy.

Ma-Ti looks at the ring.

MA-TI (CONT'D)

Seriously...I don't even know what the fuck my ring is suppose to do and it's pink. And why the fuck is mine pink?!....

JAMES WHEELER

I don't know man. Maybe you should try it and you would learn something buddy.

MA-TI

Well I'm not joining this little club, and also I'm a world saver, I just want to make money.

GI

Do you even know anything about how real people in the real world make money?!....

Ma-Ti pauses for a couple of seconds.

MA-TI

People just get a job.

James does a face palm.

GI

Jesus Christ you are maybe the dumbest person that we have ever met.

MA-TI

Hey not true Asian girl, I'm smart, I came from India and Kwame and I caused a lot of damage and put some of the high school teachers in their fucking place.

JAMES WHEELER

Actually that part is true, they made fools of themselves in that classroom with your made up story about Africa and Egypt. And I was just laughing my ass off during the whole thing.

MA-TI

What-ever my point is, we will not be doing any crazy adventures and we have adventures of our own.

JAMES WHEELER

Yeah but then what's going to happen when you guys get in trouble trying to pull off a scam or something. Guys you should come with us or so, we need all the help we can get.

KWAME

Alright we will come with you...under one condition...

JAMES WHEELER  
And what would that be?

KWAME  
That we always go to Olive Garden.

JAMES WHEELER  
That's not fucking happening.

KWAME  
Then we don't go then. And we will  
not help you then.

JAMES WHEELER  
Alright fine. Jesus!!!! Dude, Bruh  
what the fuck is it with you and  
Olive Garden. God fucking damn.

KWAME  
I can't help it, it's good and I  
love pasta more then African food.

MA-TI  
I have tried to snap him out of it  
but he is obsessed with olive  
Garden.

Ma-Ti and Kwame grab the rings and they walking with Wheeler,  
Linka, and Gi.

CUT TO:

Dexter is now recovered from his injuries and is on the  
computer and on the internet.

And Dexter starts looking up Carl's scientist file.

Dexter starts watching a video and it's the last video that  
Carl made when Carl was normal.

CARL PLESENDA (CONT'D)

I hope this is on. Alright good. My  
name is Carl Plesenda I'm a  
scientist that works for Dexter  
Utonium at his lab in Townsville.  
During the last couple of days I  
have been here. And a little bit of  
background I studied science and  
history and chemical engineering.

(MORE)

CARL PLESENDA (CONT'D)

And I have found out from my research that the chemicals are from the ancient time and not only that, they came from a different planet that is not in the same atmosphere. And I found out that these chemicals are not from earth but they are from a planet called Thundera which is a society that is filled with of a race of cat-like people. And if we don't work with them soon, I am afraid communist countries such as North Korea and Iran and China will build evil space-ships and they can partner with creatures that are not friendly to earth. I have tried contact President Nigel Uno on my research he has been really busy and his administration has not contacted me and I fear that Planet Earth could be danger and i have found that Looten Industries is building advanced technology that wants to the planet Thundera and capture a lot of the planet's nature resources and also destroy earth at the same time and build his own planet with Dr. Blight. I don't know who to turn to on all this information but I just wanted to record this video and this might be my last video that I do...

All of a sudden in the video, the same North Korean thugs are attacking the building and all of a sudden in the video Carl falls into the chemicals and Carl is screaming and yelling in pain as his whole body is getting destroyed by the chemicals and his whole body is turning gold and also changing into different colors.

And the video ends. And Dexter really sad.

Dexter presses another button on his computer and he sees a green dot that is blinking on the blue-print screen.

Dexter's eye borrows rise up.

Dexter picks up his cell phone and he starts dialing the number of the Los Angeles hospital.

DEXTER UTONIUM

Yes. Hi, this is Dexter Utonium, I was really wondering if a Carl Pleasenda is in your hospital.

DOCTOR ON THE PHONE

Oh he is Mr. Utonium, we have records of him being here for almost year and he has been connected to a lot of IVs and he is not getting any better what so ever.

DEXTER UTONIUM

Is there a way my wife and I can see him or so. Lets say tomorrow.

DOCTOR ON THE PHONE

We can arrange that but it's going to be hard and i don't think he has a long time to live or so.

DEXTER UTONIUM

Well maybe my wife and I can do something or so. Is there a way we can see him?

DOCTOR ON THE PHONE

We will set something up.

DEXTER UTONIUM

Thank you. Thank you good night.

Dexter hangs up the phone.

Dexter starts going to bed and Dexter starts going to sleep.

DEXTER UTONIUM (CONT'D)

Jesus Christ!!!!!!.....oh my

ANYBODY THERE THAT CAN HEAR  
ME!!!!!!.....

Carl begins crying and tears start coming out of his eyes and  
Carl is in a lot of pain.

And Carl is breathing really hard.

CARL PLESENDA (CONT'D)

(weak voice)

Is there anybody who can hear  
me....please....I don't want to  
die.

Carl keeps on spitting blood and coughing really bad.

DEXTER UTONIUM

.....hello Carl....Carl?....can  
you hear me....

Carl doesn't hear Dexter at first.

CARL PLESENDA  
(weak voice)  
Dexter?....Dexter...is  
that....you....

DEXTER UTONIUM  
Carl what happen to you?

CARL PLESENDA  
(weak voice)  
.....I don't know Dexter. I was  
exposed to radiation in your lab on  
the day of the attack and I was in  
the ocean for almost 8 years. And  
my body doesn't feel normal, the  
doctors are putting me on  
everything and I'm just getting  
worse and worse.

Dr. Greene walks in.

DR. CASSIDY GREENE

DEXTER UTONIUM  
I'm his boss and he use to work for  
me a long time ago.

DR. CASSIDY GREENE  
Alright okay. Yeah we have tried

and he is dying and his body is  
turning into dirt and his bones are  
turning planet like as well.

DEXTER UTONIUM  
Oh my god!!!!

BLOSSOM  
Is there anything we can do?

DR. CASSIDY GREENE  
I mean you can tell him and  
everything it's going to be a lot  
of money to release him or so.

DEXTER UTONIUM  
I can pay for that, you guys have  
done enough. Let me talk to him.

Dexter walks up to Carl.

DEXTER UTONIUM (CONT'D)

Carl...Carl Blossom and I are going to discharge you from the hospital, and I'm going to take you to my lab and I think I might have things that could help you get better or so. And I think I met 5 kids who might be able to help you as well and get you back to normal.

CARL PLESENDA

(weak voice)

I mean...in case I did Dexter...I think I would want to die being around you and your wife. And it's nice there...are some people who care about me....

DEXTER UTONIUM

Carl I'm going to find a way to make you normal again. I promise you buddy.

CARL PLESENDA

(weak voice)

Thank you...Dexter...

CUT TO:

Carl gets re-released from the hospital and Dexter and Blossom put him in a medical helicopter and also on an airplane heading to Townsville.

Dexter and Blossom get back to Townsville.

CUT TO:

Carl is finally placed in Dexter's lab at Utonium industries. And Carl's body is getting worse and worse.

Dexter walks to him and Carl is breathing really heavily.

DEXTER UTONIUM

Don't worry Carl I'm going to heal you buddy. It will take time but I know I can do that man.

CARL PLESENDA

(weak voice)

Thank you Dexter.

Dexter all of a sudden goes to the phone.

CUT TO:

As the kids are at the park somewhere in Townsville, Wheeler's cell phone rings.

JAMES WHEELER  
Yeah, alright okay, we will get there very soon.

Wheeler hangs up his phone. Wheeler turns to the kids.

JAMES WHEELER (CONT'D)  
I think Dr. U has found a person that the rings are connected to. Lets go.

And kids start running and heading to see Dexter.

CUT TO:

INT. DEXTER'S LAB IN TOWNSVILLE - AFTERNOON

The kids get to the main part of the lab and meet up with Dexter and Blossom.

JAMES WHEELER  
We came as fast as we could.

DEXTER UTONIUM  
Alright well he is here.

Dexter leads the kids to Carl's body. And Carl is really weak. And Carl is coughing really bad.

CARL PLESENDA  
(weak voice)  
Can you kids help me?...

GI  
Who are you?

CARL PLESENDA  
(weak voice)  
I'm Carl...my body long time ago made the 5 rings during the accident I had with Dexter.

JAMES WHEELER  
Well we have the rings but we will see if they can make you better.

MA-TI  
Wait a minute? Why are we helping this guy. We don't know him. He could be evil or something.

LINKA LEBEDEV

He doesn't evil to me. He needs our help and we need to help him.

JAMES WHEELER

Alright you guys lets point our rings at him and see if they do anything.

Dexter is sitting down.

DEXTER UTONIUM

Also another thing you guys need to do is the say the names of the colors of the heart. I think they are all earth, fire, wind, heart, and water I believe. And I think they say on the rings as well.

KWAME

Alright okay, here we go. I just hope there is not an explosion or so. But here we go.

The kids point the rings at Carl's body.

JAMES WHEELER

Fire!!!!

All of a sudden the flames come out the rings.

LINKA LEBEDEV

Wind!!!!!!

GI

Water!!!!!!

The powers come out of the rings and the powers start powering up Carl's body.

MA-TI

Heart!!!!!!

KWAME

Earth!!!!!!

The powers of all 5 rings start charging up Carl and Carl's body starts to feel up and Carl starts looking really healthy and Carl's skin looks normal and Carl's face starts looking normal.

And the powers start powering up and making Carl really healthy and pulling Carl into the sky.

And all of a sudden there is an explosion of sunlight. And the kids start covering their eyes from the sunlight.

And Dexter and Blossom cover their eyes as well.

All of a sudden, Carl's body starts getting lowered to the ground. And Carl looks normal and more human for the first time.

MA-TI

Holy shit!!!!!! Oh my god!!! Is he okay?!.....

LINKA LEBEDEV

I really hope he is.

JAMES WHEELER

Yeah there is only one way to find out.

James ends up going up to him and tapping him on the shoulder.

JAMES WHEELER (CONT'D)

Hey man are you okay?...you alright buddy?

Carl starts coughing out water really badly. And Carl for the first time is on his feet and he feels strong.

CARL PLESENDA

Where am I?...Who are you kids?!...

DEXTER UTONIUM

Carl it's okay, It's me Dexter and these kids brought you back to life and made you normal again and your not sick anymore.

Carl looks in the mirror and see his face for the first time.

CARL PLESENDA

Oh my god!!!!!!...I'm cured and I'm better and I feel really strong.

Carl goes up to Wheeler and hugs him really tight.

CARL PLESENDA (CONT'D)

.....thank you....thank you kids.

JAMES WHEELER

Your welcome big guy. Anyway, I'm Wheeler and this is Gi and Linka and Kwame and Ma-Ti.

(MORE)

JAMES WHEELER (CONT'D)

Anyway there is not a lot to explain but we found the rings that came out of your body from the explosion and we used them to have you come back to life.

GI

And we also came to Dexter for help and and Dexter helped you out of the hospital as well.

CARL PLESENDA

Well I owe you kids a lot. Without those rings I would have been in a huge world of hell and might have died very soon.

DEXTER UTONIUM

But Carl these rings won't power you up for long and I think in order to keep being normal you have to be in a lake somewhere where there is dirt and a lot of nature as well. And that's how you will stay alive in the future.

CARL PLESENDA

So I'm not completely fixed up and normal?

DEXTER UTONIUM

Without the rings, I'm afraid not Carl.

CARL PLESENDA

No, no, it's okay Dexter, I understand. I understand.

KWAME

Although, I have question though, what happens if you power the rings on him again?

MA-TI

Oh that is a really good question actually.

JAMES WHEELER

Also most importantly do you know why Lotten's thugs are after us and after those rings.

CUT TO:

INT. DR. GREENE'S OFFICE - NIGHT

Cassidy is working on her work on the computer and as she is working Lotten and his thugs come into her office.

DR. CASSIDY GREENE  
Who are you people?

LOOTEN PLUNDER  
Hello Dr. Greene, we are looking  
for Carl Plesenda. I was wondering  
if you knew where he was?

DR. CASSIDY GREENE  
I don't know where he went, I just  
know that he was at this hospital  
and then he was released. What do  
you want with him?

LOOTEN PLUNDER  
Nothing, I just know that he and  
some other people have powers that  
could power up my machine to create  
a new world outside of earth.

DR. CASSIDY GREENE  
Well I don't know where he is.

All of a sudden Dr. Blight pulls out a knife.

DR. BRENDA BLIGHT  
Where not going to ask again, if  
you don't tell us where he is, we  
will kill you right here and  
now!!!!

DR. CASSIDY GREENE  
I won't tell you!!!!...

LOOTEN PLUNDER  
Very well then, give her a sleeping  
injection and put her in the car.

THUG 1  
Sure thing boss.

All of a sudden the thugs grab Dr. Greene and Cassidy starts  
to scream and gets really scarred.

DR. CASSIDY GREENE  
 (crying)  
 Ah let me go, let me go!!! Help  
 Somebody help me!!!!!!

CUT TO:

All of a sudden Carl's starts hearing Cassidy crying and crying for help.

CARL PLESENDA  
 Oh no in my head, It's Dr. Greene  
 is she in trouble!!! Oh no!!! I  
 have to save her and somebody has  
 to save her!!!!

All of a sudden as Carl has the feeling, Carl's skin starts turning blue and his hair starts turning green and all of a sudden Carl starts transforming into a red outfit with a yellow globe on it and Carl also has red boots.

And not only there is a huge explosion that happens.

And all of a sudden Carl with his new look, Carl flies off into the sky.

KWAME  
 What in the?!...where in the world  
 did he go?!...

LINKA LEBEDEV  
 He must have heard something inside  
 of him and saw someone he knew  
 getting kidnapped. And he's going  
 to save that person.

JAMES WHEELER  
 And we have to go find him before  
 he hurts himself.

DEXTER UTONIUM  
 I will come with you kids, I know  
 how to trace him.

Dexter and the kids run and they go into Dexter's van and Ma-Ti is looking at the GPS.

MA-TI  
 He's heading to one of the  
 Plunder's buildings in Townsville.

GI  
 And we have to get in there and  
 find him.

Dexter and the kids keep on driving off.

CUT TO:

All of a sudden a lot of Looten's thugs come into Looten's buildings and Cassidy is trying to get out of the bag.

CUT TO:

The thugs get to the main room and Looten's room and Cassidy has duck tape on her mouth. And making sounds.

THUG 1

We got the girl boss.

LOOTEN PLUNDER

Good, I'll take it from here.

And the thugs leave.

Cassidy keeps on making noises. And she is really scarred.

LOOTEN PLUNDER (CONT'D)

It's a really huge pleasure to see you Dr. Greene, you know I didn't want to kidnap you, but you were not being helpful and I think you might have some of the power that your patient Mr. Pleasenda had. And now we are going to get a sample of her blood use it to power my machine that will put the earth into another orbit in space as well.

DR. BRENDA BLIGHT

And don't worry sweet-heart, it's not going to hurt at all. And you will have a good night sleep as well.

Dr. Blight turns on the machine and Cassidy is really scarred and tears are coming out of her eyes.

As Cassidy is really scarred and really frighten,

LOOTEN PLUNDER

It's time for you to be my new flower in my garden my dear!!!

Cassidy screams as she is tied up.

All of a sudden a window breaks and all of a sudden Carl tackles Carl really hard and Carl punches Dr. Blight in the face.

CAPTAIN PLANET  
Let her go and release her  
NOW!!!!!!!

And Captain Planet is feeling really angry and really upset and steaming.

LOOTEN PLUNDER  
Oh I think I won't blue boy!!!!

All of a sudden, Looten's thugs arrive with thugs and they have guns.

LOOTEN PLUNDER (CONT'D)  
Kill him!!!!!!...

All of a sudden a lot of thugs start firing a lot of bullets at Carl and firing around 50 bullets at him.

And all of a sudden the bullets are melting off of him.

And Carl starts around 9 different thugs and Carl throws a lot of punches and kicks at the thugs attacking him.

All of a sudden Carl's eyes turn gray and Carl fires thunder and lighting and electrocutes 4 thugs really bad.

More thugs keep throwing more punches and Carl's use new fighting features and Carl dodges a lot of kicks and punches and Carl ends up grabbing someone's hand and burning another thug really hard. And burns another thug.

Carl gets tackled by another thug and Carl raises his hands and Carl uses some water power and he starts flooding the room with water.

And Carl throws more punches and kicks at the thugs.

Carl all of a sudden uses wind powers and Carl throws the thugs against the wall and thugs get electrocuted.

Carl uses the wind and lowers the water level and Carl starts running to Cassidy and Carl un-ties Cassidy.

CAPTAIN PLANET  
Are you okay Dr. Greene?

DR. CASSIDY GREENE  
I think so and...I'm god watch  
out!!!!

All of a sudden, Looten fires a freezing gun and Carl ends up getting frozen really bad.

LOOTEN PLUNDER

It's too bad you were not on the agenda blue boy and you will not be able stop us and I know that Ice is one of your weaknesses as well.

Carl starts feeling really weak and Carl starts coughing out blood. But Carl starts feeling really angry. And Carl is breathing really hard.

LOOTEN PLUNDER (CONT'D)

And it's time for you to die!!!!

All of a sudden Carl breaks out of the ice and punches Looten in the face grabs him by the neck and throws him against wall.

Dr. Blight starts throwing a lot of bombs at Carl and Carl dodges the bombs and Carl grunts really hard and Carl kicks Dr. Blight in the face.

And Dr. Blight starts flashing a lot of light at Carl, and Carl's eyes tries to cover his eyes.

DR. BRENDA BLIGHT

It's time to blind you really bad blue boy!!!!!!...

Carl closes his eyes and his eyes start cooling down and Carl all of a sudden grabs the medical table and hits Dr. Blight in the face and knocks her out very badly.

Carl runs to Cassidy and Carl gets tackled by Looten throws a lot of punches and kicks at him.

And Carl starts getting really weak from the attacks.

As Looten keeps on punching him really hard.

Looten grabs a PP7 gun and he is able to shoot Carl in the head.

LOOTEN PLUNDER

It's time to sting that blue head of yours!!!!!!...

Carl is able to charge up his rings and Carl is able to spin around and Carl kicks Looten in the face.

As Carl kicks Looten in the face, Cassidy falls throw an airvent and Cassidy starts screaming and yelling as she is really scarred.

CAPTAIN PLANET  
Dr. Greene!!!!!!!!!!

Carl jumps up into the air vent and Carl is diving and Carl finally grabs Cassidy.

Carl uses his eyes and explodes through air vent and alarm starts going off like crazy.

And Carl lifts up Cassidy in his arms and Carl starts running out of Looten's building and more thugs are shooting at Carl.

Carl sprays a lot of magma and burns a hole in the wall. And Carl jumps out of the all and Carl starts falling and Carl starts flying around the sky with Cassidy in his arms.

Cassidy looks up and she sees Captain Planet for the first time.

Carl ends up landing around the top of a building in Townsville.

CAPTAIN PLANET (CONT'D)  
I hope this location is best for you.

DR. CASSIDY GREENE  
Oh thank you for saving my life. I owe you one. Thanks.

CAPTAIN PLANET  
Don't mention it.

CAPTAIN PLANET (CONT'D)  
Well anyway I have to go.

Captain Planet is about to leave. And Cassidy stops him.

DR. CASSIDY GREENE  
Wait a second though. Who are you?!....and how did you know I was in trouble.

CAPTAIN PLANET  
Well you don't know me. But I know who you are Dr. Greene. And...lets just say not that long ago, you helped me get better with your kind words and you comforted and heeled me. And you were my friend as well.

Captain planet all of a sudden jumps off the building he starts flying around the city.

CUT TO:

EXT. OUTSIDE THE LOOTEN BUILDING - NIGHT

The Powerpuff girls come and they start saving everyone and getting everyone out.

And the planeteeers show up.

Blossom lands on the ground and sets people on the ground.

JAMES WHEELER

Did you see Carl in there?

BLOSSOM

No I did not James. We looked everywhere.

Bubbles shows up.

BUBBLES

Yeah and all we saw was just a lot of damage everywhere.

Buttercup shows up.

BUTTERCUP

And all we found was this, these were blue-prints that were found in Looten's lab but sadly Looten got away.

LINKA LEBEDEV

Oh that's okay we will find him.

BLOSSOM

I hope because Looten and Dr. Blight are very evil and very powerful. Although not as powerful as Mojo Jo Jo back in the day but still on the same level.

GI

Alright well good to know, thanks Powerpuff girls.

BUBBLES

No problem kids.

BUTTERCUP

Yeah you kids go home, we have this  
and we will take care of  
everything. Don't worry.

JAMES WHEELER

Alright okay.

CUT TO:

INT. DEXTER'S LAB IN TOWNSVILLE - MORNING

Dexter is in his lab. And as Dexter is in his lab, Carl flies  
into the lab and he sees Dexter and he turns back into Carl  
again.

CARL PLESENDA

Is there anything you need Dexter?

DEXTER UTONIUM

No I'm good Carl. I say just hide  
somewhere in the woods somewhere  
under-ground and wait for the kids  
to use their rings again when they  
need you.

CARL PLESENDA

Alright okay Dexter. I just hope  
Wheeler, Gi, Linka, and Ma-Ti and  
Kwame are all safe. And they are  
alright.

DEXTER UTONIUM

Don't worry they are Carl. They are  
buddy.

CUT TO:

Dr. Blight and Looten escape and they find a space-ship and  
they go into the space-ship and they find a hideout on the  
moon.

They enter the hide-out.

LOOTEN PLUNDER

Ah finally we are out of Townsville  
Brenda. And soon our plan to move  
the earth will be in play and  
nobody will be able to stop us. And  
soon we are going to start a space  
war on earth as well.

DR. BRENDA BLIGHT

Oh yeah I agree Looten. And the best part about our plan is that the heroes from the generational war will not be able to stop us and our machines and monsters will be too much for them and it will also weaken President Uno as well.

LOOTEN PLUNDER

I agree Brenda. And we need to steel more of Utonium's technology and have aliens monsters on our side as well. And it's going to be grand when it all happens as well.

Looten does an evil smile.

CUT TO:

EXT. OUTSIDE OF CRYSTAL COVE HIGH SCHOOL - MORNING

James walks into the high school. And James has been going to school.

As James is in school, Carl is wearing normal clothes and he is in a normal style car.

Carl sees James and Carl smiles.

CUT TO:

The school day ends and James hears a car honk at him and James turns around.

CARL PLESENDA

Need a ride James.

James walks up to Carl.

JAMES WHEELER

Oh it's you, dude, how did you know where I was?

CARL PLESENDA

It's the same reason I was able to save Dr. Greene.

JAMES WHEELER

How did you get the car?

CARL PLESENDA

Oh Dexter gave me some money and to recover my health, I live under the Townsville park. Anyway get in James.

JAMES WHEELER

Alright okay.

James gets in the car with Carl. And Carl starts driving off.

CUT TO:

Carl is driving around Townsville with James in the car.

JAMES WHEELER (CONT'D)

So where are we going. Fuck I don't even know your name.

CARL PLESENDA

Well James when I'm not in my blue skin form, I'm Carl Plesenda, I use to be a scientist and Dexter was my mentor. And before the accident I graduated from Seattle University.

JAMES WHEELER

Oh wow so your a college guy, why don't you just look for a job somewhere in Townsville or in Washington DC and maybe work for the government in President Uno's administration?

CARL PLESENDA

Nah I can't do that James.

JAMES WHEELER

Why the hell not?!....

CARL PLESENDA

It's because I already made Townsville my home and I like living under-neath the park.

JAMES WHEELER

What do you mean under the park?

CARL PLESENDA

Come on I have to show you James.

Carl and James start driving to the park in Townsville.

CUT TO:

Carl and James park in a random parking lot around the park in Townsville.

Carl and James get out of the car and they Carl starts walking in the park and James is following him.

Carl goes into a fancy section of the park and Carl goes into a restricted room and they enter into another staircase and they start going down the stairs.

They finally get down the stairs and James for the first time sees Carl's planet bunker apartment.

JAMES WHEELER

Oh my fucking god!!!!!!!

CARL PLESENDA

Yeah I know right. It's my own underground base where I live. And if you are wondering I how I charge up, don't worry, I can do this,

Carl all of a sudden turns into a pile of dirt and he zooms up into the ceiling and a lot of water and sun-light starts charging him.

JAMES WHEELER

So how long do you charge like that for?

CARL PLESENDA

Only for an hour James. But just have to be absorbed by dirt, sunlight, and water to keep my health really good, but Dexter is working on creating dirt and water pills for me to take when I'm in human form as well.

JAMES WHEELER

And how did you get the money for all of this?

CARL PLESENDA

It's easy James, Dexter gave me at least one million and with his research, I decided to build my planet and bunker apartment under the Townsville park. And Also I'm going to get Kwame and Ma-Ti since they are currently homeless in Townsville, Still working on that by the way.

JAMES WHEELER

And you think Kwame and Ma-ti are going to live with you and move in with you?

CARL PLESENDA

I mean they should, they are out of the foster care system, they got kicked out, they are still in a homeless shelter, really they have nothing else to loose by living with me.

JAMES WHEELER

Carl I don't think that's not such a good idea and I don't they will agree with the terms and living under the Townsville park and you having to turn into dirt to keep up your strength in human forum.

CARL PLESENDA

Oh they will James. I have it all planned out.

CARL PLESENDA (CONT'D)

Also there is something else, I wanted to talk to you about James.

JAMES WHEELER

Ah Carl you don't have to call me James, you can just call me Wheeler and that's one of my nicknames.

CARL PLESENDA

Alright okay. I'll just call you Wheeler from now and...I was wondering if you could help me win over Dr. Greene.

JAMES WHEELER

Who is Dr. Greene?

CARL PLESENDA

She was a girl that I saved last night and she also helped me get better and gave me a lot of treatment when I was in my weak stage.

JAMES WHEELER

Yeah about Carl...what in the hell should we call you when our rings combine like that and become the blue man. Maybe Planet man, Water and death dude, Mr. Planet.

JAMES WHEELER (CONT'D)

Ah Jesus Christ!!!!

CARL PLESENDA

Yeah I just thought of that and...I have the perfect name I want to be called...Captain....Planet.

JAMES WHEELER

Captain Planet?....

CARL PLESENDA

Yeah Wheeler, it's perfect, I all the elements of planet earth, I live under-ground and I can save the world with all the elements of planet earth. Like the Powerpuff girls, or the justice Friends or Dexter when he turns into Monkey.

JAMES WHEELER

Not the Kids Next Door?

CARL PLESENDA

Nah, they are more like a secret agent group. No disrespect to President Uno but you know.

JAMES WHEELER

What about Johnny Quest?

CARL PLESENDA

He's in that same category as the old Kids next door, secret agent group.

JAMES WHEELER

Fair enough Carl. So your superhero name is going to be Captain Planet, then what?

CARL PLESENDA

Well I just need your help to getting Dr. Greene to be my girlfriend and then also help Kwame and Ma-Ti get out of that homeless shelter that they are staying in and I don't want them to be homeless anymore.

JAMES WHEELER

Alright Carl, I'll help you, first, you need a job and you can't be living off of Dexter and Blossom's money.

CARL PLESENDA

Oh I can do that Wheeler. And I know how to tackle that.

JAMES WHEELER

Which is?

CARL PLESENDA

I'm going to apply to be one of the teachers at Crystal Cove High School.

JAMES WHEELER

What?!.....ah hell no!!!!!! No, no, just hell no!!!!!! Your going to be a teacher, what happens if I get trouble by you and how are you going to be a teacher at a high school and why a teacher?!.....

CARL PLESENDA

It's because I'm smart, I know a lot of about science and the environment and what we need to do to have a clean earth and a good society. And I know American history as well. And I can teach science as well.

JAMES WHEELER

This is not going to go well. Dude man, high schools are awful and are not nice.

CARL PLESENDA

I know that Wheeler, but look I'm going to be a high school teacher and gym teacher to keep on eye on the kids and generation of today to make sure they do the right things and don't fall into social traps and make sure we have a healthy society and a healthy environment. It will be fun Wheeler, plus you have homework from me, you are always allowed to use my apartment for a study hall.

JAMES WHEELER

I know Carl I think that's cheating and I'm not going to get use to calling you Mr. Plesenda and also calling you captain Planet at the same time.

CARL PLESENDA

Everything will be fine Wheeler, also on my lunch break, I can still eat real food and I can eat planet food that's in the nursery as well and no one will notice and I'll be inside the dirt eating planet food and drinking water.

JAMES WHEELER

Oh Jesus Carl!!!!!!....

JAMES WHEELER (CONT'D)

Anyway I'm not good with girls and women either but just have job and be yourself and everything will be fine, can you have alcohol? Cause that's important on a date. And have ID too.

CARL PLESENDA

Wheeler I have a new ID and did so yesterday. And yes Wheeler I can drink alcohol and have a beer just like everyone else. You worry too much man.

JAMES WHEELER

Do you know where this girl that you like is going to be?

CARL PLESENDA

Well she is going to meet with  
mayor Jones about some new  
chemicals and about some new  
medicines as well.

JAMES WHEELER

Where at?

CARL PLESENDA

The science center in Townsville  
and yes I do have normal clothes to  
wear as well.

CUT TO:

INT. THE TOWNSVILLE SCIENCE CENTER - AFTERNOON

All the press and people and mayor Jones get to the science  
center.

Cassidy gets to the podium.

DR. CASSIDY GREENE

Well good morning everyone, I'm Dr.  
Cassidy Greene and as of now, I'm  
happy to announce we will be  
building a new X-ray machine along  
with some new medicine where people  
get all the vitamins and I would  
love to announce the partnership  
with Mr. Lebedev.

Linka's father goes up to the podium.

ANDREY LEBEDEV

Thank you Dr. Greene, today is a  
very special day for Townsville and  
our goal in this partnership is to  
make sure the next generation is  
the healthiest and the strongest  
and sharpest of all. And with the  
help of the mayor we can accomplish  
that with my capital and with my  
partnership with Dr. Greene.

Carl is dressed in normal clothes and listening to all press  
conference.

DR. CASSIDY GREENE

Anyway does anyone have a question  
for us.

Cassidy sees a media person.

DR. CASSIDY GREENE (CONT'D)

Yes sir.

PRESS PERSON 1

Dr. Greene, when will these pills be on the market and what is the timeline or so?

DR. CASSIDY GREENE

We should have the new machine functioning by next year or so and I think Bravo Industries also will be the first company to sell them along with others.

Dr. Greene sees another press person.

DR. CASSIDY GREENE (CONT'D)

Yes you in the hat.

PRESS PERSON 2

Dr. Greene, have you proposed these new brand of medicine to President Uno or Mayor Jones?

DR. CASSIDY GREENE

We haven't talked to or been in contact with President uno or Mayor Jones and when we do, we have to talk their head of secret service in order to prescribe treatment to them.

Cassidy sees another press person.

DR. CASSIDY GREENE (CONT'D)

Yes you.

PRESS PERSON 3

Dr. Greene is it true that Crystal Cove might not have enough resources on their health department.

DR. CASSIDY GREENE

I have no comment I'm not a school nurse. Thank you for coming. I have no further comments.

Dr. Greene steps off the stage and she starts walking away.

And Linka's father goes up to her.

ANDREY LEBEDEV

You did a really great job Ms.  
Greene, hopefully we can great some  
really good medicine or so.  
Hopefully my daughter can learn 8  
billion things from you as well.

DR. CASSIDY GREENE

Yeah so far Andrey we are moving in  
the direction.

Carl sees Cassidy and Carl begins to walk towards her.

Carl gets closer and closer and Cassidy is sitting down.

CARL PLESENDA

Hello Dr. Greene.

DR. CASSIDY GREENE

I'm done with questions and I just  
want to and...

Cassidy pauses and sees Carl for the first time.

DR. CASSIDY GREENE (CONT'D)

Carl?.....

CARL PLESENDA

Hi Dr. Greene. I just wanted to  
come here and thank you for saving  
my life back in Los Angeles and  
giving me a lot of treatment. And I  
just wanted to make it up to you in  
some way.

DR. CASSIDY GREENE

Carl that's really sweet. I'm glad  
you took the time to come see me.  
How did you know where I was?

CARL PLESENDA

Well I herd on the news you were in  
Town and when you cured me, I ended  
up getting help and treatment from  
Dexter and he helped back on my  
feet again. And then I decided to  
come see you.

DR. CASSIDY GREENE

Carl that is so sweet you.

Linka's father comes and sees Carl for the first time.

ANDREY LEBEDEV

Well anyway Dr. Greene we must get going my daughter is waiting and for lunch. And who are you?

DR. CASSIDY GREENE

Andrey this is...

CARL PLESENDA

Hi, your Andrey Lebedev, I hear a lot of great things about your company. And I'm Carl Plesenda, I work at Untonium industries. Dr. Greene and I were talking about how great your investment was to her research.

ANDREY LEBEDEV

Why thank you Mr. Plesenda and yeah Dr. Greene and I have to meet up with my daughter.

CARL PLESENDA

Ah Linka, I hear a lot of great and wonderful and amazing things about your daughter sir, she is bright girl and she is very smart as well. And she has a really great heart as well sir, you would be very proud of her.

ANDREY LEBEDEV

Why thank you Carl. So what do you now Mr. Plesenda?

CARL PLESENDA

Well I work part time in a lab in Townsville and I'm applying to be a teacher at Crystal Cove High school.

DR. CASSIDY GREENE

Oh that's amazing Carl, I think you would be a great teacher Carl.

CARL PLESENDA

Anyway Dr. Greene, I know you are busy but I was wondering If i can have your number?

DR. CASSIDY GREENE

Sure thing Carl. It's 905-462-1258

Carl uses his own brain power to write down the number.

CARL PLESENDA

Perfect I have a really good memory. Well anyway I got to go but it was nice seeing you Dr. Greene.

DR. CASSIDY GREENE

You can call me Cassidy Carl. It's alright with me.

CARL PLESENDA

Alright okay Cassidy, anyway I'll see you later.

DR. CASSIDY GREENE

Alright okay. Bye Carl.

Carl ends up leaving

ANDREY LEBEDEV

I am really wondering how he knows my daughter.

DR. CASSIDY GREENE

That's what I'm wondering too Andrey. But it is good to see him.

CUT TO:

Wheeler is at lunch and he sees Ma-Ti and Kwame outside and Wheeler goes outside.

KWAME

What are you doing hanging out with us?

MA-TI

Yeah don't you need to hangout with people that are better then us?

JAMES WHEELER

What?!...No!!!!...Look I have an idea where you guys can have a home and not be in a homeless shelter no more.

KWAME

Look Red head boy, there is no way you can help us, we have a plan to get out of that Shelter and we will move to the future and we will live like kings.

JAMES WHEELER

Yeah I don't believe that's not very realistic Kwame.

KWAME

Sure it is red-head boy, we will steel one of the time machines in Dr. U's lab and travel to the year 9000 and everything will be great.

MA-TI

Yeah and then I will date a woman in the future as well and party with a lot of music and booze.

JAMES WHEELER

Yeah I hate to break it you clowns but you do that and you steel, you get in trouble with the Powerpuff girls and the Townsville police and then you 3 will go to jail and go to prison for life. You don't want that.

MA-TI

The powerpuff girls won't stop us, plus the 3 of those ladies are almost out of their 40's and they don't crime fight as much as anymore.

JAMES WHEELER

Yeah but their powers are still dangerous and you can die and get your asses kicked real badly.

KWAME

Look I know you trying to help us red headed boy, but when we go to the future, we will make sure to call you and maybe have you work in palace in South Africa in the year 9000. And then we will eat all of the Olive Garden we want as well.

JAMES WHEELER

Look guys, I'm not telling you guys to go back to school but I'm telling you guys this is a bad idea and you guys will get in trouble and I'm trying to save you guys from yourselves. And stop calling me red-head boy. That's incredibly racist.

KWAME

No it's not, you are a red-head boy, and you probably came from the Irish country and had all the pots of gold and money and then danced to your lepercon music and looked like the mascot of the fighting Irish football team.

MA-TI

Oh my god that is really funny...

Ma-Ti and Kwame start laughing and cracking up.

All of a sudden James picks up a rock and throws a rock at Kwame and Kwame feels the pain really hard and James ends up kicking Ma-Ti in the balls.

And they both land on the ground feeling the pain.

JAMES WHEELER

(screaming)

Fuck!!!! Will the two of you just shut the fuck up!!! All of you!!!! You know why you always get in trouble and never progress in life, because of this shit, you always pull the race card on people but then because you two take no responsibility you blame others for your problems and you end up acting like jack-asses and act like idiots and do a lot of racist jokes to people, and people don't want to be around you, and because of your behavior, people don't want to be around you two, and people see that the two of you suck and are awful and horrible people. And most of all, you two don't learn anything from your problems or from your mistakes and not open minded on anything.

JAMES WHEELER (CONT'D)

You know what?!...this was a mistake coming up to you guys, I think you guys deserve to be homeless and kicked out of the foster care system and I hope with how cruel you guys are to me, I hope the two of you go to hell.

(MORE)

JAMES WHEELER (CONT'D)

And I'm not a red-headed boy,  
either I'm smart and nothing was  
handed to me, it's called working  
hard and being nice and being  
respectful. Maybe if you guys had  
common sense and decency maybe you  
would learn a thing or 2 from Carl.  
And you know I'm leaving, screw you  
guys!!!!

James starts to walk away and Kwame and Ma-Ti see what they  
have done.

Kwame takes a deep breath.

KWAME

James...James come back man.

James turns back.

KWAME (CONT'D)

James we are sorry man, I'm sorry  
we have treated you badly and your  
right, we are the R-word very badly  
even though I don't what it means,  
but if it makes you happy, Ma-Ti  
and I will come with you man.

Ma-Ti catches up.

MA-TI

Yeah, please James...we won't make  
fun of you man, we like hanging  
around you and I'm sorry we made  
you feel that way. And those were  
words we needed to hear as well.  
Will you accept our apology?  
Please?

JAMES WHEELER

Alright you guys, I forgive you  
guys, come on lets get out of here.

James, Kwame, and Ma-Ti start skipping school and running to  
a city bus stop.

CUT TO:

Wheeler, Kwame, and Ma-Ti get to the Townsville park.

KWAME

Alright okay James where is Carl's  
apartment bunker?

JAMES WHEELER  
Just follow me.

Wheeler keeps on walking around and Ma-Ti and Kwame keep following Wheeler

CUT TO:

Wheeler finds one of the doors around a hidden side under one of the tunnels in the park.

Wheeler and Ma-Ti and Kwame go down the stairs and they finally get to the main door and Wheeler knocks on the door.

CARL PLESENDA  
Come in.

All of a sudden the boys come into apartment and Kwame and Ma-Ti are really shocked and they see Carl's apartment for the first time and they are blown away.

CARL PLESENDA (CONT'D)  
Hey boys, welcome to my apartment.

KWAME  
So...you mean to tell me that this American boy man with all the planet of the earth was able to build this apartment with his super-powers?

CARL PLESENDA  
Well I also had money that Dexter gave me as well.

MA-TI  
Well hopefully it has the normal things such as running water and electricity and all that stuff.

JAMES WHEELER  
I'm sure there all those things Ma-Ti.

CARL PLESENDA  
Did you guys want the full tour of apartment?

KWAME  
No, no, no, I think Ma-Ti and I have the idea.

Carl starts making some normal food and some salmon and some bread.

CARL PLESENDA

I'm also making some salmon and some shrimp and also baking some bread and I also got some soda as well.

MA-TI

Actually now that I think about, Soda and some fish does sound really good. I'm in.

KWAME

Yeah same here Ma-Ti.

CUT TO:

Kwame, Wheeler, and Ma-Ti start eating dinner with Carl.

CARL PLESENDA

How is the food?

KWAME

It's actually not too bad. And it's really good Carl. I didn't think someone like you knew how to cook.

CARL PLESENDA

Well I know how to do a lot of things Kwame.

MA-TI

Yeah I have to say I'm really impressed with this apartment.

CARL PLESENDA

Thanks Ma-Ti, and also I looked your records at the homeless Shelter and I'm going to fill out a lot of paper work to get you guys out of there and you guys are going to live with me. And don't worry, I built around 4 bedrooms in this place.

MA-TI

Oh thanks, I mean I don't know what to say as well. Thanks Carl.

CARL PLESENDA

Your welcome Ma-Ti.

KWAME

So when are you going to start working on that Carl?

CARL PLESENDA

Very soon Kwame. But have to be a teacher first and then I will help you guys out. And there will also be a an elevator to this place and a different entrance eventually.

JAMES WHEELER

No worries take your time Carl.  
It's all good.

LINKA LEBEDEV

Linka goes to a phone and she starts calling the cops.

And Linka hides and Linka accidentally makes a noise.

CUT TO:

Looten hears the noise.

LOOTEN PLUNDER

Someone else is here, Blight see who else is here.

DR. BRENDA BLIGHT

Right away Looten.

Blight starts looking around Linka. And Linka is really scared and all of a sudden Blight ends up finding Linka.

DR. BRENDA BLIGHT (CONT'D)  
 Sounds like hiding from me didn't  
 work didn't it sweet-heart.

Linka gets scarred and Linka punches Dr. Blight and Linka screams and uses her wind powers and blows Dr. Blight against the wall.

And Linka starts screaming and Link keeps on using her wind powers and Linka keeps on running and all of a sudden with magnet watch and is able to grab Linka and Linka is really scarred.

CUT TO:

Linka gets taken to Looten. And Andrey looks back and sees Linka.

ANDREY LEBEDEV

 here in a matter of seconds.

Linka is really scarred and Linka starts crying.

ANDREY LEBEDEV  
 It's okay Linka, It's going to be  
 okay.

Andrey looks at Looten.

ANDREY LEBEDEV (CONT'D)  
 Alright I'll come and help you,  
 just please don't hurt or kill my  
 daughter please...

LOOTEN PLUNDER  
Good, take him into the ship.

DR. BRENDA BLIGHT

TOWNSVILLE POLICE OFFICER 1

Alright okay Mr. Plesenda we will do that very soon.

CUT TO:

Carl and Linka are sitting down and all of a sudden and Dr. Greene shows up.

DR. CASSIDY GREENE

I got here as fast I can. I herd what happened and that's awful.

LINKA LEBEDEV

Thanks for coming Dr. Greene. I know my father trusts you a lot.

DR. CASSIDY GREENE

Don't worry we are going to find your dad.

LINKA LEBEDEV

I really hope so Dr. Greene. I just don't who would kidnap him?

CARL PLESENDA

It's was probably Looten and Dr. Blight. But the question is where. And also what they are planning as well. There needs to be someone who really knows about Looten other then us.

FADE TO:

Carl is looking up some critical information about Looten and his plan.

And Linka is laying around the apartment.

Carl starts reading some stuff.

CARL PLESENDA (CONT'D)

I think we need to see President Jetson.

CUT TO:

EXT. A RICH NEIGHBORHOOD IN PORTLAND, OREGON - AFTERNOON

Carl and Linka and Dr. Greene get out of an Uber and the rest of the kids catch up.

JAMES WHEELER  
You sure this is the house Carl?

CARL PLESENDA  
It says that he lives here or so.  
Lets go.

They get to the front door and Carl starts knocking on the door.

FORMER PRESIDENT GEORGE JETSON  
Who is it?

CARL PLESENDA  
Hello Mr. President, this Carl Plesenda is it okay that we come in? We need to talk to you about your meeting with Looten Plunder. We just need to talk sir.

George answers the door.

FORMER PRESIDENT GEORGE JETSON  
Come in kids.

As they get into the house they see a lot of memorabilia from his presidency.

FORMER PRESIDENT GEORGE  
JETSON (CONT'D)  
So who are you kids? College kids?  
I don't do press reports anymore.

GI  
No nothing about that sir.

JAMES WHEELER  
We are talk about the what happened during the Communist war after the generational war during your presidency and I think Looten was involved in some-way.

FORMER PRESIDENT GEORGE JETSON  
Take a seat, I'll tell you kids everything.

CUT TO:

Carl and the kids and Dr. Greene are sitting down around President Jetson.

FORMER PRESIDENT GEORGE  
JETSON (CONT'D)

Anyway I don't know where to begin but all I know is when I was president I was behind a lot of technology and weapon building and Looten's father Lloyd was a communist war criminal that was on China's side and Iran's side as well. And we found later he was going to his company to give weaponry to China and Iran. But the Powerpuff girls and the Kids Next Door were able to arrest him. And even before that, Lotten's father was a former radical and former Antifa member during the generational war as well and working for Mojo Jo Jo. And he was bombed and injured and I sentenced him to life in federal prison as well. And he died in 2020 of poison. But his son ended up being born somewhere in North Korea and taught a lot of communist and socialist propaganda and he became evil and just as evil as his father.

KWAME

Wow!!!! That's not good.

JAMES WHEELER

No it does not.

FORMER PRESIDENT GEORGE JETSON

And I think years later Looten took over for his father and he is finishing what he started. And I wouldn't be surprised if he is starting to build a space weapon to move to earth to a much different orbit or so. And believe me being from the future and before becoming president I know how all that stuff works.

GI

Oh yes we understand Mr. President.

FORMER PRESIDENT GEORGE JETSON

And also I don't know if I and the  
heroes from the generational war  
can help you kids this time around  
because we are all very old and not  
as powerful as we use to be as  
well.

LINKA LEBEDEV

No, no, it's okay Mr. President, we  
know, we know.

DR. CASSIDY GREENE

But President Jetson, lets say the  
old heros from the generational war  
era were young again and would that  
improve the chances of stopping  
Looten or no.

FORMER PRESIDENT GEORGE JETSON

A little bit but not by much  
however, these new foes are a lot  
more advanced and dangerous then  
Antifa and Mojo Jo jo ever were.  
And even more dangerous then Aku  
was. But that was around the  
Vietnam war and old Jack would tell  
you more about that as well.

CUT TO:

Outside of the Jetson house, Looten and Dr. Blight's space-  
ship starts to land on the ground. And a lot of Looten's  
thugs start coming out the ship with laser guns.

Looten and Dr. Blight come out of the ship.

LOOTEN PLUNDER

Find the kids and also find the  
blue guy as well. We need all of  
them for the grand plan.

CUT TO:

Everyone is inside and they start hearing a lot of footsteps.

FORMER PRESIDENT GEORGE JETSON

Oh no, someone is here, we have to  
get out of here right now!!!!

Kwame looks at the window.

KWAME

It's Looten and Blight and they  
have thugs coming after us.

JAMES WHEELER

We can take them on.

CUT TO:

The thugs break into the house and they start looking around  
the house.

THUG 1

Don't try to escape we have all of  
your kids surrounded. This is your  
only warning.

All of a sudden James uses his fire power and he burns a  
couple of thugs coming at him with his ring.

Linka does the same thing and uses her ring and starts  
blowing the thugs in the air and they land on the ground.

CUT TO:

Kwame punches a couple of thugs in the face and throws a  
couple of kicks and uses his earth ring and hits a couple of  
thugs in the face and knocks out a couple of thugs.

CUT TO:

Gi hides somewhere and all of a sudden she starts blasting a  
lot of water at the thugs and forces the thugs flying out of  
the house and forces them to the ground.

CUT TO:

Ma-Ti hides from the thugs and heart ring allows him to be  
strong and Ma-Ti ends up tackling some thugs, George grabs  
one of his laser guns and shoots a couple of Looten's thugs  
and President Jetson fires around 9 different laser shots at  
the thugs and killing around 8 thugs coming at him.

Jetson dodges some attacks and punches 4 thugs in the face  
and kicks another one in the face.

CUT TO:

The thugs and Looten are getting closer and closer to the  
house.

CUT TO:

The kids gather together and they start powering up their rings and they start blasting their rings at Carl and Carl starts powering up and he starts turning into Captain Planet.

More thugs show up and start shooting at the kids and Captain Planet starts blasting a lot of different powers at the thugs and Captain Planet starts throwing a lot of kicks and punches and knocks out around 8 thugs coming at him.

Captain Planet keeps on fighting more thugs and throwing more kicks and punches at them. And George is helping him by firing a lot of laser shots at bad guys.

The kids are helping Captain Planet with all of their ring powers and they manage to kill around 44 thugs coming at them and throwing a lot of punches and kicks.

George Jetson loads up his old laser guns and he starts shooting his old laser gun and kills some of Looten's thugs and kills around 66 thugs coming at him.

FORMER PRESIDENT GEORGE JETSON  
FUCK THE GLOBALIST ORDER!!!!!! LONG  
LIVE PRESIDENT UNO!!!!!!!!!!!! LONG  
LIVE TOWNSVILLE AS THE SHINNING  
CITY ON A HILL!!!!!!

CUT TO:

Captain Planet and the kids keep attacking holding the fort but the thugs weapons and Dr. Greene tries to run and to find a safe place.

As Dr. Greene is running she gets captured by Dr. Blight.

And Dr. Greene gets really scarred.

DR. BRENDA BLIGHT  
It's time for you to be the last  
piece of the puzzle Dr. Greene.

CUT TO:

Everyone keeps on fighting and all of a sudden Looten and Dr. Blight show up.

LOOTEN PLUNDER  
Hold your fire men!!!!....time  
out!!!!....

CAPTAIN PLANET  
What do you want?!....

## LOOTEN PLUNDER

Oh there is nothing blue boy!!!, I just have a pitch or a proposal that you and your kids with the rings need to hear. And we don't need to fight blue boy, I think it's best if you join Dr. Blight and I and with Lebdev's money and capital. We can move Earth into a different orbit and partner with other planets as well.

## CAPTAIN PLANET

No Looten, Planet Earth is my home, and your plan moving the earth is going to end killing millions of people, your insane. And also your going to start a galactic war and start invasion!!!!!!!

## LOOTEN PLUNDER

Oh non-sense blue boy, it will be perfect, and I will be the supreme leader of earth and we will partner other species of people.

## LINKA LEBEDEV

We won't any deals with you. Not until I see my father.

## DR. BRENDA BLIGHT

Sounds like that is not going to happen little girl, your dad is going to be prison and help us with all his money. And blue boy and the rest of your friends need to make a choice right away.

George shows up all beaten up.

## FORMER PRESIDENT GEORGE JETSON

We will not agree to your globalist and new world planet order and President Uno and his cabinet will not kneel to your ridiculous demands. You are nothing but a terrorist!!!!!!!

## LOOTEN PLUNDER

A terrorist? That's too strong of a word President Jetson. I like to think I'm improving the planet.

JAMES WHEELER

Well this playing god stuff isn't  
going bend well for you.

LOOTEN PLUNDER

Well don't care what you have to  
say kid. Overall, planet earth is  
mine and you kids and blue boy are  
going to join me!!!!

CAPTAIN PLANET

We will not join you, and you will  
be stopped. The offer is off!!!!

LOOTEN PLUNDER

Very well then blue boy!!!!

Otherwise Looten has an evil smile and grabs Cassidy and  
points a laser gun at her head and Cassidy starts crying and  
making scared noises.

LOOTEN PLUNDER (CONT'D)

Unless you want to loose the only  
woman that has ever loved you and  
heeled you blue boy when you were  
weak. And loose the girl you  
love!!!!!!!!....

DR. CASSIDY GREENE

(crying)

Carl!!!!!!!!!!!!!! Help me!!!! Don't  
let this man destroy the earth!!!!!!

CAPTAIN PLANET

Let her go Looten this is between  
you and me!!!!!! And we will stop  
me!!!!!!

LOOTEN PLUNDER

I doubt that blue boy, and soon I  
will be the supreme ruler of earth  
and I will control everything from  
my space-ship and drag the planet  
earth into a new space order.

All of a sudden Looten does an evil smile and Looten uses his  
diamond ring and electrocutes Captain Planet and Captain  
Planet falls to the ground.

DR. CASSIDY GREENE

(crying)

Carl!!!!!!

CAPTAIN PLANET  
(weak voice)  
It's going...to...be okay Cassidy.

LOOTEN PLUNDER  
Good-bye Carl!!!!!!....

All of a sudden Looten takes out a PP7 style gun and shoots Carl in the chest and Carl gets shot really bad.

And Captain Planet starts screaming and yelling really bad and yelling in pain.

And Looten does an evil laugh and shoots a rocket launcher at Captain Planet and forces him to the ground.

And Captain Planet is slow to get up.

JAMES WHEELER  
Captain Planet!!!!!!

Captain Planet is coughing out a lot of blood and a lot of blood is coming out of him. And Carl's face and head is losing it's blue coloring. And Carl has a black eye and a bloody lip.

MA-TI  
He's dying we have to do something.

JAMES WHEELER  
Hopefully Dexter and Blossom can do something.

GI  
If anything that is probably our best bet.

FORMER PRESIDENT GEORGE JETSON  
I will come up with you kids.

CUT TO:

The kids get to Townsville and go into Dexter's lab and place Carl's weaken lab on the medical table.

JAMES WHEELER  
Dr. U he is hurt, can you fix him?

DEXTER UTONIUM

I will try to do what I can, but from searching his body, the bullet is destroying and poisoning his body and the soil and planets in his body and also the water in his body. And we need move quickly.

The powerpuff girls come.

BUBBLES

We came as fast as we could and I think hopefully our chemicals used to create us can hopefully.

DEXTER UTONIUM

Well anything at this point will help.

CUT TO:

Dexter places Carl inside of a container with sugar, spice, and everything nice and also antibiotic liquid.

DEXTER UTONIUM (CONT'D)

Hopefully this works.

As Dexter is heading up the container, Carl starts flash-back to his life and all the memories he had with Dexter and also his life when he was going to Seattle U.

Dexter keeps on mixing and mixing and the old powerpuff girl stuff and antibiotic start healing Carl really well.

Carl keeps on sleeping and his blue coloring starts to come back and come back even stronger then ever.

After a minutes of mixing and heating up, all of a sudden Carl breaks out of the container and glass is on the floor.

DEXTER UTONIUM (CONT'D)

The kids, Dexter, and the powerpuff girls run to Carl as Carl is on the floor.

CAPTAIN PLANET

and thank you powerpuff girls for  
everything.

BUTTERCUP

Don't mention it earth boy.

DEXTER UTONIUM

Carl we don't have much time,  
Looten and Blight are going to grab  
the earth and start moving it to  
another orbit if we don't stop  
them. And we need to Nigel as well.

GI

And worse we don't anywhere to get  
to space and help Captain Planet.

CAPTAIN PLANET

I'll be fine kids, just be with  
Dexter and the Powerpuff girls and  
I'll take care of Looten and Blight  
and save Cassidy.

DEXTER UTONIUM

Alright then go, go!!!!!!

All of a sudden Captain Planet starts running to the ledge  
and jumps into the air and Captain Planet starts flying into

And this plan is my whole revenge on the heroes from the generational war including you President Uno because you killed my father during that war and it's time I killed you and killed your country as well and kill planet earth as well. MA-TI

PRESIDENT NIGEL UNO

Oh yeah George is a really amazing man and he still has a lot of his old future guns in his home. Way more advanced then what I had when I was number 1 of the codname Kids Next Door.

CARL PLESENDA

So what did you want to talk to me about Mr. President?

PRESIDENT NIGEL UNO

Well my 2nd term is almost up and I don't know who is going to run but hopefully I read the news that Johnny might run.

CARL PLESENDA

You mean Johnny Bravo who owns Bravo industries.

PRESIDENT NIGEL UNO

Yes, I think Johnny would do a great job, hopefully he has a lot less to deal with than me, I had to deal with an Iran Attack, the Earth moving, and the Pussycat Maina and other crazy stuff.

CARL PLESENDA

Yeah I know, I feel for you Mr. President.

PRESIDENT NIGEL UNO

But anyway I called because my scientists have alerted me that there is another planet somewhere in space, and I want you to investigate the planet Thundera and find out what is in that planet, I call it Operation Animal.

CARL PLESENDA

Alright, I will see what I can do Mr. President.

PRESIDENT NIGEL UNO

I mean it's a plan that I borrowed from the great President Kennedy about how he wanted us to go to the moon and mine is just about seeing what kind of life outside Earth could be out there. And that's I got. I would want the heroes from the generational war to do this mission but sadly...we are all getting too old for these conquests and because I know how are you Captain Planet, I think you would be capable Carl.

CARL PLESENDA

Alright you can count on me Mr. President. By the way, how is your boy?

PRESIDENT NIGEL UNO

Shrilly is fine, he's in Dallas, and I think my 2nd term is up, I'm planning on moving to Galveston and being closer to him and just retire on the beach there.

The kids fire their rings at Carl and Carl turns into Captain Planet. And Carl starts flying into the sky and flying into space.

Carl keeps on flying and flying and flying until he reaches the planet of Thundera.

Captain Planet lands on the ground and he is around a cat like society and everyone on the planet is a cat with cat ears and cat tails and other cat spices.

And everyone on the planet is butt naked.

All of a sudden a strong looking man that looks like a Lion is approaching Captain Planet.

LION O

Who are you?! And what are you doing on our planet?! And what bushiness do you have being on 3rd earth blue alien.

CAPTAIN PLANET

I'm sorry anyway. I'm Captain Planet, I'm from planet earth, I believe long ago my enemy Looten Plunder wanted to partner with alien monsters around your planet and he wanted to attack earth and start wars against Earth.

LION O

Well we don't care about earth here. This is 3rd earth, and we are our own people and with our society and government. We have no businesses attacking earth and our people. And if there was a war, we would be prepared.

CAPTAIN PLANET

And that's why I'm here. My world leader wanted me to fly up here to talk to people about maybe partnering with your planet against monsters. If that was okay with you.

Lion O starts talking with Panthero and Tygra.

LION O

Okay Captain Planet, We will talk with our king name Jaga. Come with us.

Captain Planet walks into the main castle.

JAGA

Who dares come on the planet  
Thundera!!!!

LION O

Jaga, a human with blue skin and red suit and green hair has come with news.

JAGA

Let him speak Lion O. Go a-head my child.

## CAPTAIN PLANET

Thank your royal highness. My name is Captain Planet I came to Thundera to form a partnership because my enemy from Earth was trying to put earth in the same orbit as and he also trying to partner and create an Alien Army as well. And I was wondering if you and your people would protect Earth during a galactic war. Because my enemy Looten was trying to start a galactic order.

Jaga thinks about what Captain Planet has said.

## JAGA

I see my child, I think my people and I would be very delighted to help Earth and your leader depending on who it is. However none of my cat children on this planet has met an earthling like yourself and we don't always use force unless we are threaten but you seem like a good human from Earth. This issue is simple, my army of warriors will be prepared to protect our planet and protect the planet earth from monsters, as long as who ever is the representative of Earth also acts in good faith.

All of a sudden cat warrior places a piece of paper by Jaga and signs it.

## JAGA (CONT'D)

Alright Captain Planet, here is my agreement that can send to your world leader or wherever the hell you have come from. And I also want to know who we are teaming with if war comes again.

## CAPTAIN PLANET

Thank your highness. You won't regret this partnership

## JAGA

I'm certain we will not, now go before I change my mind. Go.

Captain Planet leaves the castle and he starts flying back to Earth. And Jaga is sitting down on his chair.

JAGA (CONT'D)  
I believe Thundera might be  
changing and Earth will be closer  
to us then ever before!!!!....

You know...when I was younger, I would always hang around Judy's father George and George taught me a lot of things when I was younger and I always would watch George work his magic both as a fighter and president, and he taught me how to talk to people. And yeah my father in law is a very special man. And so yeah today I am announcing today as of right now I am going to be running for President of the United States. I hope that when I run that I can bring the same spirit that Nigel Uno brought to the white house and keep the progress going on keeping our country the strongest in the world, and I hope that under President Bravo I can be the president that get us back to normalcy again and hope we never have a war in our country or any attacks on our country as well. And I haven't chosen who my campaign manger will but everything is going to get set up real soon. And that's all I got. Thank you everyone.

And the press is going crazy and wild.
