Let go of me!!!!!!....Help!!!!

Bond gets closer and Bond sees Vivienne.

And Jaws does an evil smile and evil laugh.

VIVIENNE MICHEL (CONT'D)  
James don't leave me!!!!

JAWS  
Oh you will taste really good once you are on the private jet heading to my boss's volcano lair and enjoy the bath as well.

VIVIENNE MICHEL  
James help!!!!!!

Bond points the riffle at Jaws.

JAMES BOND 007  
Let het go Henry!!!!!! And this time I will shoot you!!!!!!

JAWS  
Ah...James Bond 007!!!!!!...I knew we would see each other very soon. And it's time bad I'm in charge of my own plan as well.

JAMES BOND 007  
What do you want Silver?!....

JAWS

nothing just this beautiful lady  
cause my boss and myself want her  
DNA and also her body as well  
James. And I wouldn't want you to  
miss that James!!!!...

JAMES BOND 007

She is not going anywhere with  
you!!!!!

JAWS

Oh this time your not in a postion  
to stop me 007. Especially since I  
have my own team with me.

JAMES BOND 007

we will just see about that.

All of a sudden Vivienne slams her watch against Jaws and  
Jaws gets hurt real bad and Jaws screams in anger and in  
pain.

Vivienne starts running away.

JAWS

(angry)

You come back to me right  
away!!!!!!

Vivienne keeps on running away.

And Jaws turns back and Jaws starts fighting James Bond and  
throwing a lot of kicks and punches.

Bond tackles jaws to the ground and Bond is grunting anger  
and throwing a lot of attacks at him.

Jaws grabs Bond by the neck and slams him to the ground and  
Bond gets up and throws more kicks and punches at Jaws.

Jaws picks up a terminal car and throws a terminal car at  
Bond and attacks James Bond 6 times with the terminal car  
with all his strength.

Bond gets hit really bad by the terminal car and Bond gets  
smashed up really bad by Jaws.

Bond gets free and Bond throws a lot of punches and kicks and  
Bond body slams Jaws forces him to the ground.

Bond ends up throwing a bomb at Jaws and another explosion  
and Jaws through the ground and gets knocked out.

Bond hangs on the ledge for dear life and he starts climbing up and Bond starts running and he finds a gate that is broken and it's open and Vivienne gets through it.

Bond also gets through the broken gate and Bond is able to catch up to Vivienne.

JAMES BOND 007

Vivienne it's alright, we are going to be okay. Just follow me.

Bond and Vivienne and they start finding a small jet. Bond gets into the private jet and Bond turns on the plane and he starts flying the plane.

The private jet begins to take off and Bond starts going really fast and Bond is doing everything in his power to get the plane up into the air and start heading east to the United Kingdom.

Bond finally gets the plane up in the air and the Athens airport blows up in flames.

CUT TO:

Bond is flying the plane in the cockpit. Bond turns back at Vivienne.

JAMES BOND 007 (CONT'D)

Are you alright? Are you hurt?

VIVIENNE MICHEL

A little bit. I think you have a lot to tell me and I know from all of that, you are not a jewelry person at all. Start talking now!!!!

JAMES BOND 007

Your right. I'm not a jewelry person like I said I was. I work for the British government and I'm a federal agent for MI6 and for universal exports. And I saw you back when you were in San Fransisco and I was trying to protect you and I know who those people are that they were attacking us as well. And I know that they were after your research and your DNA and their boss or Silver wants you as well. And I know you are in a lot of trouble as well.

VIVIENNE MICHEL

So you used me then?

JAMES BOND 007

Yes, but I want to protect you and I will do what I can to do that Vivienne.

VIVIENNE MICHEL

How do you know that James?!...

JAMES BOND 007

Because I know who their leader is. And I know you are running from Spectre. And I know what happened to your boyfriend Brad Wilson as well. And how Silver and Renard and Triple X killed them.

VIVIENNE MICHEL

When do we get to London?

JAMES BOND 007

In about 4 or 5 hours from now, but I think I have a good amount of fuel or so. Just sit back.

VIVIENNE MICHEL

Alright okay James.

Bond keeps on flying the airplane and flying the airplane to London.

CUT TO:

EXT. ATHENS AIRPORT - NIGHT

The airport continues to burn to the ground and Jaws gets up and he starts looking for Renard and Triple X.

Jaws is able to grab them and get them out of the burning airport and Jaws ends up stealing a car and they heading to a random container ship and they sneak on.

Jaws disguises himself as a ship-man and they find a room there. And Renard and Triple X wake up and start coughing.

RENARD

What the hell happened?!...

JAWS

Sadly Bond escaped with Vivienne and we need to get her back and fast.

MAJOR ANYA AMASOVA - TRIPLE X

So why we are on this ship?

JAWS

It's because it's heading to London where Bond is going to be and in order to get that Michell girl, we kill 007. And start our own grand plan of using her for DNA and beauty for make-up and we make product out of her research and then from there, we will hack into every Monument and start melting the ice.

RENARD

And having the world under water. I'm not surprised coming from someone like you.

MAJOR ANYA AMASOVA - TRIPLE X

You might also need help with the United Nations and I know they can be manipulated.

JAWS

That's Ernst will do the heavily lifting and we will build it ourselves. But first get rid of Bond and then everything will build itself and soon...we will build our own sea and water version of the death star.

FADE TO:

Bond ends up landing the airplane around an airport in London and Bond lands the plane very effectively.

JAMES BOND 007

Well I guess we have landed and I guess I will take you home.

VIVIENNE MICHEL

Oh that sounds good James. And I will stay there for as long as I need to.

Bond and Vivienne end up getting off the plane and they walk to a random parking lot and Bond ends up getting uber and they go into the Uber.

CUT TO:

Bond and Vivienne get to Bond's pen house in London and they both go inside and Bond starts making some food.

JAMES BOND 007

Hungry?

VIVIENNE MICHEL

Oh yes please.

Bond ends up making some fancy UK food and serves it to Vivienne. Vivienne tries it and she loves it.

VIVIENNE MICHEL (CONT'D)

MMMMMMMMMM....it's really good  
James.

JAMES BOND 007

I'm glad you like it.

VIVIENNE MICHEL

So how long have you been working  
for Universal exports. Do you have  
any family?

JAMES BOND 007

I don't actually, all my family is  
gone and I'm not married.

VIVIENNE MICHEL

Oh okay. Do you think about your  
parents?

JAMES BOND 007

A little bit I do. But it was a  
long time ago and I'll I can do is  
just keep going with the life that  
I have now.

VIVIENNE MICHEL

You seem like a very strong  
individual and you are made of  
steel in your heart.

JAMES BOND 007

Not always I'm not. Parts of my  
work is really scary and not always  
good.

VIVIENNE MICHEL

But you must get a lot of benefits  
or so. Yes?

JAMES BOND 007

I do. But I love it when I come  
here and drink my martanis and eat  
and cook and then go to places  
here. And sometimes in the summer I  
always go to Jamaica as well.

VIVIENNE MICHEL

Oh that be a lot of fun.

JAMES BOND 007

Oh it is.

CUT TO:

Bond and Vivienne are sleeping together and Bond is sleeping  
and having flash-backs to his child hood.

CUT TO:

Bond wakes up the next morning and he gets out of bed and he  
takes a shower and he puts on a normal looking suit. And  
Vivienne sees him.

VIVIENNE MICHEL

James, where are you going?

JAMES BOND 007

I have to go to the office but I'll  
be back later or so.

VIVIENNE MICHEL

Alright I'll be here when you get  
back.

Bond goes out the door and he starts taking the train and  
other public transportation in London and he starts heading  
to Universal exports.

Bond goes into the building and he goes into the elevator and  
finally gets the entrance and opens the door.

EVE MONEYPENNY

James, where were you? You were in  
the states for quite a while.

JAMES BOND 007

Good morning Moneypenny is M in the  
office?

EVE MONEYPENNY

He is, I think he really need you to check in at some point or so. Good thing you came back when you did.

The buzzer starts ringing.

M

Money Penny is 007 in the building?

EVE MONEYPENNY

He is sir, he just walked in.

M

Well buzz him in.

EVE MONEYPENNY

Yes sir.

Money Penny turns to Bond.

EVE MONEYPENNY (CONT'D)

You better go in Bond.

Bond ends up walking into M's office. And M looks up and sees Bond.

M

I hope you enjoyed your time in the states 007.

JAMES BOND 007

I did sir, but however though I think we might have a bigger problem on our hands.

M

And what problem would that be 007?

JAMES BOND 007

Well I found out that after the events that happened in New York, there was a woman I saw in San Francisco who use to be a scientist at Vancouver, British Columbia and what's really awful is that Spectre is after her and she has been on the run from Spectre for a number of years as well.

M

Bond I know you found another personal thing but I don't believe this will not be another detail this department will be pursuing. And I know you have strong feelings for this woman 007.

JAMES BOND 007

It's not really about that sir but...if we don't protect her, Sliver and his other henchmen will get to her and I think they are planning another attack on the world or so and Henry Silver also known as Jaws could be the ring master this time around.

M

I thought Henry Spencer Silver was dead in the last mission.

JAMES BOND 007

Sadly he is not sir, and this time around he has 2 more henchmen with him. A bald gentlemen and a tan Russian girl.

M

And these 2 are working for Spectre while working for Jaws?

JAMES BOND 007

Yes sir.

M

Jesus christ!!!! And what is it they want with this woman?

JAMES BOND 007

That I don't know sir but I think from my understanding is that they want to capture her and her body and DNA to create perfume and their 2nd part of their plan is to flood the world melting ice. I don't know how in the world that is possible. I think we need to find out where these 3 at all times.

M

Well I guess that is a lot of information and I guess I will tell Tanner and the minster of defense Fredrick Gray to look into all of this....that will be all 007. And Q wants to give you more gadgets as well.

JAMES BOND 007

Thank you sir.

Bond begins to walk out of M's office.

M

And 007?

Bond turns back.

M (CONT'D)

Just in case we find something, you might need to report again. But I will let you know.

JAMES BOND 007

Sounds good sir.

Bond walks out of M's office and he walks towards Money Penny.

EVE MONEYPENNY

Well sounds like a lot happened in that briefing.

JAMES BOND 007

It sure did. Anyways I have to go.

EVE MONEYPENNY

No dinner or nothing.

JAMES BOND 007

Maybe, i'll think about it.

EVE MONEYPENNY

Well I hope the rest of your day is good.

JAMES BOND 007

Thanks Money Penny.

FADE TO:

Bond gets back to his penhouse and Bond sees Vivienne laying down on the couch.

Vivienne turns to Bond. And she smiles at him.

VIVIENNE MICHEL  
How was working darling?

JAMES BOND 007  
It was good, very short and I'm  
just glad to be home with you.

Vivienne does really sexy moan and Vivienne and Bond start making out on the couch and Bond starts taking Vivienne's clothes off. And Bond and Vivienne have sex in Bond's bedroom and do so far for the remainder of the night.

FADE TO:

Bond and Vivienne are in bed together and Vivienne is laying on Bond and kissing him everywhere.

VIVIENNE MICHEL  
Mmmmmmmmmmmmmmmmm. You taste really  
good and you feel warm and I love  
your muscles a lot as well.

JAMES BOND 007  
And I also really love how you  
taste as well Vivienne. You taste  
like fruit and chocolate cake.

VIVIENNE MICHEL  
Mmmmmmmmmmmmmmmmm. I didn't know that I  
smelled that good.

JAMES BOND 007  
Oh but you do my dear. You really  
do.

Bond and Vivienne continue to make love and one of Bond's alarms in his apartment goes off.

JAMES BOND 007 (CONT'D)  
Ah bugger I have go, but I won't  
gone long.

VIVIENNE MICHEL  
Alright okay James.

Bond gets dressed and he wears causal normal clothes and he walks out of his apartment.

And Bond starts walking to the gap train and he goes off to meet up with Q.

Bond gets on the train and the train starts going off and James starts looking at his phone.

FADE TO:

EXT. AROUND AN OLD CAR WAREHOUSE IN MANCHESTER - DUSK

Bond gets off the train and he starts heading inside the warehouse. Bond opens the door and it's dark right away.

Q

Your here. I didn't think you would find the place.

JAMES BOND 007

Hello Q. So why come here?

Q

Well even though you don't have a mission yet 007. I still wanted to give some extra gadgets just in case you did having one or so.

JAMES BOND 007

Oh that's really thoughtful Q.

Q starts walking down the stairs.

Q

Well anyway I have some things to show you.

Bond starts following Q.

Bond ends up seeing bombs in the shape of hearts.

JAMES BOND 007

Those are really interesting bombs Q. For a bad date?

Q

Well yes and no, these romantic bombs that I created is because even though we can't hit a woman, you can still blow them up especially if you are in positions where you can't make any punches or kicks or slaps. Or in some strange way you in a very date with either a wicked grandma or wicked mother and she absolutely hates you and really wants you dead and killed.

JAMES BOND 007

Very inventive Q. I love it.  
Especially if I have to blow up the  
evil witch from snow white or  
Ravenna from the Sleeping beauty or  
the witch of the west from the  
wizard of oz. Very ingenues Q.

Q

Thank you 007. Although I would  
suggest getting off of those  
medieval movies and books 007.

JAMES BOND 007

Another thing to add is that these  
gadgets would be perfect especially  
if I was face to face with crazy  
prostitute or hooker.

Q

Oh you pipe down and shut the fuck  
up 007.

Bond starts to smile and chuckle.

Q (CONT'D)

Anyway there are more things.  
Fallow me please.

Bond keeps on following Q.

And Bond sees a red Becker Mercedes Benz Metris and it's a  
shinny car.

JAMES BOND 007

What's this Q?

Q

Oh I knew that would get your  
attention 007. This is new 2026  
Becker Mercedes Metris car. And  
it's a red color and I call it the  
angry King George. Also has  
missiles, bombs, machine bullets,  
and a flame thrower as well. And  
also can electrocute enemies as  
well.

JAMES BOND 007

I don't know about this Q, it's a  
van, it's what young families  
drive. I need more of a sports car.

Q

I know 007. But I need to remind you that vans today are nothing like the vans from the 1980's and the 90's and 2000s when you were a small boy in dippers and your mum and father were driving in your little boy days. This very advanced, can go up to 900 miles per hour and can throw any sort of weaponry imaginable. Just think of it like you are driving a lion 007.

JAMES BOND 007

Alright, I guess your right Q, I'll give it a chance.

Q

Anyways I think I have one more gadget or so.

Bond ends up seeing dishware on a table.

JAMES BOND 007

I think I already have good dishes at my apartment Q.

Q

This is not for you, these dishes are used to scan fingers prints of your enemies especially when they are having a meal. And it also gets access to their brain and eyes and see who they have been seeing as well.

JAMES BOND 007

Sounds really neat.

Q

And I think that's pretty much it. I will let you know if I need to make more gadgets for you as well.

JAMES BOND 007

Sounds good Q. Sounds good.

FADE TO:

Bond ends up driving the Mercedes Metris van and as Bond is driving the van back to his apartment, he notices how nice and fancy the interior is

JAMES BOND 007 (CONT'D)  
I just hope this thing actually  
works.

Bond keeps on driving from Manchester back to downtown  
London.

CUT TO:

INT. BOND'S APARTMENT - NIGHT

Bond starts looking up a lot of different things and he  
starts looking up the Microsoft campus. And sees a list of a  
new AI that they are making.

JAMES BOND 007  
I think it's time we gave a visit  
to the Microsoft in Redmond.

CUT TO:

Bond starts going heading to the airport and he starts taking  
a couple of flights to Seattle, Washington USA.

And the Bond theme starts playing softly in the background.

Bond is still on the plane and he is relaxing on the  
airplane.

CUT TO:

The last airplane lands on the ground and lands at Sea-Tac  
airport. Bond gets his bag and he starts heading into the  
garage and a personal driver drives the Metris car to James  
Bond.

PERSONAL DRIVER  
Here is your car Mr. Bond.

JAMES BOND 007  
Thank you.

Bond goes into the car and he starts driving to Redmond. As  
Bond is driving he starts seeing all the features of western  
Washington.

Bond gets to Seattle and Bond sees the space needle for the  
first time and the Seattle skyline.

Bond starts heading east and he gets to the main Microsoft  
campus.

Bond parks the car and he notices a lot of tech people walking into the campus with tech clothes.

Bond starts looking around and he goes to a store in Redmond and starts dressing like a tech person and wears fake eye glasses.

Bond goes into the dressing room and looks in the mirror sees his reflection.

JAMES BOND 007 (CONT'D)  
I think this will do just fine or  
so.

CUT TO:

Bond gets out of the good-will and he starts heading back to the Microsoft campus in Redmond.

Bond parks in the parking lot and he starts writing an email from his laptop and Bond ends up sending the E-mail.

FADE TO:

INT. THE MICROSOFT CAMPUS IN REDMOND - AFTERNOON

A beautiful tan girl in her 30's sees James Bond approaching her.

AMBER BAIR  
Hi can I help you?

JAMES BOND 007  
(in disguise)  
Yes you can, my name is Michael  
William I'm from Sky news and I  
have an appointment with the  
current CEO or so.

AMBER BAIR  
Oh okay, let me check on that hold  
on.

Amber goes and checks the appointments

AMBER BAIR (CONT'D)  
Oh yeah for sure Mr. William.  
Um...I hate to say this but our  
current CEO is not in Seattle right  
now but his deputy one is. Does  
that work?

JAMES BOND 007  
(in disguise)  
Yes that will work perfectly. Thank  
you my dear.

Amber ends up checking Bond in and Bond ends up walking around the microsoft campus and he looks on his phone and finds out where the main CEO's office is.

Bond ends up going on the elevator and goes up to the 4th floor.

Bond gets off the elevator and he starts heading to the office. Bond knocks on the door. But the door is open.

As the door is open, Bond walks into the office and he starts turning his head everywhere and looking at all the photos.

HAZMA SHEIKH  
Hello, are you Mr. William?

JAMES BOND 007  
(in disguise)  
Yes I am.

HAZMA SHEKH  
Mr. William my name Hazma Sheikh  
and I'm the 2nd CEO in charge of  
this Microsoft campus. Current one  
is in India right now.

JAMES BOND 007  
(in disguise)  
That's pretty reasonable.

HAZMA SHEKH  
So Mr. William, what brings you to  
the west coast and to Seattle of  
all places.

JAMES BOND 007  
(in disguise)  
Well I'm from news in the UK, and I  
was wondering if the organization  
known as Specture has been here in  
Microsoft?

HAZMA SHEIKH  
Specture?! Mr. William, Microsoft  
is one of the biggest tech  
companies we work with the United  
States government and MIG in  
England and we would know about  
Specture.

JAMES BOND 007

(in disguise)

Um alright well I guess I have another question and this is about a woman name Vivinne Michel and I just wanted to ask if she worked at Microsoft before going to San Fransisco and Vancouver, BC.

HAZMA SHEIKH

Well she did Mr. William, only for a little bit of time, we wanted to use her brains for a new microchip that was going to be handled to the United States government and for their weapons as well.

JAMES BOND 007

(in disguise)

Well okay then, and last one, is there any possibility of a Microsoft campus being built in England and France?

HAZMA SHEIKH

We already have campuses in those countries Mr. William. And if want to know, we are not funding thugs overseas. And you can quote on me that.

JAMES BOND 007

(in disguise)

Right then, I guess I got what I needed. And you have a wonderful day Mr. Sheikh.

HAZMA SHEIKH

You too Mr. William.

As Bond is walking away, some of the cameras office find out who Bond is and they see footage of him killing the supreme leader of Iran.

Hazma makes a face-time call and it's to Blofeld.

ERNST STRAVO BLOFELD

Hello Hazma. I'm sure that was a very good meeting.

HAZMA SHEIKH

I'm sure number 1. It's another sky news reporter and how foolish and stupid they all are.

(MORE)

HAZMA SHEIKH (CONT'D)

And they remind of those uneducated people on Fox news as well. Bunch of trailer trash people.

ERNST STRAVO BLOFELD

Well I have good news for you. It was not a sky news reporter nor someone from the BBC, from recordings and footage from your computer. His name was not Michael William...very generic name...It's actually James Bond 007 from MI6 and from London and he is also half Scottish as well. My own representative and my own other henchmen of mine will find out who where Mr. Bond is heading to next.

HAZMA SHEIKH

And what do I do?

ERNST STRAVO BLOFELD

You will end up doing nothing and if they are successful maybe you will get a chance to kill 007 as well.

HAZMA SHEIKH

I really hope so number 1 and we don't want Bond getting close or getting closer to finding out about Vivienne's past since she worked at this Microsoft as well.

ERNST STRAVO BLOFELD

Well I hope for your sake Hazma that James Bond is killed and I don't care who gets the credit. And good bye Hazma.

HAZMA SHEIKH

Good-bye number 1.

Hazma hangs up the phone.

CUT TO:

INT. PACIFIC PLACE MALL IN SEATTLE - AFTERNOON

Bond ends up driving to the mall and Bond gets out of the car and a mall worker gets the car.

Bond ends up going into the mall and he starts heading to a Nordstrom.

As Bond is looking around, he starts looking through the mens section.

And as Bond is doing this, an older American woman in her 40's sees Bond and she goes to up to help him.

JACKLYN JEFFERSON

Yeah I'll have to call you back.

As Bond is trying on clothes, parts of the infatuation song by SG Lewis plays but only the music part and as that song plays, parts of the Bond theme plays as well as Bond is trying on clothes.

As Bond is trying on clothes, he starts putting some clothes in a cart. And Jacklyn comes up to him.

JACKLYN JEFFERSON (CONT'D)

That's a lot of clothes you have there, you staying here for a couple of days?

JAMES BOND 007

(in disguise)

A little bit, I'm doing some news stories here and I'm from London.

JACKLYN JEFFERSON

Oh that's cool, where did just come from?

JAMES BOND 007

(in disguise)

The Microsoft campus in Redmond.

JACKLYN JEFFERSON

Oh that's cool, I use to work there in the 2000's. Very long ago, I'm Jacklyn by the way.

JAMES BOND 007

(in disguise)

Michael William.

JACKLYN JEFFERSON

Well it's a pleasure to meet you Michael. So why the Microsoft campus and why these clothes?

JAMES BOND 007  
(in disguise)  
Just doing some last minute  
shopping cause I'm going to be here  
for a while.

JACKLYN JEFFERSON  
Alright okay, I can ring you up a  
little bit as well and maybe if you  
want we can just talk for a little  
bit. I very intrigued by you.

JAMES BOND 007  
(in disguise)  
Yeah sure thing.

CUT TO:

Bond ends up going to the Nordstrom cafe. And Jacklyn clocks  
out and she is able to find Bond.

JACKLYN JEFFERSON  
Oh sweet, I love eating here. I  
always get the soup and sandwich  
here.

JAMES BOND 007  
(in disguise)  
Yeah I hear food from the northwest  
is really delicious.

JACKLYN JEFFERSON  
So what was one of your stories?

JAMES BOND 007  
(in disguise)  
Well Jacklyn I was here wondering  
what Microsoft's plans where for  
the future and asking if there was  
any strange people going to that  
campus and if Microsoft was being  
funded by Specture.

JACKLYN JEFFERSON  
Specture? Well you could be on to  
something Microsoft is not that  
good of a company and they are woke  
as hell and a lot of corruption as  
well and a lot of their tech is  
used by the WEF and by the United  
Nations as well.

JAMES BOND 007

(in disguise)

Oh yeah for sure, and also a girlfriend of mine worked for Microsoft as well and she has told me stories how she was always on the run as well.

JACKLYN JEFFERSON

Oh okay, what's your girlfriend's name?

JAMES BOND 007

(in disguise)

Vivienne Michel.

JACKLYN JEFFERSON

Oh snap, oh wow I know who that is as well.

JAMES BOND 007

(in disguise)

You know her?

JACKLYN JEFFERSON

Know her, I adapted her a very long time ago when she was 8 years old, yeah come with me, I'll tell you everything or so.

FADE TO:

INT. JACKLYN'S OFFICE IN BELLEVUE - AFTERNOON

Bond and Jacklyn are in Jacklyn's office. And they are going through files.

JAMES BOND 007

(in disguise)

So your not just a retail worker at Nordstrom.

JACKLYN JEFFERSON

I'm not, I'm a social worker and I take on a lot of missing youth on the west coast and yeah my sister was dating this one person who was Vivienne's father or so and well back in late 90's my sister was going to school in France and she was dating this french guy and she lived in France for a while but then around 2001 or so, my sister was killed by this unknown fighter who had an octopus logo and an octopus as well. And sadly I was only 20 when this happened and so I adapted her and did her VISA and everything. But by 21 after some things that happened to Vivienne at Microsoft, she ran away and I was not able to find her.

JAMES BOND 007

(in disguise)

Do you have a photo of the ring?

JACKLYN JEFFERSON

I do,

Jacklyn ends up giving the photo to Bond and Bond looks at the photo and he copies the photo through his spy watch and he ends up sending it to M.

JAMES BOND 007

(in disguise)

This is for sure the Specture ring. And I think someone from that Microsoft campus wanted to usr her as well.

CUT TO:

All of a sudden a random car shows up at the office, and it ends up being Jaws, Triple X and Renard.

And they end killing some of the security guards and Jaws looks up and sees James Bond.

JAWS

He's here alright, time to fire away.

MAJOR ANYA AMASOVA - TRIPLE X

Right away.

RENARD

And I will disable the computers.

CUT TO:

Bond and Jacklyn are in the office and they start hearing the alarm going off like crazy.

JACKLYN JEFFERSON

Oh geez what's going on?!....

JAMES BOND 007

(in disguise)

Hide, someone is here.

All of a sudden the door breaks open.

JAMES BOND 007 (CONT'D)

(in disguise)

BOMB!!!! GET DOWN!!!!!!!!!!

Bond and Jacklyn get down and there is a major explosion and all of a sudden, Jaws and Triple X show up. And Jaws grabs Bond by the neck and throws him against the glass window and knocks out Bond.

Jaws does an evil smile and turns to Jacklyn.

JAWS

I know for a fact you will be in my pool tonight and it's time that I tasted you.

JAMES BOND 007  
Hello Moneypenny.

EVE MONEYPENNY  
Sounds like you need some rest.

JAMES BOND 007  
Very long trip and long mission as well.

EVE MONEYPENNY  
How long is your meeting with M?

JAMES BOND 007  
Probably for a while.

The buzzer goes off.

M  
Miss Moneypenny is 007 in?

EVE MONEYPENNY  
He is sir.

Moneypenny turns to Bond.

EVE MONEYPENNY (CONT'D)  
You better go in.

Bond goes into M's office and Bond is really tired.

M looks up at Bond.

M  
Oh Jesus you look like hell Bond.  
But well done on your mission. And  
I'm surprised you were able to find  
Specture and find Number 1 as well.

JAMES BOND 007  
I didn't officially met him but he  
is a very ruthless fighter sir. And  
he was really hard to take down.

(MORE)

JAMES BOND 007 (CONT'D)  
But I'm happy to report that Henry Silver is dead and so are the other henchmen.

M  
Well done James.

M takes a deep breath.

M (CONT'D)  
I don't know if I have anything else to add, just get some rest take a month off and maybe another mission somewhere will turn up. And also another mouth added to your off time as well for saving and returning Vivienne Michel back to Seattle, Washington 007.

JAMES BOND 007  
Your welcome sir.

M  
But I also have something to tell you and it's about Vivienne's father, we have gathered reports that her father was a formal agent of Specture during the 90's and he was a frenchmen working for the USSR before the wall fell down. And I think Number 1 and Jaws wanted to use her blood to create Specture men and women that are really strong. I can see them doing this again as well in the future. And I think even though this doesn't sound truthful but I think that could be one of the reasons why Specture was able to recruit Triple X as well along with Renard.

JAMES BOND 007  
Do you know where there is another lab that is focusing on this stuff sir.

M  
No. But Tanner of course would know and he is on his way.

Tanner walks into the office.

BILL TANNER

Good morning 007, While you were in Houston Texas and in the United States we have found out while you were going after Specture is that Specture Number 1 is currently building a clinic on the mountain on a site called Piz Gloria and a lot of female patients are going there for a lot of cures especially when it comes allergic reactions to certain foods. I think it's said that Prince William and Princess Kate have even take their daughter as well. And sources say she is getting the best care in the world.

JAMES BOND 007

Has there been any reports on any lawsuits or anything like that from other people.

BILL TANNER

According to reports by the BBC and sky-news and other sources there is none right now. But that can really change very soon in a couple of years.

JAMES BOND 007

And no one knows who ruins this place?

BILL TANNER

No one knows but it's running and it's making billions and zillions dollars every minute. Some say there is a big woman name Irma Bunt that is running everything and she is seeing the princess as well.

JAMES BOND 007

The Princess of wales or the younger one.

BILL TANNER

I think it can be both. But we will let know if things get serious and things get more dangerous as well.

M

Thank you Bill.

Bill leaves the room and M looks at Bond.

M (CONT'D)

Any comments 007?

JAMES BOND 007

Well nothing really at the moment,  
However though, I think more  
investigation needs to happen there  
and if for more high profile women  
are going up there for treatment  
and if Spectre is behind it.

M

We will Bond, Don't worry. And I  
think that's everything. Go home  
James.

JAMES BOND 007

Sounds good sir.

Bond begins to walk out of M's office and Money Penny sees him.

EVE MONEYPENNY

You alright?

JAMES BOND 007

I think so, I think the next  
official mission is going to be  
even worse than where I just went.  
And I'm tired and...I just want go  
home.

EVE MONEYPENNY

Alright okay James. Want me to call  
you later?

JAMES BOND 007

Maybe in a couple of days  
Money Penny.

EVE MONEYPENNY

And I also make sure they have drugs in their bodies as well. And I will find a replacement and avenge Henry's death as well. And Henry made Specture proud as well.

ERNST STRAVO BLOFELD (CONT'D)
