SUPER - AN ALTERNATE REALITY

INT. HIGH SCHOOL AUDITORIUM - NIGHT

Teen actors take a bow at the end of their performance. Costumes reflect Rosa Parks, Jackie Robinson, Thurgood Marshall and others. The audience applauds.

SUPER - 2005, ATLANTA

MOSIAH WALTERS (15), struts to center stage in his suit as the clapping cascades.

Seated up front, surrounded by security is MARKEETA GARVEY (EARLY 40'S), the president of Garveyland, who looks as elegant as her title.

ANNOUNCER

And the author of tonight's play,  
Mosiah Walters.

He bows and takes in the appreciation of his patrons, especially Markeeta and her entourage. Teen thugs in the crowd smirk at him.

INT. BACKSTAGE - NIGHT

Mosiah waits patiently as Markeeta goes down a greeting line and congratulates the performers. She makes her way to Mosiah and smiles.

MARKEETA

That was a quite impressive piece  
of writing, Mosiah. My  
grandfather, Marcus, would have  
loved that.

The compliment takes Mosiah back. Tries not to look nervous.

MOSIAH

Thank you, President Garvey. What  
you just said, means a lot to me.

MARKEETA

Keep it up, young man. I'll keep  
you on my radar and expect even  
great things to come.

Teen thugs watch from a distance and roll their eyes.

INT. BOY'S BATHROOM - NIGHT

Beaming on the inside, Mosiah cruises inside and is immediately grabbed roughly by the teen thugs.

THUG #1

Think you're better than us, huh?

Shoved against the wall, Mosiah cannot believe the drama.

THUG #2

You ain't shit. Neither is your  
punk-ass play.

A change comes over his face. Fury lurks in each cell of his young body. He seems to growl.

He kicks the loudmouth in the stomach so hard, his sagging pants go to his knees. An upper-cut finishes him.

Mosiah sees the other wind up for a haymaker punch. He ducks at the last second. The fist hits the wall. The snap of broken bones is heard. The thug writhes in pain.

MOSIAH

Talk all the shit you want to about  
me, but never, ever ... About the  
stuff I write.

He straightens his suit, then leaves.

SUPER - AUTUMN 2019

INT. MOSIAH'S HOUSE - DAY

The bright living room is in contrast to the scowl on the face of MOSIAH (30's), as he enters the home. Now bearded, slightly pudgy and stressed out, he exhales - eyes closed.

Work bag and jacket slide off of him and hit the floor as he hustles to the recliner and places his hand over his forehead, as he struggles with an unseen weight.

Watching from the kitchen are TAMIKA (30') and their son, KELVIN (5). Concern is in their eyes. She motions for him to stay put, then she approaches her man, pokerfaced.

TAMIKA

Mosiah ... You alright?

MOSIAH  
Tamika, these days, it's a moment  
to moment thing.

His phone rings. They give each other a knowing stare.  
Hesitantly, he clicks on the speaker.

CALLER  
(over phone)  
You think you smart spreading lies  
like that? Huh? We gonna get you  
boy and --

CLICK. Mosiah abruptly hangs up. Mad and frustrated.

TAMIKA  
You shouldn't have done that  
documentary about the Lolita  
Express. That fool's the damn  
president now.

MOSIAH  
Hopefully not in a few weeks.

TAMIKA  
Please. You know the deal more  
than most. And his cult followers  
are behind the death threats.

His voice raises.

MOSIAH  
And what?

TAMIKA  
I told you not to do it. Your ego  
is out of control.

Mosiah leans forward in the chair, moisture in his eyes,  
which are powered by adrenaline.

MOSIAH  
This documentary is important,  
dammit. There's a possible perv as  
prez. People need to know.

TAMIKA  
Why didn't you let someone else do  
the story? No, you had to be the  
new Nat Turner.

As he rises from the seat, his gaze does not break it's focus  
on her.

MOSIAH

Look at you. Instead of standing  
with me, you pile on me too. I  
don't need that. I'm leaving.  
Will do better on my own.

Now even more upset, he pounces up from the chair and scoops up his jacket and work bag. Mosiah steals a glance at his son before he hits the door. Blows him a kiss. Leaves.

INT. CABIN - NIGHT

Mosiah, deep in thought, adds logs to the fire in the rustic lodge. An owls hoot breaks the silence.

EXT. CABIN - NIGHT

A group of camo-clad militia, crouch down behind bushes. They watch Mosiah through binoculars and seem to wait for the order to attack.

INT. STEALTH HELICOPTER - NIGHT

Hovering above the scene, a crew of mostly Black men in street clothes, peep down from the windows of the futuristic looking aircraft.

A computer screen shows the body heat of the militia members as they huddle, then start to spread out.

EXT. CABIN - NIGHT

Militia men creep closer to Mosiah's position. The Militia eader raises his hand. Guns get ready. He gives a silent order to open fire.

INT. CABIN - NIGHT

Mosiah hits the deck as the walls of the getaway are pierced by dozens of bullets.

Eyes wide, heart pounding, he sees the lodge get shredded. He sees no way out, ready to die, says silent prayers.

EXT. CABIN - NIGHT

As translucent beam is shot from the nearly invisible, silent running, helicopter.

It hits the ground around the hideaway and a barely visible electric-seeming charge, spreads like pond ripples across the earth the militia stands on.

Now as they fire and creep closer, they are shocked to see themselves - in quicksand.

Militia members start to sink, some are lucky enough to run. Gunfire stops.

INT. CABIN - NIGHT

Sweat pours are prayers to every God imaginable are sent skyward. The gunfire, slowly stops.

Replaced by screams of impending death. Mosiah opens one eye. Scopes around.

Just as he gets to his feet with puzzlement on his face - the backdoor is kicked in. Startled, he jumps back, takes cover behind a couch. Two Black men march inside.

TEAM LEADER

Mr. Walters? Are you okay? We're here to get you out. You're safe now. Please hurry.

Still shaky from the ordeal, he uses leverage against the sofa top stand up straight. Then looks around.

MOSIAH

My God. Thank you. Who sent you?

TEAM LEADER

Garveyland.

EXT. OCEAN - DAY

A vast expanse of water, glimmers under the sun's rays.

EXT. NAVAL VESSEL - DAY

The ship's colors are black, red and green. On deck, Mosiah takes in the view with an older woman. It is Markeeta.

The helicopter that brought him is in the background, as are sailors going about their duties.

MARKEETA

Well, Mr. Mosiah. How have you been, young brother? Quite an ordeal. You good?

MOSIAH

Still breathing. Great to see you again, President Garvey. Honestly, ma'am? I'm a little confused. Where are we?

MARKEETA

Former prez ... International waters. We need to have a chat before we go any further. Too loud out here. Follow me.

INT. PRIVATE CABIN - DAY

They sit across from each other. His eyes are captivated by the high tech gadgets around him.

MARKEETA

Remember that high school visit, years ago? I've been following your career, like I said I would.

MOSIAH

Really? Thank you.

MARKEETA

You've turned into a great documentarian. That last project about Jeffrey Epstein and his mysterious island was red hot.

MOSIAH

If it wasn't for you saving me, I'd just be red. Blood red, all over. Thank you.

MARKEETA

If you could use your skills set to help us out, we'd appreciate it.

MOSIAH

You need a documentary?

MARKEETA

You need Garveyland citizenship?

His eyes enlarge, fingers tremble.

MOSIAH

We don't hear about Garveyland much, due to the new CRT laws. But yes. Always dreamed of it. Plus, if I go back to America, I'll probably get killed.

Her piercing eyes see the truth from his soul.

MARKEETA

We have high standards. I've seen you've had issues with your temper, even violence.

MOSIAH

That's over. I promise. How can I help you? I owe you one anyway.

MARKEETA

Need a documentary made., for several different reasons. Number one, it is a celebration - of Garveyland's 100 year anniversary. We want the world to know about us, with no spin.

Mosiah nods and motions for her to proceed.

MARKEETA (CONT'D)

Number two, a weapon. The anti-CRT movement has changed laws so Americans are not aware of black history and are told lies about Garveyland.

The wheels start turning in Mosiah's head.

MOSIAH

I can do that.

MARKEETA

Number three, a magnet. Lots of bright people in USA who are sick of the corruption there. Law makers have lost sight of true democracy. We refuse to even share our technology, especially with Epstein as president.

MOSIAH

Which I hope ends with the upcoming election.

MARKEETA

If not, he needs to be exposed as a sleazy clown. You have experience with that.

MOSIAH

Word. I mean, yes, I see your point. Not a problem.

She stands, crosses her arms, retains eye contact.

MARKEETA

If you succeed, you get asylum and citizenship. Your career as a filmmaker is saved and you'll never need another dime from Hollywood. Our facilities are better anyway.

MOSIAH

Hollywood? I won't miss that place.

MARKEETA

If you relapse into your anger issues, we'll unfortunately send you back to Georgia.

Without hesitation ...

MOSIAH

I'm all in. When do we start?

MARKEETA

We're headed to Garveyland now.

MOSIAH

Epstein? I hate that guy. Would love to crush him.

MARKEETA

You must work within our perimeters. Epstein already tried to kill you. Don't start shit with him. Understand?

INT. WHITE HOUSE, GREEN ROOM - DAY

SENATOR QUEENSBURY (70's) sits nervously in a comfy chair as his eyes follow a the shoes of a man who paces back and forth, breathing heavy.

He looks up to see JEFFERY EPSTEIN (60's) glaring at him through a smirk, grinning like a snake.

Touches of gray in his hair and the look of a Mafia boss, seems ingrained. They are alone in the room.

QUEENSBERRY  
(southern drawl)  
I'd love to Jeff, but it's tough.  
Especially after that documentary  
came out.

Epstein begins pacing again, predatory eyes, locked on the senator. A big fake smile is flashed.

EPSTEIN  
Senator. You must have forgot the  
great times we had. Let me jog  
your memory.

The TV screen nearby is activated by Epstein's remote. Excerpts are seen of himself and the senator on his island. Queensberry squirms in his seat when a teen appears.

EPSTEIN (CONT'D)  
Her name was Caroline, remember?  
Fella, you went over the line ...  
But look at that big smile.

QUEENSBERRY  
You're a monster. I trusted you.

EPSTEIN  
Don't feel bad, there are dozens  
others in your shoes. I just need  
a little love, like you did, kinda.

QUEENSBERRY  
You're a sleaze ball, Jeff. Fine,  
I'll endorse you, but you got to  
shut down that baboon. I don't  
want this to haunt me in another of  
his documentaries.

Epstein's hand makes the senator flinch when he rests it on the older man's shoulder.

EPSTEIN  
Done, I have one of my militias on  
way to send him to his forever home  
as we speak.

GHISLAINE MAXWELL aka GHISY (50's) barges into the room without knocking, urgency in her manner. Physically fit, but conniving eyes, she motions for Epstein to speak by the door.

GHISY  
 (British accent)  
 That Georgia hunt, failed. Somehow  
 ... He evaded capture.

Epstein's face turns bright red. He holds back an outburst in front of Senator as he peeps over Ghisy at him.

EPSTEIN  
 (whispers with anger)  
 His little documentary about the  
 Lolita Express might cost me the  
 election. Find him. I want him  
 locked ... But okay with a corpse  
 too. How dare he do that to me?  
 I'm the fucking president.

INT. MOSIAH'S BEDROOM - DAY

Afrocentric, futuristic bedroom. Early morning sun, squeezes through curtains. A couple sleeps.

SUPER - WEDNESDAY - NOVEMBER 4, 2020

A large tiger sneaks into the room. It looks at the male and female. It puts its paw upon the man, Mosiah, and then softly growls. He doesn't budge.

Louder GROWL. Mosiah sits straight up, SLEEPY eyes look to the beast, fear widens them even more. He scooches backwards, then ... Suddenly, he looks relieved, exhales.

MOSIAH  
 Damn thing. Scared the hell out of  
 me. I gotta get used to this.  
 Good morning, Cleo.

The tiger gives an affectionate roar. The woman beside him, ZULEMA (20s) wakes up. Her African accent is a contrast to his Southern drawl.

ZULEMA  
 Good morning, Mosiah. Were you  
 scared by your alarm clock again?

MOSIAH  
 Hell yeah. It's not something you  
 see in the States. Like ever.

ZULEMA  
 Anything like me in the States?

She stands and twirls in the skimpy night-shirt. Zulema is seductively beautiful in every sense. Mosiah smiles and sits up more. A potbelly is exposed.

MOSIAH

Shoot girl, naw, uh-uh. Not with all that you got, Zulema. You're an exclusive to the Motherland.

He runs his hand up the side of her leg as she gives him a kiss. She smiles sweetly and puts on a robe.

ZULEMA

You're so nice. What would you like for breakfast, Yankee man?

MOSIAH

If I didn't have to go to work, I would say ... You.

She winks at him and goes towards the kitchen as the tiger follows her like a trained dog. Mosiah's eyes follow her with a mixture of amazement and sadness.

He looks around his posh condo, puts on his robe, opens the curtains. The view from the hi-rise is spectacular. He soaks in the view with every pore in his body.

MOSIAH (CONT'D)

God bless, Garveyland.

An ultra-modern city, sprawling for miles, starts the day. Hi tech vehicles are on the street ... And in the air. Sun glints off the sleek machines. Gratitude on his face.

ZULEMA (O.C.)

Did you want to watch TV and see what happened last night?

MOSIAH

God, I almost forgot.

She scampers out of the kitchen.

ZULEMA

Do you want me to turn it on or do you remember?

MOSIAH

One last time, boo.

Zulema stands by the wall, then presses some buttons on her wristband. A mist sprays forth.

It forms itself into a large screen television set. News program is already in progress as the TV solidifies itself.

INSERT - TV NEWSCAST

The ANCHORWOMAN (30s) looks professional in her modern African attire but sadness can be seen in the eyes.

ANCHORWOMAN

And all I can say is that I am glad  
that I do not live in America  
today. Let's see what the reaction  
is among the people there.

The 'Man on the Street' interviews start. A mic is held out for a YOUNG BLACK MAN.

YOUNG BLACK MAN

I figured this crap would happen  
when you got all the billionaires  
running things. It ain't fair. And  
I ain't fighting his wars.

NUN

It shows how rotten to the core  
this society has become. A morally  
bankrupt con man? God help us.

VET

I fought for this country, still  
have nightmares. Then we get this  
clown as leader again? Please.

His anger looms as his image fades out.

ANCHORWOMAN

So, there it is. My heart goes out  
to the brothers and sisters caught  
up in that.

She swivels her chair to face the other camera.

ANCHORWOMAN (CONT'D)

Again, our lead story is that  
Jeffrey Epstein, has been declared,  
the re-elected, US president.

On screen, A huge campaign poster with the text, JEFFREY AND GHISY, hangs above a stage. Epstein is having the time of his life at the victory party.

He grabs the hand of Ghisy, and they raise their arms together as champions. She absorbs the praise.

ANCHORWOMAN (CONT'D)

The already tense relations between Garveyland and America might only get worse. Is that man truly capable of running a nation?

BACK TO SCENE

An angry Mosiah chews his food with disgust on his face. He throws a nearby napkin at the screen. It goes through it and lands on the other side. The television solidifies itself.

MOSIAH

Idiots, morons and dummies. Good God. Epstein cheated to win that. I just feel it.

Anger in his tone. Zulema looks concerned.

ZULEMA

Want me to turn it off?

MOSIAH

Please. I have to get ready for my first day of work anyway. What a horrible way to start.

ZULEMA

You are a warrior, Mosiah. You will rise to the occasion and make us all proud.

MOSIAH

Hope so. Could you get the shower started for me?

ZULEMA

I am here to please you.

She pulls out a cylinder the size of a thermos and pushes a button on the side. It grows to over six feet. Mosiah disrobes and steps inside. A different type of mist comes out of the shower-head. It is over in seconds.

MOSIAH

What color suit do you think is good for today?

ZULEMA

Today? Black.

MOSIAH

Good choice.

Mosiah switches shower-heads. A dark mist comes out of it. Seconds later, Mosiah steps out of the cylinder, fully clothed in a form fitting suit. Zulema hands him a tie with an American flag on it.

MOSIAH (CONT'D)

Very funny.

She giggles as she grabs another and puts it on. He looks her in the eye, curiously, kisses her and gets his briefcase.

EXT. PATIO - DAY

The condo is several floors up. Buildings around are covered with shiny solar panels. The land around is green. The Pyramids are seen in the far distance. Mosiah smiles and breathes in deeply.

MOSIAH

You brothers back home in America,  
don't know what you are missing.

Goes to light-pole there. Hits button for one passenger. Cloud of mist sprays from hole in pole. A small floating car is formed from mist, then solidifies. As he gets in ...

MOSIAH (CONT'D)

Downtown near the convention  
center, Corner of Tubman Ave and  
Kalimba St, Thunder-Drum Studios.

INT. MIST CAR - DAY

It takes off, driverless. Mosiah pushes a button in front of him, more mist. A TV screen forms. He watches the news. Riots in the streets of the United States. Rolls his eyes.

EXT. STUDIO ROOF - DAY

The vehicle parks on a landing pad. After he gets out, car dissipates into mist and then into thin air.

INT. STUDIO - DAY

Mosiah walks through the hi tech studio. A Black family is there, kids run by him. His face shows confusion.

DAGOO-DAGOO (late 20s) recognizes him and approaches Mosiah, smiling, in full African gear, and thick accent to match.

DAGOO-DAGOO  
Ah, it is my brudda, Mista Mosiah?  
Welcome to Garveyland.

After a hug, Mosiah follows his bearded, taller co-worker to the back of the 'state of the art' studio. There seems to be an ease and realness about him.

MOSIAH  
Dagoo-Dagoo, the great. My man.  
Are those your kids?

DAGOO-DAGOO  
Yes indeed, my friend. But it is  
time for them to go, no?

He motions to his wife, JACARA (20s). She comes over.

DAGOO-DAGOO (CONT'D)  
Jacara. This is the world famous  
Mosiah Walters. I am so proud to  
work with him on this.

JACARA  
(African accent)  
Pleased to meet you, sir. I will  
round up the kids and head home.  
Love you my husband.

They kiss warmly, then she gathers the kids who hug and kiss daddy. Mosiah looks away for a moment as hidden emotional pain hits. The men wave as the family goes down the hall.

MOSIAH  
Family man now? Wow. What a  
change from when we were in Los  
Angeles together.

DAGOO-DAGOO  
I have changed a lot. How about  
you? Any kids yet?

MOSIAH  
Well, yes I have a kid, but not  
with me. The mom, Tamika, is  
trifling. Was nice while it lasted.  
But ... It changed.

DAGOO-DAGOO  
Oh, yes, that can happen. Well at  
least you got that Golden Globe  
award. I'm so proud of you.

MOSIAH

Dagoo-Dagoo, compared to your three Oscars? It's nothing, but thanks.

They walk over to an open area. Dagoo-Dagoo puts a small box on the floor and mist shoots out of the top of it. The mist forms into several computers, television screens, mixing board and editing bays.

DAGOO-DAGOO

There. All set.

They grab chairs and pull them over.

MOSIAH

This mist stuff is awesome. Hard to get used to it. Too bad it's not in the States.

DAGOO-DAGOO

With the crazies there? No way. I agree that we should not share our technology, until they rid themselves of that corruption.

Mosiah checks the sturdiness of the equipment.

MOSIAH

What's the deal with that mist anyway? Where does it come from?

DAGOO-DAGOO

We sometimes call it MIDAS MIST. Turns what you need into something useful. The scientists here are incredible.

MOSIAH

I'd argue to my last day, that they are the world's best. No doubt.

Dagoo-Dagoo starts up the computer.

DAGOO-DAGOO

We better check in with the boss and figure out what we have to do. What have you heard about it?

MOSIAH

Hooking up a documentary for the big event. Not sure what else.

They check in with the boss of the event, BOBBY STARR (late 40s) who appears on the screen. His bald head shines under the lights. High energy, like he just drank a tub of coffee.

BOBBY STARR

Oh my God. There they are. The dynamic duo of documentaries. Happy to have you aboard. In case you don't know me, I'm Bobby Starr and we are going to make this joint pop. Anything you need, bro, call.

MOSIAH

Everybody knows Bobby Starr. I think your first emcee job was Lincoln's inauguration. So break it down for me, homie.

BOBBY STARR

Yea, y'all funny. I like that. First Mosiah, how do you like Garveyland so far?

MOSIAH

Straight up dope. As you know, they try to discourage Black folks from even thinking about it, back in the U.S. Of A.

Bobby laughs hard.

BOBBY STARR

Hell yeah. I didn't get the nerve to come till I was forty. You smart. Well, here's the deal. Y'all are loaded up with clips from the last hundred years. Make a doc that has the highlights.

MOSIAH

And that's it?

BOBBY STARR

No, you got to make this kick ass. Ya know? Like a punch to the gut, man. Done in time for the celebration of the Centennial.

DAGOO-DAGOO

So we go from it's founding in 1920 and bring it up to today?

BOBBY STARR

Exactly my motherland brother.

DAGOO-DAGOO  
So that gives us over three weeks.

BOBBY STARR  
I'll check in now and then. Just  
left a meeting with the President.  
If it goes smooth, I'm next in line  
for Chief of Staff. Don't blow it.

DAGOO-DAGOO  
No problem. I'm ready to take it  
to higher ground. How about you  
Mista Mosiah?

MOSIAH  
Let's spark it up.

BOBBY STARR  
That there. Ah, I like to hear  
that. Call if you need me, but not  
too often, understand?

The bald man signs off and screen goes blank.

MOSIAH  
Dude, I can't wait to become a full  
citizen of Garveyland.

DAGOO-DAGOO  
You still need your deprogramming  
classes. You ready?

MOSIAH  
I'm ready to get that slave  
mentality out of my mind for good.  
My body too.

He pats his slightly pudgy belly.

DAGOO-DAGOO  
You can do it, brudda. Let's get  
to work. We have a story to tell.

MOSIAH  
Damn right we do. Cousin, can you  
imagine a world without Garveyland?

DAGOO-DAGOO  
Right, especially with what is  
happening in the US?

MOSIAH

Actually, I had thought of writing a horror story as we do this, showing what the world might be like if Garveyland never existed.

Dagoo-Dagoo turns to him with a big smile.

DAGOO-DAGOO

I like how you think. Make the world appreciate us even more. For now, lets focus in on the target.

MOSIAH

To start it, we need to let people not familiar with Garvey or the struggle get some background. This will be seen worldwide.

DAGOO-DAGOO

Right, show facts about how we started and our mission, so that anti-CRT people look like the liars they are, globally.

Dagoo-Dagoo pulls up the files on the computer. Pics of famous people and events flutter by. It goes on for pages and pages.

MOSIAH

Damn, guess we got enough to work with, huh? Maybe we can start with a mini-bio about Marcus Garvey.

DAGOO-DAGOO

Marcus MOSIAH Garvey, to be exact.

MOSIAH

Yea I know. I'm named after the brother and I bet there is bunches that I don't know about him. I'm ready for that deep dive.

DAGOO-DAGOO

Alright, Captain. Put on your scuba gear, we're going in.

Dagoo-Dagoo uses finger swipes to activate clips without touching anything. A photo of MARCUS GARVEY comes up.

INT. INAUGURATION BALL, BACKROOM - NIGHT

Epstein and Ghisy wave to supporters as they close the door on them. Both, in formal attire. She rocks a gown, his tux has a bow tie and tails. Door now shut, they hug in joy.

EPSTEIN

Can you believe this shit? Just like we planned it for years.

GHISY

Those parties on the island paid off. So did the hidden cameras. It's one thing to be appointed after the other guys were impeached - but to win re-election?

Epstein flicks his nose.

EPSTEIN

Let's celebrate. Where'd you hide it, babe?

She smiles and strides to a corner, moves the trash can away, pulls up the carpet and yanks out a big bag of cocaine. Joyous, he does a little jig.

INT. STUDIO - DAY

Marcus Garvey's image dominates the screen. Deep, piercing eyes ... No smile. A large framed man.

MOSIAH

Look at Big Daddy there. How do we convey how deep this brother was?

DAGOO-DAGOO

Maybe we have to go back farther. Show what put the fire in his blood. How about, right here.

A map of Ancient Africa is shown. Various kingdoms are outlined and named.

MOSIAH

That's the spot. Let's put in something that shows how Africa was the birthplace of all mankind.

Captioned photos of the Olduvai Gorge are shown. Dr. Leakey inspects bones in other pictures.

DAGOO-DAGOO  
 Something like that? We have to  
 show that civilization started in  
 Africa too.

Ancient cities, temples, pyramids and paintings that show an  
 advanced culture.

MOSIAH  
 The thing about Garvey, is that  
 other black folks around the world  
 were still in the dark about the  
 glories of the past. Still are.

DAGOO-DAGOO  
 We can never let our history be  
 forgotten. We have a duty to our  
 ancestors. As we are a world force  
 now, we were then too.

Pictures of Africans through the ages in regal attire.  
 Captioned pictures of Hannibal, Manza Musa, Shaka Zulu and  
 Moors are seen.

MOSIAH  
 Until ...

DAGOO-DAGOO  
 Yes, until this.

Slavery pictures dominate the screen. Goree Island, slave  
 ships, slave auctions, forced labor, whipping posts, torture  
 devices and sexual assault are depicted.

MOSIAH  
 Look at that bullshit. Took a war  
 to get them outta our jockstrap. A  
 war the nation was losing until the  
 brothers got a chance to fight.

Civil war pictures are exhibited focusing on black soldiers.

DAGOO-DAGOO  
 We can't forget to put in the fire  
 starters from that era too.

MOSIAH  
 Frederick Douglass, Harriet Tubman  
 and especially Nat Turner was like  
 ... Naw, fool, we ain't inferior,  
 watch me expose your interior.

Iconic photos of these heroes hits the screen.

DAGOO-DAGOO

This set the stage for the emergence of Marcus Garvey. But it wasn't easy in the Jim Crow era.

A portrait of Woodrow Wilson.

MOSIAH

My man had to start his movement under the Klansman president. Look at that scab sucking face. An actual KKK member who instituted segregation.

DAGOO-DAGOO

Worse, this guy was actually book smart and clever. President of Princeton, then US President.

MOSIAH

Hypocrite. Started the League of Nations but treated us like a league of lepers. Lynching was all the rage during his term.

Clips of minstrels in blackface display buffoonery. Horrific images are shown of lynchings. Klansmen smile as they pose with the mutilated black cadavers.

DAGOO-DAGOO

Can you imagine the courage it took Marcus Garvey to speak up for Black people back then? Folks were still getting killed for learning to read and do math.

A close-up on the eyes of Marcus Garvey.

MOSIAH

They didn't want us to learn our history or how they were cheating us I guess. Garvey put his boot in the ass of that nonsense.

DAGOO-DAGOO

I'm sure we can find him saying it in his own words. Let me see.

A library of clips roll by. He stops on the 'East Saint Louis Riots'. Dagoo-Dagoo smiles.

MOSIAH

Roll that joint. 1917, perfect.  
White folks rioted and killed over  
100 black folks in cold blood.  
Burned the city. Feds did nothing.

DAGOO-DAGOO

Yea, this speech made him famous.

They watch the screen as Marcus Garvey addresses the crowd. A banner above him proclaims, "HARLEM WELCOMES ... MARCUS GARVEY'. The stocky, dark skinned black man speaks with a noticeable Jamaican accent.

GARVEY

This riot was one of the bloodiest  
outrages against mankind, ever. I  
am condemning America's claims, to  
represent democracy. When Black  
people were victimized for no other  
reason than they are Black people?  
All we seek is a chance, in a  
country, that we have labored for  
three hundred years, to make great.

Sweeping arm gestures are followed by applause.

GARVEY (CONT'D)

It is time to lift one's voice  
against the savagery of a people,  
who CLAIM -- to be the dispensers  
of democracy.

In the studio, the men focus on the image.

MOSIAH

Oh yea, that's spicy. Especially  
for the times. They sure didn't  
teach me about the East Saint Louis  
riots in school.

DAGOO-DAGOO

It's our job to educate the masses,  
just as Marcus did. Let me find  
more pearls of wisdom so our people  
get a good sample of his vision.

Another video clip is played showing Garvey.

GARVEY

Each race and each nationality is  
endeavoring to work out its own  
destiny.

(MORE)

GARVEY (CONT'D)

We hear the cry of "Germany for the German," of "Ireland for the Irish," of "China for the Chinese." We are raising the cry of "Africa for the Africans," those at home and those abroad.

The crowd in front of him cheers loudly.

GARVEY (CONT'D)

There are 400 million people in the world who have Negro blood coursing through their veins, and we believe that the time has come to unite these 400 million people toward the one common purpose of bettering their condition.

Garvey steps back from the mic as applause cascades.

GARVEY (CONT'D)

The great problem of the Negro for the last 500 years has been that of disunity. No organization ever succeeded in uniting the Negro race. But our Association has worked wonders. It is bringing together in one fold, 400 million organized Negroes who are scattered in all parts of the world.

MOSIAH (O.C.)

Scattered and shattered, brother.

GARVEY

We want every Negro to work for one common objective, that of building a nation of our own, on the great continent of Africa. We want the moral and financial support of every Negro to make this dream a possibility. Our organization will do all possible to develop that Negro country, to become a great industrial and commercial nation.

DAGOO-DAGOO

Thank God for dreamers.

MOSIAH

And the doers, He had plenty of that juice too.

(MORE)

## MOSIAH (CONT'D)

Had his own newspaper, grocery stores, publishing, restaurants, wineries and of course the Black Star ships.

Pictures of these accomplishments are posted.

## DAGOO-DAGOO

The Mayflower of Black people. And Liberia was the Plymouth Rock.

## MOSIAH

Then as he is trying to pull this together, legendary Negro hunter, J. Edgar Hoover and his punk ass was trying to build a case on him.

Dagoo-Dagoo pulls up his picture. Mosiah gives J. Edgar the finger and scowls.

INT. OVAL OFFICE - DAY

Epstein, loose tie, sleeves rolled up, takes a seat at his new desk. He puts his feet on the clean surface and kicks off his shoes. Ghisy sits across from him, adoringly.

## GHISY

So, what's first - Mr. President?

## EPSTEIN

Number one, tax breaks for my rich friends and corporations so they stay off my back. Then, I can lower the consent level to 14.

He lights a Cuban cigar and smiles.

## GHISY

I want it too, but how do we sell it to the public? They are rioting about us already?

## EPSTEIN

Fuck them. Look, we say, due to America's dropping birth rate, we need more baby makers. It'll work. We own those clowns that make the laws. They'll comply, or else.

The president winks at his VP.

## GHISY

Long live, the ILLUMIN-NAUGHTY.

INT. STUDIO - DAY

The bulldog face of J. Edgar Hoover, uglies up the screen.

DAGOO-DAGOO

He abused his power like no one  
else, especially on Black people,  
illegally. Yet they still have the  
FBI building with his name on it?  
Can't America see that?

The entrance to the FBI headquarters appears.

MOSIAH

It's 2020 and America still honors  
this US version of Joe Stalin.  
They know what he did. From Garvey  
to MLK and beyond. They obviously  
don't care or they would change it.

DAGOO-DAGOO

Praise God for getting Marcus  
Garvey off of American soil in  
1920. When they pounced he was --

MOSIAH

Already in Africa setting up the  
kingdom, baby. Got that Coalition  
going with emperor Rastafari  
himself. The Lion of Judah.

Haile Selassie graces the screen with several different  
looks. Some show him smiling with Garvey.

DAGOO-DAGOO

Actually, he was the Crown Prince  
of Ethiopia then, but that was  
enough to get things done. These  
brothers bonded from day one.

MOSIAH

Shared that same dream. As Garvey  
was bringing folks over, Haile was  
negotiating with tribes for the  
land.

A 1922 map of Africa is shown. A strip of land from Liberia  
on the Atlantic side, to Ethiopia on the Indian Ocean side is  
highlighted.

It also covers most of the Sahel region and is labeled,  
H.O.M.E., in parenthesis is -- Holy Origin of Mankind and  
Enlightenment.

DAGOO-DAGOO

Yea, one of the best negotiators  
who ever lived. All those nations,  
all those tribes. The first  
Federation was Sierra Leone,  
Liberia, Guinea, Ivory Coast, Togo,  
Ghana, Nigeria, Mali, Chad, Sudan,  
Ethiopia and Somalia.

Haile is seen shaking hands with numerous chiefs of tribes in  
different outfits.

MOSIAH

Genius idea to call it H.O.M.E.  
Right?

DAGOO-DAGOO

And we have been Homies, ever  
since.

MOSIAH

No wonder the Jamaicans got Marcus  
and Haile all over their T-Shirts.  
Third World countries have a better  
understanding of them than I did.

DAGOO-DAGOO

It wasn't by accident my brother.

Pictures of black construction teams from that era are shown.

MOSIAH

So that is when the de-programming  
schools got started, huh?

DAGOO-DAGOO

Garvey's school started in the US  
to prepare the people, with the  
help of Carter G Woodson.

Dr. Woodson lectures in front of black students on a clip.

MOSIAH

And of course, the schools were  
attacked by KKK.

Pics of buildings burned to the ground or on fire.

DAGOO-DAGOO

Talk about brave, that didn't even  
slow those brothers down. One God,  
One Aim, One Destiny. They took  
that to heart and became an  
unstoppable force.

MOSIAH

Then once brothers got their heads  
on straight, it was flood gate  
city.

Black soldiers from different age groups, appear performing  
various duties.

DAGOO-DAGOO

Black soldiers from WWI and the  
Spanish American War helped train  
the locals into one army. Ever  
hear of David Fagen?

MOSIAH

Bruh, you know they keep us dumb as  
dirt on our history.

DAGOO-DAGOO

After American troops killed almost  
half a million Filipinos, mostly  
civilian, around the turn of the  
last century. Fagen, a Buffalo  
Soldier, could not stand the  
slaughter.

Pics show decimated Philippine villages, mass graves.

DAGOO-DAGOO (CONT'D)

He fought on the side of Filipinos,  
against racist US troops. Garvey  
made him, Secretary of Defense.

MOSIAH

Mista Fagen had something for that  
ass, huh?

DAGOO-DAGOO

And Mista Garvey had something for  
the whole world. Our HOME country  
officially starts its history as a  
nation on Thanksgiving 1920.

Photo documentation of the historic event is viewed.

MOSIAH

Damn smart to have its anniversary  
on that date every year so black  
folks have something to celebrate -  
other than Indian genocide.

Large, happy families having a feast and smiling.

DAGOO-DAGOO

Our family is together that day,  
which is a metaphor for our people  
coming together back 'home', in  
Africa. Reclaim the holiday.

The old Capitol building in Monrovia stands against the  
sunrise amid lush vegetation.

MOSIAH

I'm glad they set up the government  
with due process, Bill of Rights  
and shit. Why re-invent the wheel?

DAGOO-DAGOO

Despite that, Europeans treated  
them as inferior. Woodrow Wilson  
was overtly hostile to them.  
Harding was no better.

Both photogenically challenged presidents, pop up.

MOSIAH

Marcus was like, "To hell with the  
haters." They focus the economy on  
chocolate, coffee, natural medicine  
and hemp. Suddenly ... Boom.

The lush crops growing outdoors in the sun are seen.

DAGOO-DAGOO

Artists from Harlem Renaissance  
move to Monrovia and fire up the  
culture to make this city a world  
hot-spot for creativity.

Langston Hughes, Duke Ellington, Zora Neale Hurston,  
Josephine Baker, Richard Wright and others, represent.

MOSIAH

Mogadishu and Freetown were created  
to look better than Monte Carlo.  
Casinos, resorts, beaches-all that.

Beach-front properties in the cities show a busy metropolis  
on the ocean's edge.

DAGOO-DAGOO

Some saw that success as a threat.  
In 1925 white Americans have race  
rallies that show hatred for blacks  
... But at the same time, don't  
want them to leave the U.S..

Clips of thousands of Klan members marching in Washington DC and New York City. Some wear hoods, others do not.

DAGOO-DAGOO (CONT'D)

We have done a lot. Let's take a break. Sound good?

MOSIAH

A smoke break would be even better. Love the freedom to blaze over here. Still illegal back home. Y'all call me 'Smokestack Lightning', from now on.

Mosiah gets his joint, consumption-ready.

DAGOO-DAGOO

Okay, Howlin' Wolf. Fire it up.

Dagoo-Dagoo opens another screen and they watch the Garveyland news. It shows outraged citizens. Some rioting.

RIOTER

System must be rigged. We'll tear this bitch if we have to.

Mosiah sparks the jay.

ANCHORWOMAN (V.O.)

The already tense relations that America has with Garveyland will only get worse.

A clip of LIZ HILLARY (50's), shows her making a fiery speech with no audio. Slightly chunky, glasses, but fearless.

ANCHORWOMAN (V.O.)

Speaker of the House, Liz Hillary has announced that any infractions by this administration will prompt impeachment proceedings, ASAP.

The joint is passed back and forth.

MOSIAH

Good, throw his shady little, spoiled brat ass out of there.

DAGOO-DAGOO

Funny how the front-runners in the other parties decided to end their campaigns right before the election.

After an exhale, Mosiah chimes back.

MOSIAH  
It's all fishy. I heard the  
excuses, but I wonder what really  
made them do that.

They watch as picket signs humorously put down the new  
executive branch.

EXT. YACHT - DAY

A Black woman struggles with men in sailing outfits. Seconds  
later, she is thrown overboard. The CAPTAIN (40's) signals  
for the boat to speed away. He takes out his phone.

CAPTAIN  
Sorry. She wouldn't talk ... Yeah,  
boating accident. I'm sure they'll  
find fentanyl in her body. If the  
sharks don't get it first.

INT. LUCINDA'S HOUSE - DAY

A UPS truck is watched through the window as it pulls away.  
LUCINDA (30's), tall, dark and slender, opens the door, picks  
up the package, then darts back in the house.

Tamika takes a seat on the couch with her son, Kelvin. She  
notices worry on Lucinda's face as she opens the seal.

TAMIKA  
Hey, girlfriend, you okay?

LUCINDA  
(Virgin Island accent)  
My sister. I think she's in  
trouble. This is from her.

Several flash drives are emptied out, along with a note.  
Lucinda reads it to herself as her jaw drops. She looks at  
the data storage chips again, lips tremble.

TAMIKA  
You look scared, what's wrong?

LUCINDA  
I think we'll both know after we  
look at this shit.

INT. STUDIO - DAY

The joint is down to roach level now.

ANCHORWOMAN (V.O.)

In his ongoing feud with our president, Epstein has promised to end dual citizenship for people who go to Garveyland.

DAGOO-DAGOO

Your boy is ruthless.

MOSIAH

That shit is uncalled for. He's such a crook and a sociopath.

Mosiah gets up abruptly and knocks some papers over. Frustration is on his face.

DAGOO-DAGOO

Hey brother. Chill. I tell you what, we did a lot. Let's call it the day. Start again tomorrow.

INT. WHITE HOUSE BEDROOM - NIGHT

The sound of a small machine vibrating loudly is heard as Ghisy opens the door. Epstein is in a chair, back turned to her. She smiles and strolls over.

GHISY

Getting your treatment, dear?

It is now seen that the president has no pants on. The sound is from a penis enlarger in his lap.

EPSTEIN

Wait till you see it today. They'll have to call me, Wadzilla.

GHISY

We might have a problem. The girl that went overboard. She copied files, but we can't find them.

EPSTEIN

Waterboard and fired? I don't understand you.

GHISY

That penis enlarger is too damn loud. Could you cut it off?

Frustrated, he hits a button and shuts off, He keeps the machine parked in its spot.

EPSTEIN

Fine. What's the deal?

GHISY

We can't find the copies the girl made. We tore up her apartment and her car. Nothing.

EPSTEIN

Fuck it. My base knows I'm a playboy and they love it.

GHISY

But the age of --

EPSTEIN

Age of consent is now 14. Prudes may not like it. So what.

GHISY

It wasn't when this happened.

EPSTEIN

Okay, so if it turns up, we shut it down. I pay people for that. Got to get back to maximizing meat now.

The machine hums back to life.

GHISY

I hope you're right.

EPSTEIN

Any word about that Mosiah asshole?

GHISY

Vanished, still looking.

INT. MOSIAH'S LIVING ROOM - NIGHT

Mosiah at home, on couch. Zulema brings him food on a tray.

ZULEMA

Hey handsome, looks like you had a rough day.

MOSIAH

Busy day, productive day, but rough? Them brothers back in the States got it rough.

Mosiah tunes in to the news channel as he digs into dinner. On screen the presidential podium for the Chief Executive of Garveyland is empty.

ZULEMA

How is the dinner love?

MOSIAH

Just right, sweetness. I'm hungry  
as a bear too.

When Mosiah looks back at the screen, BARRACK OBAMA stands proudly at the podium amid applause. Mosiah smiles as he sips down some grape juice.

MOSIAH (CONT'D)

I know Barry ain't wild about  
having to deal with stupid ass  
Epstein for a full term.

OBAMA

It is with great sorrow, that I try  
to understand the US election  
yesterday. Come on, America.  
Really?

Obama shakes his head in bewilderment. The laughs in the press conference carry over to Mosiah and Zulema.

MOSIAH

Ha. Get 'em, B.

OBAMA

As promised, our country will  
immediately impose sanctions on  
shipping and technology, in  
reluctant retaliation to US policy,  
not the people. I still love  
America, but I know Epstein is  
obsessed with me, and in a bad way.

More laughter from the press corp.

MOSIAH

You're right, bro. He's a sick  
bastard.

OBAMA

Even when I was the US president.  
Trying to get me to go to, his  
funky little island. Ever since  
then, he has been acting more and  
more unhinged towards me.

MOSIAH

Can I get a little more juice babe?

Zulema takes his glass and goes to the kitchen.

OBAMA

This must stop. It is not good for  
either country. This election?  
More corruption, so now pressure  
must be put on him to step down.

Applause follows Garveyland's president as he marches away.  
Clips of the news report shows a chart with Oil prices going  
up. Long gas lines in America. Homeless people.

ANCHORWOMAN (V.O.)

It seems that the US has another  
recession on way and the stock  
market is in free fall.

MOSIAH

That's what the dummies get.

SUPER - THURSDAY NOVEMBER 5, 2020

INT. STUDIO - DAY

Mosiah walks through the door. Dagoo-Dagoo is already at the  
controls. Mosiah gets coffee, looks beat.

DAGOO-DAGOO

Good morning, my brother. Did you  
sleep well?

MOSIAH

I got a call late from my baby  
mama. Crazy back there after  
election. She wants out. Asking  
to join me.

DAGOO-DAGOO

Do you like being a dad?

MOSIAH

Yes, well, not had much contact,  
lately. Like I said, his mama and  
I had a moment. Bad one.

DAGOO-DAGOO

Well, no time like the present,  
Being a dad is the best thing I've  
ever done. Do you wrong?

Mosiah looks to the side.

MOSIAH

She didn't have my back.

Mosiah seems a bit annoyed after reliving it.

MOSIAH (CONT'D)

For the moment, maybe we should finish the project. I'll deal with the woman issues later. If I need to. Where did we leave off?

Dagoo-Dagoo reads Mosiah with his eyes. He has hit a sensitive spot as he senses Mosiah recoil. He says nothing and puts up another historic moment to review.

Clips from the Roaring Twenties is shown that features Flappers, mansions and lavish living.

DAGOO-DAGOO

We can start back at 1929. Garvey's nation was nine years in and America was booming. That Spring, Garvey petitioned the US for reparations for the first time.

MOSIAH

I can guess how that went.

DAGOO-DAGOO

Yes, it was denied, but in October of that year, something big happened. The Depression started.

Clips of soup lines, homeless people and closed stores.

MOSIAH

Talk about some instant Karma.

DAGOO-DAGOO

The HOME-land was not affected by the American Depression. Actually it thrived. Which of course caused another wave of American Blacks to come over.

MOSIAH

Then somebody got jealous of the Black people - they didn't want in America, in the first place.

DAGOO-DAGOO  
 Yes, the ill-fated voyage of USS  
 CLEOPATRA in 1932.

Old film shows black passengers waving to loved ones as they  
 depart in the huge boat. Later a headline proclaims,  
 'CLEOPATRA SUNKEN OFF THE CAROLINA COAST' The subheading  
 reads, 'HUNDREDS DEAD. BOMB SUSPECTED'

MOSIAH  
 A terrorist attack. And of course  
 nobody went to jail for it. They  
 knew the KKK was behind it.

DAGOO-DAGOO  
 And behind the KKK was J. Edgar  
 Hoover. Watching their back.

Photos of the wreckage show devastation.

MOSIAH  
 Some things never change for us.

DAGOO-DAGOO  
 It changed something right away.  
 Outrage in the world reached a  
 fever pitch. Many famous people  
 volunteered to help Garvey.

Photos of Tesla, George Washington Carver, Yogananda, Ida B  
 Wells, Garrett Morgan, and Langston Hughes are flashed.

MOSIAH  
 Shit got real after that. People  
 had to ask which side they were on.

Images on screen correspond to the description of Dagoo-Dagoo  
 as he speaks.

DAGOO-DAGOO  
 Inventions by Tesla help energy.  
 George Washington Carver turns  
 attention to hemp. Yogananda  
 teaches meditation and human  
 potential. Ida B Wells helps  
 Garvey's newspaper. Garrett Morgan  
 works on infrastructure. Langston  
 writes about it and encourages  
 people in US to keep coming and not  
 be afraid.

MOSIAH  
 The all star team.

DAGOO-DAGOO

The deprogramming and re-education system is set up for newcomers by Carter G Woodson, in Africa this time. They built it amid the ruins of the historic Timbuktu.

A campus that has a mixture of ancient architecture and modern skyline looks other worldly in the sunset.

MOSIAH

I was just there. Man, it is so dope. Just like it was, back in the day. No wonder we are so far ahead of the world in technology.

DAGOO-DAGOO

A different world, indeed. The whole region is a University now. Ranked higher than Harvard.

MOSIAH

Really helped me discover who I could be in an unpolluted form. Can't wait to finish the program.

A map of H.O.M.E., dated 1935 now shows it is enlarged.

DAGOO-DAGOO

Neighboring nations saw the improved lives of citizens and begged to be annexed. Mauritania, Senegal, Cameroon, Niger, Kenya and Uganda join. The nation grows as Garvey espouses Africa for Africans.

A flurry of famous faces of that era are displayed.

MOSIAH

Then as blues, jazz musicians, writers get known, they move to HOME. Let's pop in some music from them old Homies.

A list of famous songs from that time are zoomed through on the screen. Dagoo-Dagoo stops at, '**TAKE THE A TRAIN**'. It plays and Mosiah kicks away from the desk and smiles. He takes a doobie from his pocket and sparks it.

DAGOO-DAGOO

My man.

They pass it back and forth, with smiles.

MOSIAH

So tell me about yourself, brother.  
What was it like growing up here?  
What did your parents do?

DAGOO-DAGOO

Born here. Parents from NYC.  
Grew up upper middle class.

MOSIAH

Wow, talk about a solid foundation.  
What did your folks do back there?

DAGOO-DAGOO

Dad was an officer in NYPD before  
moving. Parents moved during  
Reagan and Iran Contra when they  
confirmed US brought coke in for  
distribution to Blacks.

MOSIAH

Your pop sounds like a hardliner.  
Some people back home look to you  
as some kind of mystic. Where did  
you get that from?

DAGOO-DAGOO

Studied in India, learned to  
control mind and body totally, like  
walk on coals, pierce myself, check  
it out.

Puts a needle through tongue in front of Mosiah. No blood, no  
pain. The American is amazed and grossed out at same time.

MOSIAH

Jesus, dude. Enough. Okay, I  
believe you. Not many brothers can  
do that, or want to. What else  
makes the three time Oscar winner  
tick?

DAGOO-DAGOO

Strict Vegan. I do Capoeira.  
Never had alcohol, ganja only.  
Yeah, some people see me as  
spiritual, but I am no one special.

MOSIAH

The hell you ain't. Man, I'm a bit  
jealous. My life has been almost  
the opposite of that. I wish my  
momma gave birth to me here.

(MORE)

MOSIAH (CONT'D)

What was she thinking? No Mother's Day card for her this year.

They laugh, put what is left of the joint down and get back to work. Clips of Nazi Germany play.

DAGOO-DAGOO

Late Thirties. Hitler comes to power. Jews trying to escape are turned away from the USA. Many die in concentration camps. After becoming aware of this, Garvey and H.O.M.E., takes them in.

Steam-liner is pictured docked in Africa and Jewish refugees are welcomed with signs and hugs. Suddenly their phones start blowing up. They look at each other confused.

MOSIAH

My boys are telling me to watch the news. Shit is going down.

They switch over to the news.

ANCHORWOMAN

The assassination attempt on Obama was caught and foiled today, we have confirmed. US militias were involved and have ties to Epstein, but he denies it.

MOSIAH

Say what? Not surprised. He hates Obama more than anyone born. I think he has a gay crush on him or something.

Skinhead types in handcuffs are led into police vans.

ANCHORWOMAN

Authorities from around the world are following the money trail and it seems to lead to Epstein.

MOSIAH

That fool has gone too far this time. Thinks he can mess with Obama, because he won't bomb the place he was president of.

DAGOO-DAGOO

You think he ever would?

MOSIAH

No drama Obama? Naw, he'd rather talk till his jaw falls off to stop any war. But that is the way national leaders should be.

Mosiah slams his fist down on a desk. Anger boils within.

DAGOO-DAGOO

Hey brother, let's wrap it up here for the day. If we are pissed we might get sloppy.

Mosiah nods and gives him a fist bump. Dagoo-Dagoo powers down the system.

INT. WHITE HOUSE BEDROOM - NIGHT

Epstein and Ghisy are under the sheets together and appear to have just had sex. With messy hair, she lights a cigarette.

GHISY

Think another president shagged his VP before?

EPSTEIN

I wouldn't put anything past Bill. Hey, remember when we had our past lives read? I believe it more now.

GHISY

Of course. I was your pimp and you were my whore. Poor thing, stuck with old men all the time. My pleasure to serve you young meat from around the globe this time.

EPSTEIN

Got any good prospects?

GHISY

(purrs)  
Always.

SUPER - NOVEMBER 6, 2020

INT. STUDIO - DAY

When Mosiah walks through the doors, Dagoo-Dagoo is already watching the news. Massive demonstrations in front of US embassy are seen.

Protests not just in Garveyland, but across the world.  
United Nations is shown sanctioning the US in emergency vote.

MOSIAH

If this country were to send our  
boys to do the same to him, he  
would be talking to Jesus now.

Dagoo-Dagoo laughs.

DAGOO-DAGOO

Are you sure he wouldn't be talking  
to someone with horns and tail?  
Anyway, non-violence is the path  
our nation walks. If they want  
war, then they will also probably  
cause their own extinction.

MOSIAH

If that fool steps off silly to our  
president again. Dog, I'm telling  
you, it's on.

DAGOO-DAGOO

What's 'on' right now, is this  
deadline. Let's hit it.

Dagoo-Dagoo switches from the news to the project. The year  
1942 shows on the screen. It is followed by a picture of  
Haile Selassie and a huge ceremony with pageantry.

MOSIAH

So after 22 years, Garvey stepped  
down. He did plenty.

DAGOO-DAGOO

He sure did. Smart to make Haile  
the next president too. He really  
brought the Africans together to  
accept this new nation.

World War II footage shown.

MOSIAH

Just in time too. Europeans were  
tripping. His experience with his  
Ethiopian armies came in handy.

The destruction of Pearl Harbor is seen.

DAGOO-DAGOO

The Japanese probably could have marshalled control of Asia if they concentrated on pushing out the exploitive colonizers, but they went Neanderthal too.

MOSIAH

So then FDR had to call on the Homies to help out.

DAGOO-DAGOO

Then a year later, that idiot Mussolini attacked Ethiopia. We had to fight a war on two fronts.

MOSIAH

Them bambinos got smashed and trashed.

Italian troops surrender.

DAGOO-DAGOO

Hitler's Aryan race could not have Ethiopians as victors, so he decided to invade North Africa.

Nazi tanks zoom across the desert.

MOSIAH

That one-testicle having freak, should have kept his mouth shut.

DAGOO-DAGOO

Yes sir. After we joined the US and Brits, Nazi-ville was no more.

Germans surrender and celebrations of opposing armies is displayed. Allied soldiers bask in their victory.

MOSIAH

The Motherland defeats the Fatherland. Just like a black widow spider, runs her game.

DAGOO-DAGOO

The one good thing that came of the war was the contributions of Garret Morgan and Dr. Charles Drew.

Photos of both men in victory.

MOSIAH

Their inventions saved a slew of  
lives. They set us up for  
prosperity after the war.

An inside view of concentration camps and the half dead who  
struggle to survive.

DAGOO-DAGOO

In 1943, we were the first to  
liberate concentration camps. US  
and Russia arrived later.

MOSIAH

In it to win it, baby.

DAGOO-DAGOO

Absolutely. Our intelligence  
sources gave Hitler's position to  
the Tuskegee Airmen. They got him.

Clip shows Hitler in custody of the Tuskegee Airmen. He  
looks beat up but still mean.

MOSIAH

And of course we had to play  
janitor and clean up the mess.

In the clip, Hitler squirms free and tries to run. An  
officer screams for him to stop, he doesn't. The officer  
fires several shots. Hitler falls dead.

DAGOO-DAGOO

And that was that.

MOSIAH

That fool saw Jesse Owens in person  
and thinks he can out-run Black  
folks? Benjamin O Davis had to  
fire up that butt with lead.

The Japanese flag flaps in the breeze.

DAGOO-DAGOO

Now full attention was turned to  
Japan. The US was developing some  
kind of super bomb that we found  
out about. We had to end that war  
before they did something stupid.

Footage of the Manhattan Project. Then a photo of George  
Ohsawa is seen.

MOSIAH  
Time for the inside game.

DAGOO-DAGOO  
Indeed. We supplied rebels in Japan led by George Ohsawa, son of a samurai nobleman. After he is jailed and tortured for pacifism, it causes revolts in the army.

Brutality of the Japanese army is unrelenting.

MOSIAH  
When them Zen monks were killed in protest of war. Baby, that was it. All out mutiny. Japan surrenders before the American bomb is fully developed.

Japanese shown surrendering.

DAGOO-DAGOO  
Finally, that war was over. We suffered, but not like some places.

Mosiah looks down at his phone. The caller ID shows the name 'TAMIKA'. Mosiah rolls his eyes.

DAGOO-DAGOO (CONT'D)  
Your girl in America? Don't mind me. I'll just load up some post war clips to string together.

The FACETIME button is pushed to answer. A twelve inch hologram of Tamika's face, floats above the phone. Mosiah gets up and walks a few feet away from Dagoo-Dagoo.

TAMIKA  
Hey Mo. You see on the news? This fool in the White House done lost his entire mind.

MOSIAH  
Yeah, it's pretty--

TAMIKA  
Yo, boyfriend, you got to tell me. You coming back here? If not you need to get me and your son out of this crazy place.

MOSIAH  
Well I--

TAMIKA

You got another woman, don't you?  
You don't care about us.

Mosiah takes a deep breath and shakes his head.

MOSIAH

Look Boo, we can't even have a  
conversation without you jumping on  
me. Look ... We don't get along  
all that sweet.

TAMIKA

What do you mean we don't get  
along? We sure got along well  
enough for you to knock me up and  
ruin my acting career, didn't we?

Mosiah growls out of frustration.

MOSIAH

See, that's what I mean. All  
bossy, controlling and bitter. I  
ain't got time for that. I got  
shot at. Doing important things.

Fire is in Tamika's eyes.

TAMIKA

I'm bitter because I have to be mom  
and dad in a place that is becoming  
more and more like a plantation,  
while your ass is off living the  
good life.

MOSIAH

Still singing that, poor little me  
song huh? Save it for the record  
label. I'm sending money, and lots  
of it, things could be worse.

TAMIKA

Yeah, the money helps. But you  
need to stop being so selfish, boy.  
Anyway, say hello to your son  
before I slam this phone down.

Kelvin is shown in the Hologram. Mosiah's face totally  
changes. He smiles at him.

MOSIAH

Hey little man. How is Mr. Kelvin  
today?

The boy starts to giggle and hide his face in a cute way.

KELVIN

Hi daddy.

MOSIAH

Well hello, sir. You being a good boy? Look at you. So handsome.

Dagoo-Dagoo steals a peek and smiles. The boy squirms in a cute way again. He stops and blows a kiss.

KELVIN

Miss you.

He giggles again. Mosiah swallows hard. He clears his throat. As his eyes get misty, he leans forward.

MOSIAH

I-I miss you too, Champ.

Tamika's face comes back on line. She has been crying.

TAMIKA

Mo, even if you hate me forever, please help your son. You see what the police are doing to young black men. This is serious!

MOSIAH

I know. I-I know. I will see what I can do.

Mosiah abruptly hangs up and leaves the room. Dagoo-Dagoo watches him stroll slowly into the darkness of the back of the studio.

Moments later, Mosiah returns and looks upset.

DAGOO-DAGOO

Quite a handsome son you have there, Mosiah.

MOSIAH

Look, Mista Perfect. Stay out my business and I stay outta yours.

DAGOO-DAGOO

Hey, don't take offense, my brother. You are a lucky man to have a healthy son that is cute.

MOSIAH

Yeah. Whatever. What else we got to work on today?

This time Dagoo-Dagoo pulls a blunt out.

DAGOO-DAGOO

I say we work on this. They call it the Congo Cranium Crusher. Interested?

Mosiah pulls out a lighter and tosses it to him.

MOSIAH

Born interested. Fire that lobotomy shit up. Sounds like exactly what I need.

Dagoo-Dagoo sparks it up and passes it over to his tortured partner. Puff-puff. He struggles to hold it down.

MOSIAH (CONT'D)

Wow, that is some heavy shit.

Lung-cleansing coughs, follow.

DAGOO-DAGOO

I see the Cranium Crusher did it's job. Take it with you, brother. Sounds like you have some heavy thinking to do. Need me, call me.

MOSIAH

Ha, thanks man. We better wrap it up for the day. Thinking? Yep.

Dagoo-Dagoo shuts down the mist machine.

DAGOO-DAGOO

See you in the morning.

INT. MISS TEEN USA PAGEANT - NIGHT

Epstein, Ghisy and the security detail stroll down a hall. Walls have banners celebrating the competition. They stop at the dressing room door.

EPSTEIN

We'll just drop in quick, to say hello to my constituents.

## DRESSING ROOM

As the door opens, girls scramble to cover themselves.

EPSTEIN

Greetings, lovely ladies. Just the president coming through. My, my. America the beautiful, no doubt.

GHISY

Girls, you are all winners - and we invite you to the White House.

Epstein peers around, trying not to salivate. The VP hands out cards to the minors.

EPSTEIN

You don't even need your parents permission or money. We'll pick up the tab - for America.

SUPER - NOVEMBER 7, 2020

INT. STUDIO - DAY

Already in work mode, the guys have the year 1948 on the screen. A picture of a mountainous desert pops up on the screen. It looks barren.

MOSIAH

Sure, it's kinda important, but I'm not sure it fits with the other stuff. Religion turns me off.

Dagoo-Dagoo stops working and looks at Mosiah curiously.

DAGOO-DAGOO

You think we should skip the discovery of the Dead Sea Scrolls? What about the new info about the Bible that our scholars wrote?

MOSIAH

I can't win against the King of Spirituality. Fine, do it.

A close up of the actual Dead Sea Scrolls is shown laid out on a fabric.

DAGOO-DAGOO

Don't be like that. What if it is true?

(MORE)

DAGOO-DAGOO (CONT'D)

What if the Black man was more involved with this interplay with the Creator than we were told?

MOSIAH

Like I said, brother, put it in. I'm sure it means a lot to some people.

DAGOO-DAGOO

Yes, those crazy spiritual people who know something lies beyond this life. They need their fairy tales.

MOSIAH

You said that. I didn't.

DAGOO-DAGOO

Historical and anthropological research backs up their claims. It was written by Chancellor Williams, Yosef Ben-Jochannan and John Henrik Clarke. Shows black folks as main characters in the Holy book.

MOSIAH

Know what they call it in Georgia? The Nigger Bible.

DAGOO-DAGOO

I'm not surprised. Moving on.

The H.O.M.E. Map shows it has enlarged again. More land is annexed. Western Sahara, Morocco, Algeria, Libya and the prize, Egypt, are now included. Also - Palestine.

MOSIAH

After the war, Mega cities got built. That must have been wild.

Images of the new cities are shown. The architecture is unique and majestic.

DAGOO-DAGOO

Cyrene, Timbuktu, Freetown, Addis Ababa, Mogadishu, Lagos, Cairo, Troy and Jerusalem. The Israel region is known as The Holy Land and all religions live there in peace.

MOSIAH

You would hope that a land full of religious people could live in peace. They would look pretty stupid if they were fighting and killing each other all the time.

Multi-cultural pictures of locals in from of iconic places in the Holy land.

DAGOO-DAGOO

I agree. Now the land mass is from the Mediterranean to Congo. Atlantic Ocean to Indian Ocean.

MOSIAH

Garvey's vision just keeps coming into focus better, every year.

A futuristic structure is prominent.

DAGOO-DAGOO

And it was time to honor him. Sons of Marcus Garvey opened a state of the art museum dedicated to Marcus and his mission.

An elderly Marcus Garvey smiles.

MOSIAH

I went to that museum to prepare for the project. It's tight.

Gandhi and Haile Selassie wave to a crowd of people.

DAGOO-DAGOO

After the war, we helped Gandhi fight Britain with non violence and sanctions. After independence, we are allies.

Dagoo-Dagoo looks over to see Mosiah sleepy.

MOSIAH

India. Right. It's cool.

The system is powered down. Dagoo-Dagoo helps Mosiah up.

DAGOO-DAGOO

Didn't sleep much? Understood. Tomorrow, my man. Need a ride?

MOSIAH

I'm good. Thanks.

They walk each other out.

INT. LUCINDA'S HOUSE - NIGHT

As Tamika watches the laptop screen with her friend, she suddenly turns away, tears flow.

TAMIKA

I can't take anymore of this. That pig. The world needs to know about this. Not sure Mosiah will do it. He still hates me.

LUCINDA

Try again in a few days. This is bigger than us both.

SUPER - NOVEMBER 8, 2020

INT. STUDIO - DAY

Mosiah walks up to the studio door and hesitates as he enters. Dagoo-Dagoo does yoga as sunshine illuminates him. Amazing stretches makes Mosiah look jealous as he watches from the shadows and rubs his beer belly.

Later after Dagoo-Dagoo finishes the workout with a bow, he towels off. Mosiah has a seat at the desk.

DAGOO-DAGOO

Good morning, Brother Mosiah. I feel some strong energy today.

MOSIAH

Let's get at it, then. After Haile Selassie's presidency - was?

DAGOO-DAGOO

Doctor Charles Drew. He took over in 1952.

A portrait of Dr. Drew smiles from the screen.

MOSIAH

Oh yeah, Doc turned up the heat on 'em didn't he?

DAGOO-DAGOO

Garvey planted the seed, Selassie allowed it to sprout, but Doctor Drew made it blossom.

Clips of black scientists, surgeons and inventors from that era seem focused and serious.

DAGOO-DAGOO (CONT'D)

He targeted science, medical advancements and new inventions. Many breakthroughs happened. Economy booms. Malaria and other jungle diseases were cured.

MOSIAH

And as that flower blossomed, it drew more bees. Another wave of future Homies comes over. Lottery and scholarships were started by President Drew. That helped the poor folks.

Pics of Eisenhower, Richard Nixon and J. Edgar Hoover are featured.

DAGOO-DAGOO

Doctor Drew followed Garvey's example and spoke up for reparations during Eisenhower, who was open to it, but Nixon and J Edgar Hoover talked him out of it.

MOSIAH

Those two were such pigs. If America had any honor they would erase their names from every building and anything else that glorifies them. If Russia can tear down Stalin, then what about these assholes?

Video of a red, black and green rocket-ship blasting off.

DAGOO-DAGOO

1952 H.O.M.E. is first to send a man in orbit. Russia and USA struggle to get started.

MOSIAH

If it is the 1950's we need to look at the rise of MLK. Didn't Doctor Drew offer him refuge over here?

Martin Luther King looks majestically over his congregation.

DAGOO-DAGOO

Yes he did. MLK was offered refuge from the death threats, FBI harassment and house bombing by Doctor Drew. He declined.

MOSIAH

Talk about brave, damn.

DAGOO-DAGOO

He was totally dedicated to helping the Blacks still in America. No matter what. Even if it meant him giving his life for it.

MOSIAH

And Malcolm X started out the same, but in the North.

Malcolm X stares down a camera lens.

DAGOO-DAGOO

Yes. Malcolm's dad was an official Garveyite from the early days. Malcolm pushed self-pride and self-reliance, he stayed until 1959.

MOSIAH

Then he came H.O.M.E., after which he became more powerful than ever.

DAGOO-DAGOO

You got that right. Hey, I'm hungry my friend. Let's take an early break.

MOSIAH

Deal. I'll join you.

DAGOO-DAGOO

If you had a choice, where would you like to dine? Pool-side?

MOSIAH

Since we are giving love to MLK, let's go to the mountaintop.

Dagoo-Dagoo winks at him, then hits some controls. A view from a tall peak is projected onto the walls in clear, panoramic 3-D imagery.

DAGOO-DAGOO

How's that?

Mosiah wonders at the view.

MOSIAH  
I love this place.

A backpack belonging to Dagoo-Dagoo is brought to a table and unpacked. He starts assembling a huge salad with vegetables. Mosiah pulls out a ham sandwich, pork rinds and some Twinkies from his bag.

DAGOO-DAGOO  
I will have more than enough salad,  
Would you like some?

Mosiah crunches down on the loud pork rinds.

MOSIAH  
Naw man. I'm set.

The salad is prepared and he sits down next to Mosiah. They start to eat but Dagoo-Dagoo takes interest in his partner's menu items.

DAGOO-DAGOO  
Once you finish the de-programming,  
that so-called food will not even  
be desired by you anymore.

MOSIAH  
Is that right? Happy day.

DAGOO-DAGOO  
I don't want to be pushy, but they  
gave us that food in America to  
keep us weak, sick and  
unproductive.

He rolls his eyes at Dagoo-Dagoo and stops mid-chew.

MOSIAH  
Yes, I know. Slave nutrition.  
I'll do better, but not today.

DAGOO-DAGOO  
My dad was good friends with Dick  
Gregory. He was a genius and as  
time goes by, they will see he was  
right about food and fasting.

MOSIAH  
Brother Gregory was way before his  
time, no doubt, but my man, let's  
just finish the project without the  
lectures. I'm fat, I know that.

DAGOO-DAGOO

No offense. I was just trying--

MOSIAH

What you say we see what is going on in the world. Epstein is probably doing something stupid.

They watch TV news while they eat. Several oil spills and rig fires destroy the coast of the US.

ANCHORWOMAN

As a result of roll backs of the Obama era protections, scenes like this are commonplace these days. This particular oil spill was covered up by the EPA director. Today he was forced to resign.

The guys shake their head in disgust and finish their meal.

MOSIAH

Let's get back to work. That news made me nauseous.

Dagoo-Dagoo tosses his trash and goes over to the system. The mountain view disappears and the studio is back.

EXT. GOLF COURSE - DAY

As Epstein prepares to tee-off, Ghisy smiles as she reads a text on her phone.

GHISY

We found Mosiah. Traced his bitch's phone. Guess where he's hiding out?

He flicks his eyes at her, then back to the ball.

EPSTEIN

Where?

GHISY

Garveyland.

Epstein's shot goes wild and into water.

EPSTEIN

That little fucker.

INT. STUDIO - DAY

They return to the project. Malcolm X is displayed again.

DAGOO-DAGOO

So in 1962, Malcolm X becomes president here. Chases out Portugal and other colonists. Only South Africa remained.

MOSIAH

Then he puts his boy Nelson Mandela on the case. That's when things got hot.

A youthful Nelson looks like no one to play with.

DAGOO-DAGOO

Nelson was a close friend and ally of Malcolm. When the apartheid police arrested him--

MOSIAH

They brought the New Yorker out in the Brother Minister, didn't they?

A map shows warships from various nations surrounding the South African peninsula.

DAGOO-DAGOO

Since we helped India gain freedom, they were the first to join the blockade.

MOSIAH

USA, under JFK also helps. Malcolm then amasses overwhelming numbers of troops on the border.

DAGOO-DAGOO

Eventually South Africa and apartheid fall. The entire continent now is H.O.M.E..

JFK and Malcolm are pictured smiling together.

MOSIAH

I heard Malcolm shared info so Kennedy could build the space program - and in return he was going to fight for reparations.

DAGOO-DAGOO

Yep. They had become friends and even sailed together.

Both are shown grinning on the high seas.

MOSIAH

That's the closest the nations had ever been. Until Obama of course.

The assassination in Dallas clip is played. A photo of President Malcolm X mourning chokes them up.

DAGOO-DAGOO

Then, suddenly all that hope was dashed in Texas.

MOSIAH

J. Edgar Hoover's Black-hating ass was probably behind that. Then he is put in charge of investigating it? Please.

An older, uglier Hoover looms on the screen.

DAGOO-DAGOO

At least Malcolm didn't let him down. 1964 our astronauts went to the moon to fulfill JFK's dream.

Astronauts jump onto the moon surface from a red, black and green lunar capsule and plant the H.O.M.E., flag in the dirt.

MOSIAH

In your face - and first in space. Take that, ha.

Jungle warfare clips show American troops fighting for their lives. Many are carried away on stretchers.

DAGOO-DAGOO

Malcolm warns LBJ not to escalate in Vietnam, but he does anyway. Malcolm condemns the move.

MOSIAH

That's when they tried to take out Malcolm with them punk assassins. The ones we didn't shoot dead, took poison pills.

DAGOO-DAGOO

Another weak, J. Edgar Hoover move.  
Later we found LBJ was going to  
fire him, but he had dirt on the  
president. Probably, lots.

LBJ rocks his cowboy hat but looks sad.

MOSIAH

He probably did the voting rights  
act to appease the brothers. I  
can't hate. It was the right thing  
and long overdue.

There is a knock at the door, Mosiah answers it. A very  
attractive lady stands there. Mosiah tries to jump suave.

MOSIAH (CONT'D)

Hey sweetness, you came to the  
right place, how can I, uh, help  
your fine self out?

SHEBA

You must be Mosiah. Love your  
movies. My name is Sheba. I'm  
Dagoo's wife.

Mosiah looks confused.

MOSIAH

Oh, uh, he is in the bathroom.  
I'll see if he is done. Just a  
second.

Mosiah closes the door behind him, hesitates, then approaches  
his partner.

DAGOO-DAGOO

Who was it?

MOSIAH

You got a stalker or something?  
This chick claims she is your wife,  
but I met your lady a few days ago.  
That ain't her but I'd be happy to  
take her off your hands.

Dagoo-Dagoo has a hearty laugh. Mosiah is bewildered.

DAGOO-DAGOO

Is that Sheba? She is my wife too.  
Let her in.

Mosiah studies his face, then breaks out in a smile.

MOSIAH

Alright player. I got you. Not as perfect as you seem, huh?

DAGOO-DAGOO

Let her in. We can discuss that other stuff later.

Mosiah opens the door and Sheba strolls in past him.

SHEBA

Hey baby.

The couple kiss warmly and he pulls up a chair for her.

DAGOO-DAGOO

You have already met my project partner, Mosiah. What's brings you by today?

Sheba pulls out some bud from her purse. She opens the bag for her man to smell it. He does and smiles.

DAGOO-DAGOO (CONT'D)

Yumm. That smells great. What do we have here?

SHEBA

They call it the Zimbabwe Zoom-Zoom. A new strain.

As she fires it up, her man switches on the news. Anti-Epstein Americans are featured. Disruption of his speeches and events is seen in clips.

MOSIAH

I'm glad people are finally fighting back against this corrupt Presidenct. He tried to kill me.

DAGOO-DAGOO

Acts of violence and vandalism only bring the masses down to the level of the person they despise.

SHEBA

To get down to Epstein level, you might need scuba gear.

They laugh. She goes to the door.

DAGOO-DAGOO

Thanks for stopping by, babe. I'll call you after work.

They kiss, she smiles and slips out the door.

MOSIAH

So, my guru, just how many wives do you have? I'm trying to avoid having my first one.

DAGOO-DAGOO

Ha. I have several, all over 25 and all of them know each other. All are well educated and freely choose to be in the relationship. And no, I'm not Muslim or Mormon.

Mosiah is shocked, mouth open.

MOSIAH

I'm starting to love this place more everyday.

DAGOO-DAGOO

Yeah-yeah, let's get back to work.

The project flickers back on. Vietnam draft dodgers are in full form as they protest with vigor.

MOSIAH

Look at them smoking that dirt weed, poor things.

DAGOO-DAGOO

Hemp became popular in USA and the best in the world was in Africa. Some hippies like Abbey Hoffman and Jerry Rubin grew crops here. True change was in the air.

Both Hippie leaders appear to have sampled the supply. This is followed by clips of Huey P Newton, Bobby Seale, Afeni Shakur and Stokely Carmichael.

MOSIAH

Oh yeah, let's talk about them big cats from Oaktown.

DAGOO-DAGOO

The Black Panther party starts in response to police corruption and brutality. Hoover is not happy and launches COINTELPRO against Black leaders to destroy them.

Arrests of Panthers and 'wanted' posters are seen.

MOSIAH

J. Edgar Hoover somehow wins again,  
huh? Damn near all those leaders  
were arrested for trying to protect  
the hood from pigs.

DAGOO-DAGOO

And when brothers stood up to tell  
the world our plight, we were still  
attacked by them.

John Carlos and Tommy Smith protest at the Olympics. Mosiah  
seems bummed out about the history. Seething, he has to get  
up and walk around.

MOSIAH

Are we supposed to wait till they  
get exhausted from killing us? It  
pisses me off.

(beat)

I'll stay longer tonight and begin  
writing my book. It's needed to  
wake up the Blacks in America so  
they can see what a blessing  
Garveyland is. They need to see  
what it would be like if it didn't  
exist in our world.

SUPER - NOVEMBER 9, 2020

INT. STUDIO - DAY

Dagoo-Dagoo walks into the work area. Mosiah is asleep at  
the desk. He doesn't wake him. Starts to read his outline.

DAGOO-DAGOO (V.O.)

Garvey is arrested by J Edgar  
Hoover on a BS charge and  
Garveyland never started?

(beat)

Lynchings continue, the depression  
hits and blacks are starving. Nazis  
and Japanese start the war but  
millions more are killed and the  
war lasts years longer. Genocide?

A chair is pulled over and he flops into it.

DAGOO-DAGOO (V.O.)

The US doesn't stop development of  
the atomic bomb and nukes Japan,  
horrible deaths and disfigurement,  
my God.

Dagoo-Dagoo puts the notebook down and looks upset. He gets  
a swig of water while it soaks in, then starts again.

DAGOO-DAGOO (V.O.)

Malcolm and MLK do not see eye to  
eye and followers of both resent  
the other. There are no de-  
programming schools, so Blacks are  
self destructive, cannot unite and  
financially exploited.

Tears come to Dagoo-Dagoo's eyes as he reads it.

DAGOO-DAGOO (V.O.)

JFK is still killed ... But  
Malcolm? Fred Hampton too? My  
God. In South Africa, Nelson  
Mandela is arrested and will be in  
jail over 25 years.

(beat)

US and Russia start an arms race  
involving nuclear weapons, then  
other countries acquire them. The  
entire world could be destroyed at  
any minute. What?

Dagoo-Dagoo stops reading and pushes back from the table,  
mind blown. He wanders away from the area, looks to heaven.

EXT. STUDIO ROOF - DAY

As he stares at the skyline, Dagoo-Dagoo lights a joint.

DAGOO-DAGOO

Thank you, Jah. For everything.  
Especially ... Garveyland.

INT. STUDIO - DAY

Mosiah wakes in the studio to music. ***The STAR SPANGLED  
BANNER by Jimi Hendrix.*** His sleepy eyes spot Dagoo-Dagoo.

DAGOO-DAGOO

Some Jimi to get in the mood for  
the late Sixties.

(MORE)

DAGOO-DAGOO (CONT'D)

After he did this version at WOODSTOCK he got tons of death threats. Moved to Garveyland. Nov 27 is his birthday and will play for the Centennial.

MOSIAH

Oh yeah, Bobby Star just sent us a message about that last night. Jimi was way before my time but know he was a badass.

DAGOO-DAGOO

Old man now. STILL a badass.

Mosiah stretches. They power up the computer system.

MOSIAH

His kids are even lighting it up.

DAGOO-DAGOO

I know another badass. You. Read your outline. What a horror story. Your imagination is amazing, bro. It shook me up.

MOSIAH

Cool. Thanks. I want people in the US to know how bad it could've been, if not for Garvey. Was going to put in Dr. Charles Drew bleeding to death because he couldn't go to a white hospital.

DAGOO-DAGOO

Yeah, that would be too unbelievable, but scary as hell.

They pound fists and get to work. The song ends. Clips of cities on fire after the murder of MLK.

DAGOO-DAGOO (CONT'D)

After they shot Dr. King in 68, lots of people figured that America was hopelessly lost in hate and that it will never change.

Clips of the MLK funeral are seen.

MOSIAH

Get out before it gets worse. If a man of peace is murdered, with the FBI probably behind it, what's the use? They came here in droves.

DAGOO-DAGOO  
 Especially with George Wallace  
 running for president. This time  
 we were led out by Fred Hampton and  
 one, Jimi Hendrix.

Clips of the two men are shown.

MOSIAH  
 So, that butt-rag Nixon is  
 president now. Reparations  
 requested again. Denied by Nixon  
 and Hoover again.

Crooked Nixon gives the peace sign at rally, Hoover scowls.

DAGOO-DAGOO  
 Nixon tries to turn the world  
 against Garveyland. It doesn't  
 work. They are losing their  
 propaganda war. Malcolm lets  
 Vietnam deserters be welcome.

Old-fashioned computers are worked on by black techs.

MOSIAH  
 They really got nervous when this  
 place got computer companies going.  
 NEVER-SOFT and GRAPPLE start up in  
 68 and revolutionize data.

ROOTS outtakes are seen.

DAGOO-DAGOO  
 I loved the fact that this country  
 financed the ROOTS mini series.  
 Alex Haley educated the world about  
 the plight of Blacks in America.

MOSIAH  
 He tried to lift the veil of  
 ignorance, which he hoped would  
 cause Americans to be less hateful  
 than before. Actually worked a bit.

INT. WHITE HOUSE, CINEMA ROOM - NIGHT

The light from the projector beams from the back of the  
 darkened room. Although the screen is not seen, sounds of  
 sex are heard.

Munching popcorn in the theater seats, is Epstein. Eyes  
 transfixed. Ghisy rushes in and sits behind him.

EPSTEIN

Not bad production for a homemade video, huh? Look at her squirm.

GHISY

We found Mosiah's bitch. Grab her?

EPSTEIN

Really? Send our boys to visit her.

INT. MOSIAH'S LIVING ROOM - NIGHT

Cleo the tiger greets Mosiah as he enters the room. He pets the big cat and lets him lick his hand.

MOSIAH

Hey there kitty. How was your day?

Suddenly the playful tiger freezes up and falls over on its side with a thud. Mosiah's eyes get big.

MOSIAH (CONT'D)

Babe? Babe, yo. I think the tiger just died.

Zulema comes in from another room with a futuristic cylinder in her hands. She smiles at Mosiah.

ZULEMA

He just needs a re-charge.

She fiddles with the back of the tiger's head, lifts a flap, takes out the old cylinder and puts in the new one. Cleo springs back to life.

MOSIAH

I love this place.

ZULEMA

These are above the sink in the kitchen, in case you need them in the future.

He grabs her by the waist and she squeals.

MOSIAH

Right now sister, you are what I need.

INT. MOSIAH'S BEDROOM - NIGHT

A shirtless Mosiah turns away from sleeping Zulema and flicks on the small light near the bed. He takes out a picture of Tamika and Kelvin and ponders over it, a tear falls.

SUPER - NOVEMBER 10, 2020

INT. STUDIO - DAY

Just as Mosiah grabs the door handle to go in, Bobby Starr steps from the darkness, he looks shook up. Mosiah flinches.

MOSIAH

Damn, Bobby. Kinda startled me.

BOBBY STARR

Your partner in there? We gotta talk. Crazy shit going down.

They go in the studio. Dagoo-Dagoo watches the news. Clips show commandos in action.

ANCHORWOMAN

In breaking news, it seems President Obama sent his NEW Seal Team Six squad to Epstein's private island and rescued teens, held against their will.

MOSIAH

Oh my God.

DAGOO-DAGOO

Good morning. Old Eps is losing his mind about this one.

ANCHORWOMAN

After the rescue, they were whisked back to Garveyland for safety. Our nation has been threatened with retaliation if they are not returned.

MOSIAH

Ha, outsmarted by Obama again? Wow.

BOBBY STARR

And you know this fool ain't right in the head. Security is code red.

(MORE)

BOBBY STARR (CONT'D)  
Our agents think he may try to stop  
our celebration. We've ordered  
guards for the studio.

MOSIAH  
I ain't hating that.

Bobby bumps fists, heads to the door.

BOBBY STARR  
Whatever you do, don't start shit  
with him. That boy is nuts.

The guys start going through clips again.

DAGOO-DAGOO  
Let's get started before we get  
evaporated by that fool.

MOSIAH  
I think we left off in 1972, Fred  
Hampton of Chicago is elected  
president and Jimi Hendrix plays  
his inauguration. How awesome.

Clips of both men are shown.

DAGOO-DAGOO  
After ATTICA riots, Dr. Charles  
Drew developed DNA testing and it  
frees millions in US prisons,  
showing how unjust the system is.

Black scientists with microscopes are in action, then  
prisoners being released to family is shown.

MOSIAH  
Damn straight. Hampton exposed the  
US drug war, then gave the  
findings to the UN. Even got  
confessions of those involved.

Brutal drug round-ups from the 70s. Hoover looks mean.

DAGOO-DAGOO  
That was the first time we got the  
UN to condemn the US. Hampton  
points out that this is further  
evidence that reparations is a  
legitimate and overdue request.  
Nixon ignores him.

Clips of the Wounded Knee uprising and Alcatraz takeover.  
Pics of Hampton and Russell Means follow.

MOSIAH

Some folks had enough of being  
ignored. Native Americans rebelled  
and are supported by Hampton.  
Russell Means and Hampton become  
friends. Russell encourages  
Indians to move to Africa and live  
with respect and freedom.

Bruce Lee visits with his friend, Kareem Abdul-Jabbar.

DAGOO-DAGOO

And then the whole world wanted to  
check us out. Bruce Lee was  
invited by his friend, Kareem and  
he was treated like a hero. Starts  
schools here.

MOSIAH

President Hampton encouraged  
exploring all corners of the world  
for wisdom. And out of it too. We  
launched the first space station in  
1972. Dominated ever since.

The red, black and green space station spins above Earth.

DAGOO-DAGOO

Homies in space. Sounds like time  
for a Hookah break to me.

Dagoo-Dagoo pulls the octopus over to them and loads it up.

MOSIAH

The movie I met Tamika on, was  
about her being an astronaut on a  
haunted spaceship.

He reflects and laughs. Dagoo-Dagoo inhales a lung-full.

DAGOO-DAGOO

Hey man, work has been good for me  
lately. If you need money to send  
for your family, I'll cover it.

MOSIAH

I can handle my own. Chill.

Dagoo-Dagoo exhales and looks down.

DAGOO-DAGOO

I didn't mean to offend.

MOSIAH

Right, well it bothers me. Sorry.  
I really don't know what I want.  
That's my problem. I didn't have a  
dad. Having a son? A whack mom?

He grabs a hookah hose and nurses it as Dagoo-Dagoo smiles.

DAGOO-DAGOO

Scared huh? Just be yourself and be  
open to new experiences. We all  
have whack moments. Forgive.

The face of Mosiah reflects that the word, sinks in.

INT. OVAL OFFICE - DAY

Face distorted in anger, Epstein seethes with hatred.

EPSTEIN

That son of a bitch. Who does he  
think he is? That's MY island.

Across from him, Ghisy is equally upset. She fumes as she  
slams battery after battery into new vibrators.

GHISY

He had no right, asshole. What  
should we do?

EPSTEIN

Fucker breached our borders.  
That's an act of aggression ...  
That could lead to war.

INT. STUDIO - DAY

Back at work, they pull up a photo of a grinning Hampton  
holding a newspaper, NIXON RESIGNS - TO AVOID IMPEACHMENT.

MOSIAH

I love this pic. Another great  
example of karma.

DAGOO-DAGOO

After all he had done to the Black  
people around the world. Love it.  
Hampton followed up with Ali  
fighting Foreman in Zaire.

The combatants are shown in action. The screen-in-screen  
shot, shows ANGELA DAVIS and MAX ROBINSON, commenting.

MOSIAH

Yeah, sweet way to launch the first 24 hour news station. Max Robinson and Angela Davis hooked it up so we could finally hear ... OUR stories.

EXT. PATIO - NIGHT

While the lights of the City twinkle, Mosiah speaks on the phone. He pushes a button on the phone and a hologram of Tamika stands before him.

TAMIKA

Feels like the whole country is going crazy under the weight of this fool. I can't take it.

MOSIAH

I know, it sounds terrible. How is Kelvin? School going okay?

TAMIKA

He seems okay, I'll let him speak to you, babe.

The hologram of Kelvin pops up, big smile.

KELVIN

Hi daddy. I miss you. When can I see you again?

MOSIAH

Hello my young man. I miss you too. Don't tell mommy, but I have been looking into bringing you over here to Africa with me. Like that?

The hologram jumps with joy. Mosiah's eyes get moist.

KELVIN

Love it, love it, love it. When?

MOSIAH

Uh, working on it, right now.

TAMIKA

Don't be getting that boy riled up about this unless you mean it.

MOSIAH

I mean it. Trust me.

TAMIKA

After all this time, I'm seeing the man I fell in love with again. If I yell at you, it's, well I'm scared. I love you but--

MOSIAH

Hey sweetness, I understand. You are doing a great job with our boy. Even if we don't end up staying together, I got to get you outta that crazy place.

Tears fall and she turns her head away.

TAMIKA

God bless you, Mosiah. I love you. I really do. Thank you.

She hangs up and the hologram dissolves. Mosiah exhales.

INT. SURVEILLANCE VAN - NIGHT

Through the windows of the vehicle, Tamika is seen in the living room. The eyes of the MILITIA LEADER (40's) are fixed on her as he speaks on the phone. Spy equipment, nearby.

MILITIA LEADER

Yes, it's confirmed. He's in ... Garveyland.

SUPER - NOVEMBER 11, 2020

INT. STUDIO - DAY

When Mosiah arrives, *John Lennon's IMAGINE* is heard. Dagoo-Dagoo walks over and joins him at the desk.

MOSIAH

Love that song. Good choice. Who knew that when he moved here, he'd become the British ambassador.

DAGOO-DAGOO

He'll be at the celebration with Yoko. Cool dude.

Dagoo-Dagoo slides the hookah over to him - a long drag is taken. The song ends.

MOSIAH

I'm ready to jump back in.

DAGOO-DAGOO

Let's check the news to see if Eps  
is going to bomb us first.

MOSIAH

Ehh, I feel creative now. Lets  
watch later.

The wide smile of Bob Marley lights up the screen.

DAGOO-DAGOO

When Bob Marley was diagnosed with  
cancer, Hampton got all the best  
cancer specialists from around the  
world to come here. Finally  
discovered the cure using a formula  
from Ancient Hebrews.

Bob with gray dreads on stage with sons, Ziggy and Stephen.

MOSIAH

The physical kind was cured, then  
the cancer went into politics in  
1980 as the Moral Majority raises  
it's ugly head. Reagan gets  
elected. Blacks get hammered.

The Reagan inauguration is shown. Clip after clip of his ...  
War on Drugs and the brutal arrests of the Black citizens.  
Prisons clips show overpopulation with dark skinned people.

DAGOO-DAGOO

Yeah, that was a stressful era to  
be Black. Break time. Let's go  
out somewhere instead of the  
studio. Interested?

INT. BAR - NIGHT

They sit in a hi tech sports bar. In front of them a  
basketball game is like a hologram. Mosiah lights a blunt  
as the drinks are delivered. He hits it and passes it.

MOSIAH

Here go, boss. What team you for?

DAGOO-DAGOO

More interested in your book about  
alternative history. How far did  
you get?

MOSIAH

Lots of deaths. Hampton in 69 and  
Hendrix and Janis Joplin in 1970.  
Bruce lee soon after. CIA hits.  
Then African famines ...

DAGOO-DAGOO

Sounds so sad. Glad it's fiction.  
How could Black people live through  
something like that?

The game, interrupted by Breaking News. Epstein at a podium.

ANCHORWOMAN

President Epstein has announced  
that he is considering restricting  
travel to Garveyland, due to the  
raid on his island.

MOSIAH

What a pitiful clown.

DAGOO-DAGOO

I second that.

Mosiah slams down the rest of his drink.

MOSIAH

See ya in the morning, Bro.

They are watched across the room by the Militia Leader.

SUPER - NOVEMBER 12, 2020

INT. STUDIO - DAY

Mosiah sips coffee as he goes into the studio and **LADYSMITH  
BLACK MAMBAZO** music plays. A different Dagoo-Dagoo wife is  
there with son in tow. They all dance. Mosiah watches from  
the side as a tear wells up. The song ends as he walks in.

DAGOO-DAGOO

Ah, my good man, Mosiah. This is  
my wife Akeelah and my son, Zion.  
We were enjoying Homeland music to  
get into the Zulu groove.

MOSIAH

Nice to meet you both. Yes,  
Mandela today. We should get  
started soon.

Mosiah takes a seat at the desk. The proud dad walks the family to the door and hugs both as they leave. Mosiah pulls up Nelson Mandela pics as Dagoo-Dagoo joins.

DAGOO-DAGOO

In 1982 Nelson Mandela was elected President here and by 1989 AIDS was cured. Now that is a leader.

MOSIAH

He wasn't scared of old goofy Reagan either. After he flooded the hood with coke and then filled the private prisons, that was it.

Clips of Mandela, Reagan and blacks in prison.

DAGOO-DAGOO

When Reagan shut down the reparations debate, Nelson shut down the US embassy here. Get out.

Destitute black junkies in U.S. slums are shown.

MOSIAH

Yep, seemed like Reagan took it out on Blacks in America with crack. It ravaged us, partner. Good thing Dr. Drew made a pill to help break the habit for good.

DAGOO-DAGOO

Can you imagine how many people would have died or have their lives ruined if our doctors didn't have that as a treatment option?

MOSIAH

The treatment I need now is some food in my belly. Let's order.

INT. LUCINDA'S HOUSE - DAY

Lounging on the couch, Lucinda and Tamika suddenly sit up straight as they can't believe their eyes. The caption on the TV screen reads, 'PRESIDENT EPSTEIN'S NEW CABINET'.

Only three are adults. The rest are attractive female teens whose make-up is perfect. Epstein stands with them grinning.

LUCINDA

Teen influencers? Really?

TAMIKA

He's lost it. I should send those files to Mosiah soon. He was actually nice last time. Might even bring us to Garveyland.

LUCINDA

Yes, please. Before this fool ruins this already raggedy country.

SUPER - NOVEMBER 13, 2020

INT. STUDIO - DAY

Smiling, Mosiah is chipper as he goes into the studio. Dagoo-Dagoo does a double take.

DAGOO-DAGOO

Good morning, Smiley. What's up?

MOSIAH

You got me contemplating all that daddy stuff ... And now I'm all in.

DAGOO-DAGOO

Is that right?

MOSIAH

I spoke to them and started the paperwork last night. It's official. They're coming.

Dagoo-Dagoo gives him a bro-hug and a smile.

DAGOO-DAGOO

Welcome to the club.

MOSIAH

Thanks. It won't be easy, but that's okay. Let's get to work. No news watching until noon.

Dagoo-Dagoo laughs and powers up the system. Clips of Bush senior on election night shown.

DAGOO-DAGOO

Bush got along with Mandela better than Ronnie, but when we landed on Mars before them, he got jealous.

The red, black and green capsule adorns the Mars landscape. Mosiah gets a call. He answers and goes into another room. After a moment, he comes back so happy he is skipping.

MOSIAH

That was my attorney. Says Tamika  
and Kelvin should be here in time  
for the celebration.

He is near giggling. Dagoo-Dagoo gives him a wink and a big grin. They go back to the project. Exxon Valdez oil spill is shown. Followed by solar panel farms in the Sahara.

DAGOO-DAGOO

After seeing oil spills, Mandela  
decides to heavily invest in solar  
power even though oil brings in  
huge income. The Sahara desert and  
Sahel are developed even more.

A paradise in the desert is displayed.

MOSIAH

Now, since we use solar, AC is  
everywhere and even more people  
move here. It is a desert oasis.

Gangs of LA are featured in clips along with the Rodney King beating and the riots that followed.

DAGOO-DAGOO

What a mess. How did our people  
get played like that?

MOSIAH

Right, the Crips and Bloods start  
killing each other over territory  
they don't even own. Rodney King  
riots was a big F-U, to it all.

DAGOO-DAGOO

Then Angela Davis's news network  
exposed police abuse, corruption  
and racism there. Thank God.

Mosiah looks at his watch, rolls his eyes.

MOSIAH

Yo man, I have to break out early  
so I can shop for kid furniture.

DAGOO-DAGOO

Enjoy those moments, brother.

Mosiah leaves with a smile on his face.

INT. WHITE HOUSE BEDROOM - NIGHT

As both Epstein and Ghisy relax on the bed, they leaf through, TEEN VOGUE, magazine. Epstein points to four teens.

EPSTEIN

Find them, get them here.

GHISY

My pleasure, Mr. President. Since we found Mosiah, should we ... ?

EPSTEIN

In due time.

SUPER - NOVEMBER 14, 2020

INT. STUDIO - DAY

Dagoo-Dagoo looks at his watch and nervously taps on his desk. Mosiah finally dashes in.

MOSIAH

Sorry I'm late. Was up late putting furniture together.

Pics of Angela Davis are on the screen.

DAGOO-DAGOO

Long as it's not a habit my friend. I'm excited to do this part. I was lucky enough to have met Angela Davis before.

MOSIAH

In 1992 Angela Davis was the first woman elected President. America still ain't had one.

DAGOO-DAGOO

Well, the Muslim states were not wild about a female leader and protested it pretty strongly.

MOSIAH

Anyway, Bill Clinton was elected the same year. That led to a good working relationship.

Bill is shown, split screen with Angela.

MOSIAH (CONT'D)  
 Angela requested reparations - and  
 for the first time - it is actually  
 given. Finally, justice.

Clips of happy African Americans from that era.

DAGOO-DAGOO  
 Gil Scott-Heron took over the news  
 network after she left. Remember  
 when Tupac came here in 1993?

Clips of Gil Scott-Heron looking serious - then flashes of  
 Mr. Shakur's videos are seen.

MOSIAH  
 Hell yeah. He had just shot racist  
 bullies in my hometown Atlanta -  
 who turned out to be cops. His mom,  
 Afeni got her bro, Fred Hampton to  
 take him under his wing.

DAGOO-DAGOO  
 Probably saved his life. Not too  
 long after that, the Million Man  
 March went down. Opened some eyes.

Footage from the march is seen.

MOSIAH  
 Opened some hearts too.  
 Deprogramming schools got set up  
 all over, along with rehab centers.  
 Tupac started one right here.

DAGOO-DAGOO  
 Yep, him and Stephen Biko.

Biko in a suit. Tupac is featured in his Swami gear.

DAGOO-DAGOO (CONT'D)  
 Tupac got into Yogananda, became a  
 master, then lived in India almost  
 four years.

MOSIAH  
 Hard to believe a brotha like that  
 would become a monk. Walking on  
 hot coals and shit. Our Zulu guru.

They laugh and pound fists. Combat footage and mass graves  
 in Kosovo are seen.

DAGOO-DAGOO

After Angela Davis heard about the massacre of civilians in Serbia, our boys went in there and shut it down, while NATO argued.

INT. WHITE HOUSE BEDROOM - DAY

Ghisy hustles into the room to find Epstein in bed. An IV drip is in his arm as an attractive NURSE hangs the bag.

GHISY

A Viagra drip? Big date tonight?

The nurse waves goodbye with a smile, exits. Epstein drools.

EPSTEIN

Pretty hot, for a MILF.

GHISY

She's only like 25 years old.

EPSTEIN

That old? She's cougar then. Not my type. The Crown prince is sending over two virgins for me tonight. Can you join?

GHISY

Crown Prince? What country?

EPSTEIN

Who cares? I signed some stupid agreement to send a missile system and he'll send me young meat.

Ghisy sits on the edge of the bed.

GHISY

The Pope died, remember? I have to rep the country and leave early in the morning.

EPSTEIN

I need you tonight to show the twins what to do. Fuck the Pope.

(beat)

Wait, I got it. I'll get elected Pope after this gig.

GHISY

What? Why?

EPSTEIN

I'm already God-like. Plus you see how much action these lowly priests get from teens. Pope would get even more. Right?

GHISY

The Pope isn't elected by the people.

EPSTEIN

Even better. Get the church big-wigs down to the island. Let the hidden cameras do the rest. That's how we got - here. Am I right?

SUPER - NOVEMBER 15, 2020

INT. STUDIO - DAY

A jovial Mosiah strolls into the work space, outwardly happy and whistling. Dagoo-Dagoo glances at him, amused.

DAGOO-DAGOO

You are shining brighter than the morning sun, my man.

He shows him the receipt from the airline ticket purchase.

MOSIAH

Tamika and Kelvin will arrive the 24th. I might have to stand up during work today. Too hyped to sit down.

They bro-hug, smiling.

DAGOO-DAGOO

Loving the transformation. Having family gives you something important to fight for.

MOSIAH

All them wives you got, you must be the heavyweight champ of the world.

DAGOO-DAGOO

You better believe it.

They laugh and get back to work. News footage shows the Atlanta Olympics bombing.

MOSIAH

Them rednecks sure didn't like all  
you darkies stumbling through Dixie  
and winning all them medals.

DAGOO-DAGOO

We lost a lot of good men and women  
that day. Angela Davis is not the  
kind of woman you want to piss off.  
Found that punk Eric Rudolph and  
cut them nuts all the way off.

MOSIAH

Yes my brother. Put up when she  
clapped back on that punk Osama Bin  
Laden, when he tried to get the  
Arabs to pull out of the Union.

Arab protests in a major City is seen. President Davis gives  
a fiery speech. Bin Laden snarls.

DAGOO-DAGOO

He was a crazy man. All because a  
woman was leading the country.

Newspaper headline announces Supreme Court decision to let  
Bush win. Angela Davis looks pissed off.

MOSIAH

Then corruption stole the  
Presidential election in 2000. Got  
away with that shit too.

Clips of the 9/11 attacks on NYC are seen.

DAGOO-DAGOO

Our country told them an attack was  
imminent, but they ignored us.

MOSIAH

What do a bunch of Africans know?  
That was enough to get Bin Laden's  
crew, booted from Garveyland.  
Attack like that? Good riddance.

DAGOO-DAGOO

Solar power had already replaced  
oil by then and the Sahara had many  
oasis cities within it. Yeah, we  
didn't need them.

New solar powered settlements glimmer at night.

MOSIAH  
Sister President fell-out with  
America too. Invaded Iraq? Huh?

Clips of military action in the desert. Angela Davis looks  
angry as she speaks.

DAGOO-DAGOO  
Later, Bush lets Bin Laden escape  
to Pakistan. What was that?

MOSIAH  
Naked corruption. Then the  
tortures that Americans did to  
civilians. Naked human pyramids?  
That there is some sick shit, bro.

Scenes of torture used by USA are featured. The guys wince.

DAGOO-DAGOO  
I don't know if we should show  
that. It's pretty brutal.

MOSIAH  
Are you kidding? Shame them! I  
lost an Uncle in that 911 shit. I  
don't forgive Bush for being so  
stupid and ignoring warnings.

Clip of elderly Marcus Garvey at home.

DAGOO-DAGOO  
Seeing his once unified kingdom  
split up like that broke Marcus  
Garvey's old heart. Checked out.  
He saw his baby grow bigger than he  
ever dreamed, though.

Huge funeral procession at the grave site.

DAGOO-DAGOO (CONT'D)  
His love for his country and his  
people will not be forgotten. From  
that day on, the name HOME and  
'Garveyland' became synonymous.

Maps and building now carry the name. Garveyland T-shirts  
are seen being worn proudly by people worldwide.

MOSIAH  
That was depressing. What say we  
wrap for the night. Start fresh in  
the morning sun.

INT. MIST CAR - NIGHT

In car ride home, Mosiah turns on the news.

ANCHORWOMAN

The US recession is deepening fast.  
Social programs have been gutted  
overnight. People are protesting in  
the street.

Angry demonstrators carry signs demeaning Epstein. Cops in  
riot gear descend on them. Mosiah turns it right back off.

SUPER - NOVEMBER 16, 2020

INT. STUDIO - DAY

Mosiah arrives as Bobby Star chats with Dagoo-Dagoo.

BOBBY STARR

Ah, the other half of the All-Star  
team. Just telling Double-D about  
all the folks we have lined up to  
perform. Solid gold shit.

DAGOO-DAGOO

Decide on a narrator yet?

BOBBY STARR

Tyler Perry and Spike Lee.

Mosiah has a seat.

MOSIAH

If Bobby Starr can't make it  
happen, it can't be done.

BOBBY STARR

Damn right. If I gotta wake 'em  
from a coma, ain't no thing. You  
know me. Anyway, we got two weeks.  
On line to wrap it all up by then?

DAGOO-DAGOO

It looks on schedule.

MOSIAH

Wrapped tighter than a mummy's  
underwear. Yes sir.

Bobby Starr gets up and goes to the door.

BOBBY STARR

All clowning aside, it's so important for us to tell our story, our way. At one time, we were treated worse than cattle. Now look at us. That's the 'WOW' I want you bring to the world.

They watch him leave then turn on the console.

DAGOO-DAGOO

No pressure, huh?

MOSIAH

Let's get it. What do we got next?

The 2002 Marcus Garvey's grand daughter, Markeeta's election night win is shown.

DAGOO-DAGOO

To honor Marcus Garvey and to show that we were not intimidated by sexist tradition, we elected Garvey's grand daughter, Markeeta the next President.

MOSIAH

Love her. Told Bush he was an idiot to his face and told Cheney he was a war criminal - profiteer too. She wasn't joking.

Tragic footage of the Katrina flood is shown.

DAGOO-DAGOO

Looks like the administration took out their frustration with her, on the Black people of New Orleans.

MOSIAH

Sure did. Let them drown in the streets. They even denied Garveyland sending the victims doctors and supplies. Even Kanye was pissed off.

Bodies float in the water. Michael Myers stands next to KANYE WEST as he blasts the response to the emergency.

KANYE WEST

George Bush does not care about Black people.

MOSIAH

He got told, didn't he? Served it  
up hot and fresh for the face. Was  
enough to bring Tupac out of the  
monastery, He even helped with the  
airlift.

Footage shows Black people being assisted into helicopters.

DAGOO-DAGOO

President Markeeta sent choppers in  
to help, then airlifted out, the  
people Bush left to die. Dared  
Bush to stop her.

Footage shows an address to the United Nations General  
Assembly by the Virgin Islands. Angry faces and displeasure  
looks grace the Russians, Chinese and Americans.

MOSIAH

The world saw who the boss was.  
When the Caribbean Nations applied  
to the UN to be included in  
Garveyland, US, Russia and China  
lost it.

DAGOO-DAGOO

Governments let corporations profit  
from tourism, while the people are  
destitute. Why stay exploited?

Massive effort to rebuild Haiti is depicted. Computer models  
show hi-tech buildings and a man made coast which makes it  
bigger and features an amusement park on the beach surging  
with tourists.

MOSIAH

To counteract the damn  
international conspiracy to keep  
Haiti suffering - because they  
kicked French ass - Markeeta  
rebuilt the whole island.

DAGOO-DAGOO

When they finish, it will be THE  
international hot spot for fun.  
And with Bob Marley as Governor for  
the region, all the islands will be  
like paradise.

Smiling with gray dreads is Bob Marley on screen. Mosiah  
reaches into his backpack and pulls out a huge blunt.

MOSIAH  
I knew we would be covering Brother  
Bob today. Shall we honor him?

Dagoo-Dagoo offers his lighter.

DAGOO-DAGOO  
Jah be blessed.

MOSIAH  
Amen to that my friend.

INT. MOSIAH'S BEDROOM - NIGHT

Mosiah and Zulema make furious love in bed. Suddenly she freezes up. Her joints are rigid and she doesn't even blink. Mosiah's eyes get wide with fear.

MOSIAH  
Babe? Baby? Hey, you okay? Oh  
God. I smashed her to death. What  
the hell?

Just then the tiger peeks around the corner at the commotion. Mosiah exhales and relaxes as a thought occurs to him.

MOSIAH (CONT'D)  
Damn, forgot where I was for a  
moment. Sorry baby girl.

He pulls back her hair and sees the chamber where the battery goes. He sighs, then removes the dull looking cylinder. He tosses it and grabs a new, bright glowing cylinder from a nearby bed-stand.

Next to the hi-tech battery is a photo of Tamika and Kelvin smiling back at him. He pauses and looks at it. His face changes. Mosiah looks back at his robot lover with sadness.

MOSIAH (CONT'D)  
Fake versus real. Hmmm. Even if  
real, is a pain in the ass  
sometimes, I've got to make it  
happen. This ... Is not love.

He kisses Zulema on the cheek and puts the cylinder back into the drawer of the night-stand, then turns out the light.

SUPER - NOVEMBER 17, 2020

INT. STUDIO - DAY

Dagoo-Dagoo studies Mosiah's face as he lumbers through the door. He looks upset and distant. He just nods to Dagoo and sits at the desk.

DAGOO-DAGOO  
Good morning. All okay?

MOSIAH  
Yeah, what's up, man? I'm just  
ready to dig into it today. Takes  
my mind off ... Other stuff.

DAGOO-DAGOO  
The Zen of filmmaking, I hear you.

On screen shows the year 2005. Clips of an earthquake aftermath. A map of the Great Rift Valley with epicenter in Lake Tanganyika is shown. Photo of Tupac in Africa.

MOSIAH  
I remember hearing about that.  
Tupac's rescue team found it first.  
Neil DeGrasse Tyson got called to  
investigate, then never came back  
to America.

Smiling photos of the professor are seen.

DAGOO-DAGOO  
Thank God for that. He was the  
only one able to figure out what  
they found in the lake.

In the lake, something is glowing in it's depths. A submarine is prepared to go in.

MOSIAH  
The rest of the world still has no  
idea what they found down there.

DAGOO-DAGOO  
It's probably better they don't.  
Whatever it is, was the basis for  
the major hi-tech advancements.

MOSIAH  
Right. They ain't mature enough to  
handle it. We're still finding out  
all kinda ways it could be used, to  
help people. They would just make  
more weapons and bombs.

DAGOO-DAGOO

Bombs are for spineless bullies.  
Our scientists took Tupac's  
discovery and made something to  
help humanity. Now humans can  
transport matter across space  
anywhere in the world.

Clips show a barge of huge shipping containers in Manila Bay.  
Mist covers it, when mist clears, the boat is gone. San  
Francisco Bay, empty, then mist bellows. The cargo ship  
materializes in the harbor.

MOSIAH

Can even transport oil tankers. No  
chance for spills. But if they  
want that service they better come  
through us.

News clips shows President Bush and graphs that show how he  
tanks the US economy. Layoffs and foreclosures are seen, but  
also bonuses given to Wall Street companies.

MOSIAH (CONT'D)

Dumbass Americans, got pimped hard  
by Wall Street. I mean hard. But  
they got away with it. Yep.  
Unbelievable. If black folks did  
that, can you imagine?

DAGOO-DAGOO

Thank God it didn't affect us. We  
took that opportunity to become the  
economic hub of the world.

MOSIAH

Show Barack being elected. He got  
up in there and fixed that sick ass  
US economy for real.

2009 Barack inauguration is shown. Graphs show economic  
turnaround. Then Tea Party is shown mocking him.

DAGOO-DAGOO

He did the impossible for America.

MOSIAH

Yes sir, but they found a way to  
trash the man anyway. Hateful ass  
folks even had the nerve to trip on  
Michelle. Racist punks.

DAGOO-DAGOO

Gave them cheap healthcare and then they acted like he was trying to rape them.

MOSIAH

I don't understand it. They are fighting against their own self-interest because he is a Black man?

DAGOO-DAGOO

That's where racial hatred meets mental illness.

They laugh.

INT. MOSIAH'S LIVING ROOM - NIGHT

A holographic Drill Sergeant pushes a sweaty Mosiah through various exercises. A picture of Tamika and Kelvin, close by.

SUPER - NOVEMBER 18, 2020

INT. STUDIO - DAY

Mosiah walks in, waves to Dagoo-Dagoo and heads straight for the bowl of pretzels and starts munching.

MOSIAH

Good Morning. Dying here. Started a workout regiment last night. Got any food around in this joint?

Dagoo-and Dagoo smiles reaches into his backpack, hands him an apple and a dragon-fruit. Mosiah looks at the strange fruit and takes the apple.

DAGOO-DAGOO

Just the apple?

MOSIAH

That other thing looks like there might be a baby space alien inside of it.

Dagoo-Dagoo laughs then cuts it open and gives him some. They both bite into it. Mosiah smiles.

DAGOO-DAGOO

Good, huh?

MOSIAH

Not bad for freak show fruit.  
Let's get busy with the project  
before I sneak out of here and get  
a big, sloppy Egg Mc Muffin.

DAGOO-DAGOO

Your companion didn't cook for you  
last night?

Mosiah hesitates and looks away.

MOSIAH

Her battery went dead. I, well,  
sometimes it seems so real, but  
other times it feels so fake, I  
didn't recharge her yet.

DAGOO-DAGOO

Like Marvin said, "Ain't Nothing  
Like the Real Thing". Don't bite  
my head off, but any news about  
your girl in Atlanta?

MOSIAH

Still waiting. And, yo, sorry about  
being a little bitch about that.  
It just ... I mean--

DAGOO-DAGOO

It's all good. Let's get to work.

The machine starts up as Mosiah gets ready.

MOSIAH

How about that speech that Markeeta  
did at the UN after that Birther  
bullshit started.

DAGOO-DAGOO

Excellent choice.

The clips is pulled up and they watch it. President MARKEETA  
(late 40s) speaks in front of the General Assembly, wearing a  
red, black and green outfit.

MARKEETA

Just how racist are you, America?  
Your president brought you from the  
edge of economic collapse, fights  
for decent healthcare and clean  
air. How do you show thanks?

Behind her on the screen are photos of Tea Party demonstrations where Obama is portrayed as the Joker, a Communist, the Devil, an ape and Hitler.

MARKEETA (CONT'D)

Barack won't say it but I will.  
You bigots can go fuck yourselves.  
Yes, I said it and I mean it.  
Ungrateful pieces of shit. How  
dare you. You keep doing what you  
are doing, brother. History and  
the hearts of men will conclude  
that you were right, and they were  
the monsters.

They freeze the tape, as she leaves the stage with applause.

DAGOO-DAGOO

Wow. Talk about fire.

Clip of Obama and crew in the Situation Room - then walking up to the Presidential podium. Gives speech about the successful raid on Bin Laden's lair.

DAGOO-DAGOO (CONT'D)

At least it changed for a while  
after Bin-Laden was killed.

Videos of people dancing in the streets and celebrating the mass murderers assassination.

MOSIAH

That was a good day. Even the  
haters had to give him some props.  
But the next day, they started back  
with that bullshit.

DAGOO-DAGOO

But it didn't work.

MOSIAH

Matter of fact, they got caught up  
in a triple play. First Obama.

The 2012 election win is celebrated as balloons fall from the rafters and onto cheering supporters.

MOSIAH (CONT'D)

Then Tupac won the election here  
when Markeeta stepped down.

Clip of Tupac in a suit doing a fiery speech. The caption underneath him on the screen reads, 'President-Elect, Tupac Shakur of Garveyland'.

MOSIAH (CONT'D)

And then, Gil Scott-Heron brought  
Chuck D onboard to take over the  
global news network. Boom, boom  
boom. Running triplets on them  
bigots, loved it.

Chuck D is shown, looking like a boss.

DAGOO-DAGOO

I was running late this morning and  
missed the news. The way things  
move so fast, maybe we should see  
what is going on today.

MOSIAH

Cool. Check in with the  
Chuckster's network for a few.

Mosiah's phone rings. He looks over and rolls his eyes.

MOSIAH (CONT'D)

It's Bobby Starr. Hmmm. Wonder  
what he wants.

The phone is clicked and a hologram of Bobby Star stands atop  
the cell phone. He is very animated.

BOBBY STARR

Yo, Epstein said he's got a sex  
tape of Obama. Says he'll release  
it tomorrow. Believe that?

MOSIAH

I believe that fool said it, but is  
it real? I doubt it.

DAGOO-DAGOO

Probably because of the kidnapping  
and abuse indictment Garveyland  
threw on Epstein about the girls we  
rescued. Damn pervert.

BOBBY STARR

Yeah, I think we set-off that  
asshole. The worst is yet to come.

SUPER - NOVEMBER 19, 2020

INT. STUDIO - DAY

Dagoo-Dagoo and Mosiah arrive together at the studio.

MOSIAH

Hey dude. You usually beat me to work. All okay?

DAGOO-DAGOO

Second wife's birthday. Gave her something special, feel me?

MOSIAH

Mister Romantic strikes again.

They laugh. Dagoo-Dagoo signs on to the program. Thumbnails of clips pop up.

DAGOO-DAGOO

It's 2013. Let's start with how Garveyland worked with Belize to make them the center for Holistic research in the West.

A map of Central America is shown, Belize highlighted.

MOSIAH

Okay health nut. Might be your passion, but it could be boring though. I don't know.

Mosiah makes a face and pretends to fall asleep.

DAGOO-DAGOO

Boring? They almost put big Pharma out of business. The only market Big Pharma still has is the US, because of those politicians they bought to protect them.

Clips show doctors gathering plants, herbs and insects in a rain forest. Then it switches to scenes in a lab.

MOSIAH

Big Pharma, getting rich off of sick people, just ain't right.

DAGOO-DAGOO

That's why it's important. Our stuff is cheap, natural and works better, right?

MOSIAH

Yeah, well sometimes I'd rather take a pill than plant extract mixed with butterfly balls.

Dagoo-Dagoo looks at him and shakes his head.

DAGOO-DAGOO

You are a mess my brother. Let's  
move on to 2014. One heck of a sad  
year. Things started to get crazy.

Clips of ISIS training. Gruesome photos.

MOSIAH

I'm not a fan of war, but them  
fools needed their asses kicked,  
hard. Should have known better  
than to mess with President 2Pac.

Aerial view of bombs creating craters where training barracks  
used to be.

DAGOO-DAGOO

Took Obama and 2Pac a few months,  
but they crushed them like roaches.

MOSIAH

Soon as we put a lid on that  
foolishness, cops in America  
declared war on Black people.

Eric Gardner, Trayvon Martin and Ferguson riots are seen.  
Ferguson protesters show courage confronting cops.

DAGOO-DAGOO

Unarmed black people.

Funerals for the fallen are displayed.

MOSIAH

And those weren't the only funerals  
that year. We lost Malcolm X, Dr.  
Charles Drew and Mandela. Sucked.

Regal, African style funeral for Mandela shown. Huge crowds.

DAGOO-DAGOO

For some reason, every year since  
then has been hell. Remember that  
church shooting?

Photos from the South Carolina massacre are shown.

MOSIAH

That douchebag Dylan Roof and his  
Hitler haircut. I remember. Not a  
fan of gang rape in prison, but in  
this case, I hope they stretched  
him wide enough to park a Buick in  
his ass.

His partner gives Mosiah a high five and big grin.

DAGOO-DAGOO

I don't understand it. Sure, Black people are moving out of the pit of misery they forced us into - but no reason to feel threatened. Do they really think we would be as evil to them, as they were to us?

MOSIAH

The thing in America now is, the powerful want to play like they are the victims. That damn lie gives them the right to be hateful and violent. It's incredible to see.

Tucker Carlson, Trump and Kellyanne Conway roll past.

DAGOO-DAGOO

Alternative facts. Yeah, I heard about that. They didn't go through lynching, mass incarceration or treated like cattle. But sooo mad.

MOSIAH

When you see it in voting and on juries, that sucks. To see it in the police? Someone is dying.

Pic of Freddie Gray and the protests that followed.

DAGOO-DAGOO

Look at the situation now where European immigrants are risking their lives crossing the ocean in makeshift boats to get to our country. We take them in.

Footage of Europeans being rescued at sea.

MOSIAH

In America, they have baby jails to punish Latinos who seek asylum. Big difference.

The video of Trump descending down the escalator to announce his run is shown.

DAGOO-DAGOO

From day one, he called Mexicans rapists and promised to repeal slavery reparations payments.

MOSIAH

President Shakur clapped back on him about that. That only made the bigots want to vote for him more.

DAGOO-DAGOO

Depressing. Crap, I forgot my bud. Did you bring any?

A smile breaks out on Mosiah's face, then he digs in his backpack. A blunt is extracted.

MOSIAH

Need to get lifted, partner? I need a laugh too. Let's check out some news.

The Anchorwoman has a hard time keeping a straight face.

ANCHORWOMAN

I will play the tape again and try not to laugh out loud this time.

A grainy video plays that looks like security footage. A scantily clad woman glides to the door. Obama struts in. But it is easy to see someone tried to edit his head on the male. It quickly turns into a porno scene. It ends.

MOSIAH

What the hell was that? They must really think folks are stupid.

ANCHORWOMAN

Our cyber experts tracked this garbage right back to a computer in the White House. It's fake.

The guys pass the blunt back and forth. Mosiah acts like he hands the herb to the Anchor.

MOSIAH

Here sister. Look like you need some as bad as I do.

SUPER - NOVEMBER 20, 2020

INT. STUDIO - DAY

Looking through papers, Dagoo-Dagoo hears a knock, he looks towards the door. Mosiah is there wearing a paper cut out mask of Obama. Dagoo-Dagoo chuckles. Mosiah steps aside to reveal a life-sized cardboard pic of Stormy Daniels.

MOSIAH  
 Don't tell Michelle about this.  
 Epstein sent her over.

He starts humping on the paper porn star. Dagoo-Dagoo is cracking up from watching.

DAGOO-DAGOO  
 You are crazy, my friend.

Mosiah puts Stormy in the corner, then takes off the mask.

MOSIAH  
 Probably looked more accurate than  
 that shitty video we saw.

DAGOO-DAGOO  
 Only a psychopath could hate Obama  
 the way he does. Goes deeper than  
 just simple racism.

MOSIAH  
 Right. Even David Duke is like,  
 ... Yo, chill out.

They laugh and pick up the project where they left it.

DAGOO-DAGOO  
 Do we really have to do 2016 now?

MOSIAH  
 Yukk. Worst year, ever. For  
 everybody on Earth. All the crap  
 we are suffering through now,  
 started then.

Footage from the Flint, Michigan water crisis is seen.

DAGOO-DAGOO  
 Year started by finding out that  
 Michigan was poisoning black people  
 and getting away with it for years.

MOSIAH  
 Right in Michael Moore's face? His  
 hometown. For real? Big Mike  
 don't play like that. I met him  
 last year. He won't stop until  
 somebody is in a cell block.

Clips of politicians running from Michael and his mic.

DAGOO-DAGOO  
Then midway through the year, we  
lost the champ.

The bright smile of Muhammad Ali in top shape, beams from the  
screen as sweat pours.

MOSIAH  
The people's champ. And always  
will be. Showed what real courage  
looks like in black skin.

A mix of clips show him battling boxers and the draft board.

DAGOO-DAGOO  
And of course the year ended with  
Trump and his Russian thugs  
stealing the election.

Trump stands with bloated ego as balloons fall.

MOSIAH  
I think you mean, Putin and his  
American thugs stole the election.

Pic of Trump and Putin whispering to each other.

DAGOO-DAGOO  
Sorry thing to see America get  
fooled by those two.

MOSIAH  
Garveyland and Tupac warned the FBI  
about Putin's boys early on.  
Funneling Russian money through the  
NRA to give to GOP candidates.

Maria Butina graces the screen with her guns.

DAGOO-DAGOO  
A Red Sparrow operation. She ain't  
even that pretty.

MOSIAH  
At least Obama tried. Remember  
when he got up in the face of that  
Moscow monkey and gave him the  
Chicago death stare?

Dagoo-Dagoo pulls the photo and puts it up. Obama has Putin  
backed up on a wall as his eyes burn right through Vlad.

DAGOO-DAGOO

That's the one, right? Confront  
him eye to eye, like a real man.

MOSIAH

Obama is like, "You might know  
karate, but I know ka-razy." James  
Brown style.

DAGOO-DAGOO

2016 didn't go over well with Tupac  
and in seventeen, he let the world  
hear about it.

Tupac looks angry as he addresses the UN General Assembly.

MOSIAH

Then came Charlottesville. It  
still grinds my soul to remember.

News clips of the bloody confrontation against Nazis.

DAGOO-DAGOO

And of course it ended in a death.  
Signature move of a savage. Poor  
girl. Just doing what was right.

Memorial for Heather Heyer shown. Her photo is radiant.

MOSIAH

Rest in peace, Sister Heather.  
That event touched black folks  
deep. Since Tupac was at the U.N.,  
he went to pay respects. Wish he  
would have sent someone else.

Shaky cell phone camera captures a malitia group ambushing  
the memorial service with guns. Security shoots back but  
there are too many bad guys.

DAGOO-DAGOO

Our Tupac. Shot to death in  
America. Who could imagine?

MOSIAH

Classy move by Obama to leave  
Hawaii and personally, fly with the  
body back here. But talk about  
pissed off. Wheww.

Photo of Obama shows anger and disgust.

DAGOO-DAGOO

Markeeta had to step back in as our leader. She let America have it.

Video at memorial service. Markeeta gives speech with tears in her eyes.

MARKEETA

You are not fit for office, Captain Bone-Spurs. Can't deal with a real man, huh? Were you behind this?

Mosiah shakes his head in sadness.

MOSIAH

Yep, we almost went to war about that. Markeeta had a plan that hurt his ass, more than a bomb.

DAGOO-DAGOO

By appointing the new President of Garveyland, - you know who.

Presidential photo of Obama next to the Garveyland flag.

MOSIAH

Hell yeah. Mic drop. She kicked him, right between the towers.

EXT. MOSIAH'S LIVING ROOM - NIGHT

Through the picture window, a beer is opened by Mosiah as the news plays on TV. He takes a sip, then freezes in shock. The can falls from his hand, to the carpet.

SUPER - NOVEMBER 21, 2020

INT. STUDIO - DAY

Dagoo-Dagoo takes a deep breath as he sees Mosiah walk in with a T-shirt that says "Elect a Clown, expect a circus" and Epstein is drawn as a clown who looks more like Pennywise from Stephen King's nightmare. Mosiah snarls.

DAGOO-DAGOO

You okay, bro?

Mosiah spins around quickly to face him.

MOSIAH

Do I look okay? Sorry. I just --  
did you see the news last night?  
That asshole will suspend all  
flights to Garveyland.

DAGOO-DAGOO

Yes, I heard. I was hoping that  
you wouldn't be affected.

MOSIAH

Yeah, well I am. That douchebag!  
But I gotta trick for his ass. My  
girl overnighted it. Should be  
here soon.

DAGOO-DAGOO

Just be careful, bro. Let's get  
back on it.

Mosiah has a seat but looks anxious. On the screen is a  
photo of Obama as a crowd cheers for him. Pyramids stand  
majestically in the background.

MOSIAH

First time in history that a man  
was President of two major nations.  
And this time, he didn't have to  
wrestle with racists.

Another pic of Obama shows him smiling wide with other  
Garveyland leaders in African garb.

DAGOO-DAGOO

After his friend Tupac was  
assassinated, Obama was in no mood  
to play games. He was determined  
to make Garveyland the best, in  
every area, and made everyone  
believe it was possible.

A DOOR BUZZER breaks the flow. Mosiah smiles.

MOSIAH

That must be my package. I'll be  
right back.

Mosiah gets up and dashes down the hall. Dagoo-Dagoo reaches  
into his backpack and pulls out a joint.

DAGOO-DAGOO

The way he is acting, I might need  
you around, little buddy.

As Mosiah re-enters with a big smile, he takes the shipping material off of a small box and discards it.

MOSIAH  
Now I got his perverted ass.

DAGOO-DAGOO  
What is it?

His partner holds up a flash drive. Goes to put it in.

MOSIAH  
Tamika's friend has a sister who worked at Epstein Island. Copied some files before she mysteriously disappeared. Let's check it out.

The screen is not seen, but their facial reactions are.

DAGOO-DAGOO  
Wasn't that guy running for president before Epstein got in?

MOSIAH  
He was. Glad he dropped out, perv. I'll go to the next clip.

The viewers blink several times.

DAGOO-DAGOO  
She could be his great grandchild.

MOSIAH  
That was the other front runner. Maybe we should skip through the smut and see who else is in here.

SUPER - ONE HOUR LATER

Both men watch as they rub their faces with disbelief.

DAGOO-DAGOO  
I think I need to pull out my eyeballs and burn them.

MOSIAH  
That was the last one. Epstein had this kinda dirt on all of them. No wonder they rolled over and let him win the election.

DAGOO-DAGOO  
Thank God it's over. Don't think I  
could take much more.

As Mosiah takes out the disc to put back in the packaging, he  
sees another one.

MOSIAH  
Guess what? One more.

He pops it in. Their eyes get wide as it plays.

DAGOO-DAGOO  
Epstein? Of course he had to make  
one of himself. Egomaniac.

MOSIAH  
Yo, I thought those other girls  
were young. Are those panties or  
pull-ups on this one? Sick fucker.

DAGOO-DAGOO  
This stuff can, and should, get him  
impeached. The others freaks too.  
That last crew was impeached for  
Russians, this is worse. You gotta  
turn this over to the attorney  
general.

Mosiah turns off the disgusting clips and shakes his head.

MOSIAH  
I'll turn it over, but that worm  
fucked up things so my family is  
stranded in Klan-land. I owe him a  
good one for that.

DAGOO-DAGOO  
Oh-oh. What will you do with it?

MOSIAH  
Shove it straight up his ass. He  
thinks he can just mess with  
people's lives? I'll show him  
mess. I'll show the world.

DAGOO-DAGOO  
Ehh, I don't think that's cool.

MOSIAH  
Why not? This jerk deserves to be  
humiliated and arrested for the  
loser he is.

DAGOO-DAGOO

That fool is wacko already and you  
want to make it worse? Don't.

Mosiah turns towards the keyboard and fiddles with it.

MOSIAH

Too late. Just sent it out online.  
Punk wants to jam up my life, I'll  
jam up his.

Dagoo-Dagoo turns towards him and looks angry.

DAGOO-DAGOO

So the world gets blown up because  
that idiot hurt your feelings? Are  
you serious? We could have  
smuggled your family in here.

MOSIAH

I, uh, didn't think of that.

To calm down, Dagoo-Dagoo closes his eyes and inhales deeply  
a few times.

DAGOO-DAGOO

Let's make a run to finish this up  
before the world gets blown to  
bits. Or you mysteriously  
disappear like the girl who stole  
this stuff.

Mosiah looks like that thought never occurred to him.

MOSIAH

Uh, yeah. I forgot about her.

The studio phone rings. Caller ID shows it is Bobby Starr.  
Mosiah rolls his eyes and answers it. Bobby screams.

BOBBY STARR

(Over Phone)

Have y'all lost your damn minds?  
Huh? You know that bastard is  
gonna lose what is left of his.  
You put this whole project in  
jeopardy. Our lives too.

MOSIAH

He's an evil man with a big ego  
that needed to see reality. We all  
needed to.

BOBBY STARR  
(Over Phone)  
I begged you oblong-head Charlies  
not to provoke him. Shit.

MOSIAH  
Yeah, but--

Bobby Starr hangs up on him. The dial tone is heard.

DAGOO-DAGOO  
We better wrap it up, quickly.

Mosiah nods in agreement with a certain amount of fear in his face. He turns to his partner as more footage is pulled up.

MOSIAH  
I, um, I'm sorry. I just wanted to  
hurt him like he hurt me, dude.

DAGOO-DAGOO  
I understand, but I don't agree.  
What we are doing is bigger than  
both of us. You see that, right?

MOSIAH  
Yessir. I hope nothing bad goes  
down. Got to control my temper.

INT. OVAL OFFICE - DAY

Ghisy whispers in Epstein's ear. His face reddens with anger and rage.

EPSTEIN  
They did what? Fuckers, I'll get  
them. Activate my crew.

SUPER - NOVEMBER 22, 2020

INT. STUDIO - DAY

Mosiah and Dagoo-Dagoo look nervous as they view the men sitting next to Bobby Starr on the screen.

BOBBY STARR  
So this is your last and final  
warning. The organizers here don't  
want to do it, but we will pull  
your asses off this project and  
give it to someone else. Got it?

Both men nod that they understand. Bobby disconnects.

MOSIAH

My fault. All of it. I'm sorry to drag you through it, bro.

DAGOO-DAGOO

Let's see if there is more fallout.

They put the Garveyland news on.

ANCHORWOMAN

After a heated exchange about the president's alleged pedophilia, most of his cabinet has resigned.

MOSIAH

Ain't that a bitch? Wow.

ANCHORWOMAN

In related news, the filmmakers who released the new sex tape are being protested by Epstein's base.

News footage shows Mosiah and Dagoo-Dagoo hung in effigy in front of the Garveyland embassy in DC.

MOSIAH

Uh, sorry about that.

An angry look crosses Dagoo-Dagoo's face. He gets up.

DAGOO-DAGOO

I'm outta here. I don't need this.

He slams the door behind him as Mosiah looks worried.

INT. MOSIAH'S BEDROOM - NIGHT

Sound asleep, Mosiah sits up in bed as he hears his tiger start growling at the front door. Mosiah gets up, opens the door and sees several men running to their car. Just outside his door, a package.

Inside the house, the phone rings. He answers it.

DAGOO-DAGOO

(Over Phone)

Brother, thank God you are alright. I just got a package I didn't order. Might be a bomb. I'm about to call the cops.

MOSIAH  
I got one too. A bomb? Damn.  
What should we do?

DAGOO-DAGOO  
(Over Phone)  
Get everyone out of the house. I'm  
calling the bomb squad.

EXT. MOSIAH'S HOUSE - NIGHT

Police in bomb-proof gear move away quickly from the  
container the package is in. Mosiah sees it detonated.

SUPER - NOVEMBER 23, 2020

INT. STUDIO - DAY

As Mosiah arrives, he is flanked by a police escort. Inside,  
Dagoo-Dagoo practices his martial arts. The cops stay in the  
hall. Dagoo-Dagoo sees them and towels off.

DAGOO-DAGOO  
Good morning. Looks like we are  
neck deep in this crap now. That's  
fine. I'm ready.

MOSIAH  
My bad. All of it. I have to  
learn to control my anger. That's  
what broke up me and Tamika. You  
have a family - families - to take  
care of. It was selfish shit.

DAGOO-DAGOO  
Nope, my bad. These slimy toads  
running America need to be exposed.  
Sometimes you have to say, no more.

A complicated but heartfelt handshake follows.

MOSIAH  
We need to finish so we have time  
to edit it down. Where are we?

Footage from newscast shows that Epstein has won re-election.  
His campaign headquarters celebrates.

DAGOO-DAGOO  
So it's November 2020.

MOSIAH

Evil genius. Pretty smart for a  
guy scared of females his own age.

DAGOO-DAGOO

At least people are standing up  
this time. Unrest in the streets,  
everywhere by every color.

Footage from huge protests against Epstein.

MOSIAH

All aboard the crazy train.

DAGOO-DAGOO

I hear you. The documentary part  
is done. Just need the voice-overs  
and music. Let's see if we can  
finish the editing tonight.

INT. WHITE HOUSE BEDROOM - NIGHT

Ghisy sits on the edge of the bed anxiously. Next to her,  
sex toys of all sorts are sprawled across the mattress.  
Moans are heard from the master bathroom, it is Epstein.

GHISY

Are you okay?

EPSTEIN (O.C.)

It hurts when I pee.

With closed eyes, the math adds up in Ghisy's head.

GHISY

Fuck. VD? If you got it, I got  
it. I'll call the nurse.

Epstein steps from the bathroom, wrapped in his robe. He  
looks to be in pain.

EPSTEIN

Is this really worth it anymore?  
They made it so hard to get our  
girls now. Sucks. We need young  
meat to avoid aging, like vampires  
need blood.

GHISY

Cramping our style big time. So  
are the politicians on those tapes.  
The blood they want is ours.

EPSTEIN  
A human sacrifice is better. Ice  
that Mosiah asshole. Money's not  
an issue. I want him dead.

SUPER - NOVEMBER 24, 2020

INT. STUDIO - DAY

The guys wake up on studio couches as sunlight beams down.  
Mosiah gets a text.

MOSIAH  
Good morning. Got a text from  
Tamika to check out the news.

He flicks it on as Dagoo-Dagoo stretches. On screen, Epstein  
is at a sparsely attended rally in Florida.

ANCHORWOMAN  
He said that the sex tape of him is  
fake and will pardon whoever -  
'makes the filmmakers pay'.

MOSIAH  
Oh boy.

ANCHORWOMAN  
According to unnamed sources,  
Epstein may well have syphilis now.  
Talks to himself and seems more  
unhinged than usual.

Suddenly Bobby Starr shows up at the door.

BOBBY STARR  
Y'all saw that? Good. You have to  
come with me to a safe house.

MOSIAH  
But--

BOBBY STARR  
But nothing. These orders come  
from Barack himself. Let's go.  
The area is protected.

EXT. STUDIO ROOF - DAY

Two patrol cars await them. Officers are at the wheel.

BOBBY STARR  
We got a spot until a secure  
facility is ready. I'll take a  
mist car and follow you.

They nod and move towards separate vehicles. Bobby activates  
the mist system for his car.

EXT. NEARBY ROOF - CONTINUOUS

Veins bulging, the Militia Leader spins and screams at his  
sharp-shooter whose rifle is trained on the filmmakers.

MILITIA LEADER  
Fucking fire! They're gettin away.

EXT. STUDIO ROOF - CONTINUOUS

BOOM. Bobby Starr's body is jolted from behind as the mist  
still pours out. He goes down. Blood on his shoulder.

The patrol cars return fire, then speed off into the sky.

INT. MOSIAH'S PATROL CAR - CONTINUOUS

Horror on his face, eyes on Bobby's body, as they zoom away.

SUPER - NOVEMBER 25, 2020

INT. SECURED FACILITY MESS HALL - DAY

The guys get breakfast and have a seat at a table. Mosiah's  
phone rings. Tamika's name shows.

MOSIAH  
Pardon me. I have to take a call.

He puts the phone on the table and Tamika's hologram stands  
above it in jeans and Beyonce T-Shirt.

TAMIKA  
Hey baby, having breakfast huh?

MOSIAH  
Yeah, now that they're trying to  
kill me, I'm eating healthier than  
ever before.

TAMIKA

Epstein is crazier than ever before. Even the Army is in revolt. I hope that idiot doesn't start a war. Garveyland would stomp us.

With emotion in his voice, he lets his feeling be known.

MOSIAH

Whatever happens I want you to know that I love you and Kelvin, very much. I will be a different man when this is over. Sorry for the --

TAMIKA

No need to explain. I will be waiting. And praying. Love you.

INT. PRIVATE HELICOPTER - NIGHT

Epstein sweats as he rocks back and forth in his seat. The door slides open. Ghisy, with as much luggage as she can carry, steps inside.

GHISY

I think that's everything.

EPSTEIN

Pilot, get us outta here.

SUPER - NOVEMBER 26, 2020

INT. SECURED FACILITY, LIVING QUARTERS - DAY

Mosiah is shaken awake by Dagoo-Dagoo.

DAGOO-DAGOO

Mosiah, hey, wake up. Check out the defenses this place has.

Mosiah turns to the side with sleepy eyes and watches the TV screen. The news shows missiles being prepped and troops in training. They show the same going on in the US.

MOSIAH

Lovely. I'm depressed enough. You should have let me sleep, dude.

Just as a reporter is to interview a General, a BREAKING NEWS flash is seen. The anchorwoman is at the news-desk.

ANCHORWOMAN

Within the hour, we have learned that there has been a shake up in US leadership. The president and VP cannot be found. No foul play is suspected. The FBI and other agencies are searching for them.

Photo shown of Epstein, looking crazy.

MOSIAH

Am I hearing this right?

ANCHORWOMAN

Good chance it was caused by the sex tape scandal. If they cannot be located, Speaker of the House, Liz Hillary will be sworn in.

MOSIAH

What?

Massive sounds of joy explodes throughout the complex.

SUPER - NOVEMBER 27, 2020

INT. SECURED FACILITY - DAY

Mosiah waits as he nervously keeps checking his phone. Decorations reflect the Centennial celebration. Tamika and Kelvin, enter and run to his arms. Tearful reunion. Dagoo-Dagoo looks on, as does Lucinda.

INT. GARVEYLAND CONCERT HALL - DAY

Banners everywhere celebrate the anniversary. The crowd gives a standing ovation to the elderly black man wearing a headband as he leaves the stage, as his guitar is aflame in the background. Bobby Starr, in a sling, rushes to the stage.

BOBBY STARR

Jimi Hendrix, ladies and gentlemen,  
Let's hear it for him.

The crowd roars it's approval. Mosiah, Tamika, Kelvin, Dagoo-Dagoo and his 'extended family' are in attendance, dressed to the nines.

BOBBY STARR (CONT'D)

By the way, Happy Birthday, my brother, Jimi.

(MORE)

BOBBY STARR (CONT'D)  
 You are still the king at 78 years  
 old. I hope y'all at home are  
 enjoying the broadcast.

Workers with fire extinguishers attend to the fiery Fender.

BOBBY STARR (CONT'D)  
 While we restore the floor that the  
 Voodoo Child tore up, we have a  
 special film for you. Now that the  
 anti-CRT LAWS are repelled, America  
 and the world can see the truth.

The film starts. Mosiah elbows Dagoo-Dagoo as the lights in  
 the auditorium go down. The film's title, GARVEYLAND - 100  
 YEARS YOUNG, flashes on the screen.

SUPER - TWO HOURS LATER

As a standing ovation thunders around them, Mosiah and Dagoo-  
 Dagoo stand and take a bow.

BOBBY STARR  
 Yes, yes. Wasn't that something?  
 Excellent job guys. We came a long  
 way, but got farther to go. Right  
 now, we have someone special to  
 take it to the next level.

As Bobby walks off stage, the spotlight is put on another  
 man. It is President Obama. The people applaud and cheer.

OBAMA  
 Good evening, Garveyland. Happy  
 Anniversary to ya.

Then the applause is off the charts.

INT. CAVE SYSTEM UNDER EPSTEIN ISLAND - DAY

In camo-gear, Epstein tends to a campfire as Ghisy gets a  
 lantern lit. She doesn't look happy.

GHISY  
 I was raised as a proper British  
 woman. Not a cave woman.

EPSTEIN  
 Relax. We got it made.

GHISY  
This is barbaric. You couldn't  
find a different place to go?

He moves around coals on the fire, no eye contact.

EPSTEIN  
North Korea was open to us, but ...  
it's way too cold.

EXT. EPSTEIN ISLAND, BEACH - DAY

Commandos deploy from speed boats and spread out across the private enclave. The TEAM LEADER uses hand signals to get the attention of his squad. He points to a cave.

INT. CAVE SYSTEM UNDER EPSTEIN ISLAND - CONTINUOUS

On a lounge chair, Epstein concentrates on his penis enlarger as it does its thing. Ghisy gets a curious look on her face.

GHISY  
Did you hear something? Turn that  
damn thing off.

He does, quickly. Epstein turns towards the entrance of the cave. Flashlights are seen approaching.

EPSTEIN  
Oh, shit.

Pants around his ankles, Epstein stands up quickly, then puts his hands up. The penis enlarger hits the ground and bounces towards the troops.

TEAM LEADER  
IT'S A BOMB! FIRE!

BLACK

RAT-TAT-TAT-TAT! Round after round from assault weapons reverberate throughout the cave system.

EXT. VALLEY OF THE KINGS - DAY

Mosiah, Tamika and Kelvin look upon the ancient Egyptian structures in awe. Selfie are taken. Big smiles, inner joy.

THE END
