- Reference: Steve Papadelis (248-898-2233)

Product Specialist

- Reference: Jena Campbell (Gail & Rice) (248-799-5000)

ACTIVITIES AND SKILLS

- **Divine Child Varsity Pom Pon Competition Team**
- **LINK Crew Team Member:** Link Crew is a high school transition program that welcomes freshmen and makes them feel comfortable throughout the first year of their high school experience. As positive role models, Link Crew Leaders are mentors and

student leaders who guide the freshmen to discover what it takes to be successful during the transition to high school and help facilitate freshman success.

- **Volunteer for Leukemia and Lymphoma Society:** Participant in the non-profit organization to raise money through inspirational speaking and supporting athletic events that people participate in to raise money for research. I am a survivor of childhood cancer, in particular leukemia, and I think it is important for me to give back to all those who helped me.
- **Sibling of Special Needs Child:** My younger brother was diagnosed with Autism when he was 2 years old, he is now 20 years old. Because of his disability, and my mother's job as a psychologist at Building Bridges Therapy Center, I have been exposed to and have helped with therapy groups of special needs children for many years. I have learned how to communicate and support the children as they interact and play with each other.
- **Product Specialist:** Through Gail & Rice, I have done some promotional work with Ford through the "Ford Trends Event" and for the press week of the auto show. For the last four consecutive years have been a product specialist with American Honda representing the brand at national auto shows.
- **Volunteer for Make-A-Wish:** When I had childhood cancer, I was fortunate to have a wish granted through the foundation. Now I do volunteer work as a cancer survivor with the foundation whether it be granting wishes or helping to get sponsors to donate.
