Kénitra, 20 August 2021

My name is Meryem Daykel I am 23 years old, I'm from Morocco I'm currently graduated with a bachelor's degree in development and management in the Higher Institute of Audiovisual and film Professions and I have my professional card as a 2nd camera assistant, I also work as a production assistant and I had some chances to work in many projects as a PA set and assistant director trainee. Those modest experiences helped me to develop my qualities and abilities, and I am always looking for more to enrich my knowledge so that I can create a strong career.

I had the chance to meet in Morocco many international crews in the film industry, and I was really fascinated about the way they work, their creativity and their artist vision and career that they have. That's challenge and courage me to look for better, outside my country.

I am looking for professional experiences and opportunities in an international film industry by starting with small jobs on film crew or having an internship to improve and develop my skills as well as my technical and theoretical knowledge.

My education and passion have led me to be part of a film crew, and I believe that my dedication to field makes me an ideal to profit from a chance, I have dedicated many years of my life dreaming of a creative career and this can't and won't be happen without being closer to professionals and learning from their generosity and their real love for the industry that make it alive.

Punctual, responsible, dynamic and curious, I am ready to be completely involved in the missions that can entrust me if I got any opportunity however small or big is, and I promise that I will not disappoint the trust that will be given to me as an international woman, by assuring Fully fulfil the missions described in the advertisement which will therefore be entrusted to me during the period, to apply all my skills, my experiences and strong affections, and doing my best to endorse that I deserve your opportunity.

Hoping that you can help me just with a small opportunity, and have a positive feedback from you, I would love so much to work with you, being part of your crew, and have the chance to expose my motivations.

Thank you in advance for your time and consideration, and please let me know if you have any questions. You can reach me by email at "Daykel-me@outlook.fr".

Sincerely,

Meryem Daykel
