Testimonials

"Your work is always flawless."

Susie De Santiago, DeSanti Group

"When we had our first real national advertising talent change in five years it was important to find the right feel. Doug can do the spectacle of sound with the best in the biz, but we were looking for a regular guy... but professional mind you... Doug nailed it.

Brian Carnwath, Taco Time

"Doug is an incredibly skilled voice over artist with impeccable skills. With his amazing voice, along with his top of the line studio - you know you will always get the very best when you work with him. I highly recommend him for all of your voice over needs."

Michelle Summers, VP, VoiceCasting - Partner, VOplanet

"Doug is that voice that when heard, one immediately thinks, "Now that is a special talent!". He definitely takes the job of announcer/commentator that many think of as a pretty easy job - and makes everyone realize that it takes great skill and talent, and that he has that talent. Great amounts of effort are dedicated to research, production and proper execution. I certainly hope I never have to go head to head for a job with Doug - I would surely come in second!"

Cory Stem, Loud and Clear Marketing

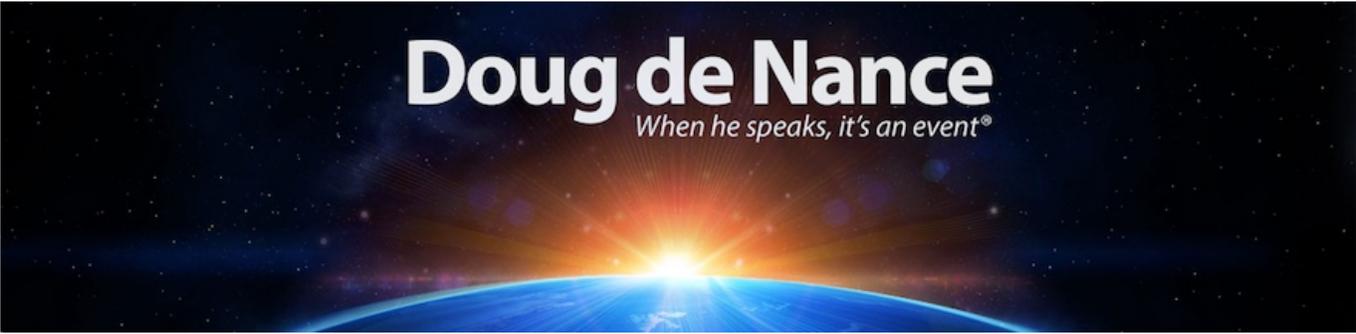

"I really appreciate the care and attention you put into your work and how you are able to charm and impress our customers!"

Neil Scott, President and General Manager - The Edge Communications Inc.

"I started working with Doug when I was launching my company. Doug is an artist and a true professional. We were looking for a unique branding of our company and Doug surpassed all of our expectations. If you want the best in the industry Doug is your man. His voice is pure magic.

Stephen Rider, CEO - Go-Rider.com

Testimonials (continued)

"Doug de Nance is one of the most flexible forms of talent that I have the pleasure of working with. I lead the production team at TELUS and Doug not only brings the right voice, he brings the right mix of charm and professionalism to work. By always coming prepared and ready to voice, Doug helps my people win with our productions."

Nicholas Cartmel, TELUS

"Doug is a special breed of voice talent. I admire incredibly his ability to perform as the voice for Monster Truck Shows for the last 30 years. Doug has the ability to hit the darkest of places like no other.... however, he can also take us on a friendly journey. He knows how to turn on the ladies with his baritone pipes yet use his acting skills when realism is called for and sound like 'everyday guy'...but believe me, his baritone pipes are worth listening to. He's an incredibly hard worker, crafty and knows exactly what he's doing. It is without hesitation that I recommend Doug de Nance.

Debbie Munro, Mic 'n' Me

"Doug developed an audio marketing piece to promote my financial planning practice. From concept to completion, Doug was meticulous in getting it done right. I was very pleased with the end result and the overall experience."

Richard Sheppard, Investors Syndicate

"Doug de Nance is a man's man. I have had the pleasure of working with Doug many a time and he just gets the job done right. He is not just a voice you hear, he a man who you think you already know. He has the charm, talent, and the gift of believability that will give you that professional edge your project deserves."

Gene Cordes, ONE STOP VO

"Doug produced a clear, crisp, punchy recording well in advance of the deadline. Very highly recommended."

Ben Kelly, Managing Director - Alpha Wave Media

"Top-notch voice over quality! Excellent communication and very fast delivery of professionally processed files."

Andreas Giesen, OrangeSed
