SUMMARY

I am an experienced writer, director, producer and an editor with over 10 years of experience. I have worked on Feature Films, Sitcoms, Commercials, Digital Content and Podcasts. My medical background has enabled me to gain deep insights in psychology which I have translated to my filmmaking. I was the creator and host of a YouTube channel which was among the top 10 channels in the country that pushed me into the top comedians of India. My decision to move to the US to attend USC for my masters in film highlights my passion for filmmaking and film techniques.

I have produced and directed two features and a sitcom and I am an optioned writer with Suburban Entertainment with Peter Nelson(Head of Production at MGM) attached as a producer. My project, Open Waters, is optioned by a Dubai based production house, Oceana Studios. I wish to use my varied interdisciplinary experience to aid productions with projects produced with leading-edge technology to drive cinematic excellence.

EDUCATION

University of Southern California, School of Cinematic Arts May 2018
