About Me

Professional ProfileVersatile 2D Animator and Storyboard Artist with 3+ years of experience translating scripts into compelling visual narratives. Specialist in character-driven animation and cinematic layout design, with a unique background in film poster and illustration. Proven ability to collaborate with global directors and musicians to deliver high-quality assets on strict production timelines.

WORK EXPERIENCE

Freelance 2D Animator & Visual Designer

2021 – Present

Remote – Global Clients

- Storyboarding: Developed comprehensive storyboards and animatics for independent films, shortening production time by providing directors with clear visual roadmaps.
- Animation: Produced stylized 2D sequences and title animations for indie projects, ensuring seamless integration between animated elements and live-action footage.
- Project Management: Managed the full creative pipeline from initial concept sketches to final rendered animation for global clients.
- Designed Illustrations, film posters, and promotional artwork tailored to project themes.
- Delivered high-quality animations on time while adapting to a variety of styles requested by clients.

ANIMATION PROJECTS

- Horror Carnival (Short 2D Animation): Designed a stylized horror-inspired animated sequence.
- Traditional 2D Animation Short: Produced hand-drawn style animation focused on character emotion.
- Music Visuals & Animated Covers: Worked with musicians to boost online presence with animated visuals.
- Film Title Sequences: Designed and animated opening/closing credits for indie projects.
