Profile _

I am a filmmaker at heart — a director, cinematographer, and colorist with over 14 years of experience working on feature films, documentaries, and commercials. I recently made Prague my home, a city that moves me with its quiet beauty, shifting light, and gentle rhythm.

Every project I have worked on has been its own canvas, a chance to explore emotion through storytelling and visuals. I was also part of the Netflix series *Daughters of Destiny*, directed by Academy Award-winning filmmaker Vanessa Roth, an experience that reminded me how powerful honesty in storytelling can be.

What drives me most is the moment when a frame stops being just an image and starts to feel. If you are looking for someone to bring sensitivity, depth, and cinematic vision to your project, I would love to connect and create something that lingers long after the credits roll.
