Sixth Chart gained in 1971. Dramatic in adverse aspect to Neptune... Neptune represents pure consciousness - that magnificent something that has no limitations. Allowing to break through the barrier of space and time naturally. This has allowed ability to obtain glimpses into the future for many others and self path. A Very Special God Given Gift.

IMPRESSIONS Did you know when we get future glimpses, many do not make sense until it happens. Some are immediate guidance. We are not meant to know the future exact. Messages are for Faith testing or growth.

Thank you Lord Jesus your unfathomable sacrifice your disciples who suffered to provide Scripture & the Church.
